☞ Among the many testimonials as to the fire proof qualities of HALL, CARROLL & CO'S SAFES, we take pleasure in presenting the subjoined letter from a well-known house at Jacksonport, Ark.:

JACKSONPORT, Ark., May 11, 1860.

MESSRS. HALL, CARROLL & CO.: You no doubt have heard in the papers of the loss by fire of our store-house, together with a large stock of goods on the 25th of March last. The Safe (Hall's Patent) we purchased from you, was in the office on the first floor, and fallen to the ground, together with the building and a large lot of whisky, silk, etc., which crushed an entire half, and which was entirely consumed around it, making a fire for nearly eighteen hours. We would have been willing to risk anything that the whole inside was burned out, but upon opening it, to our great satisfaction, we found that the books, papers and money we had left in it were entirely uninjured. We are fully satisfied with the reliability of your Safes, and confidently recommend them to any person wanting a Fire Proof Safe.

Truly your friends,
