Three Springs will be open for the reception of visitors from May next until October.

The grand-stand expense of the past two seasons has fully confirmed the highest expectations of the proprietor, and cannot speak too in praise of its effects to make them a cold to be given in the country.

The same number of gentlemen and ladies will have been off, all established, but not doubt the case and valuable "cold plunge of clear water. Their spacious, wide and novel air-cooling corridor render it as cool in a great mania is of diseases. The fire Sulphur—the Water Springs, the Chalybeate, the Magnesia, the Lithia Chalybeate, and the Spring Pure water are within the laws and rules of health.

Bathing here by the plan adopted is brought into full competition with the so justly Warm and Hot Springs. The water heated in the boiler by a steam pipe, the heat uniformly raised high enough to produce the same effect as applied in the Springs of Germany without the loss of one of its medicinal properties.

The cold and warm baths are sub-divided and separate. The grounds, and water about 150 acres, divided between lawn and woodland, are tastefully laid off into walks and drives.

A Telegraph office has been permanently established, connecting the Springs with all parts of the country.

A Livery Stable stocked with horses and carriages, is attached to the grounds.

Clark & Remington's photographic gallery, corner Main and Madison streets, entrance through the jewelry st. ce. Photographs, ambrotypes and daguerreotypes. Call and examine specimens before purchasing elsewhere.

POLICE BUSINESS.—In the history of our police annals there has never been so many delinquents in one one report as appeared yesterday on the docket. The chain-gang received a heavy accession to its ranks.

And the naked shall be clothed, and a most shell robbed, now is the time for the thin clothing of all kinds and styles. Next door to the Eastern Bank, on Jefferson street, Tilles, Robinson & Co., will serve you right.

THE KENNEDY AFFAIR.—We have already given many of the particulars in connection with the shooting of Kennedy, of this city, in Cleveland, Ohio. We have, however, received a new modification from Dr. Y. S. Marshall Brown, contain ng further details which we will publish to-morrow.

The superior finish of Vassallo & Co.'s life size pictures, as the few prices charged for them, are the cause of the immense rush at their gallery of art, No. 282 Main street. They fully deserve the large patronage they receive. They give full satisfaction. Call on them.

HEAVILY FINED.—John Gaskin, who keeps a saloon on Madison street, near Market street, charged with fighting and resisting the police on Saturday, an amount of whisky arrived we have Sunday, was fined five dollars by the Recorder yesterday. The accused took an appeal in the case.

RETURNED.—Our respected friend, Col. Pallister, has returned from an extensive swap and wonders tour, in which we have kept time he has been absent. He observed with regional care the workings of the railroads in Tennessee, and brought home an wonderful information in lieu of bacon.

TO SOUTHERN DEALERS AND CONSUMERS.—We invite attention to the card of Mr. M. S. Marks, a commission merchant, Exchange Buildings, St. Louis. Mr. M. has made special attention to such business, and we can assure our readers that his business in this line will be faithfully and carefully attended to.

AN AUTHOR TURNED LEGAL.—The Louisville Journal informs us that Chas. D. Kirk, Esq., the well known literary author, has turned his attention to "Winking and Warring in the Wilderness," has succeeded the late Mr. Bryce in the legal department of that paper. Mr. Kirk is experienced as a newspaper writer, and is no longer a participant as he is therefore sure to be successful.

THE OPENING FESTIVAL.—The first entertainment of the season of the Fall River Band, for the benefit of the Cumberland Presbyterian church, will be given under the management of the ladies of that congregation this evening. We have looked forward to these festivals, for not to be a few during the season, with pleasure and hope. We hope the ladies will have the kind encouragement of the ladies under whose auspices they will be given.

INDIGNATION MEETING.—A meeting of those who feel incensed at the conduct of his Honor, Commissioner, Gen. Denver, of Ohio, for refusing to continue the regulation of our Marine for the custody of Stephen D. Kennedy, of this city, who is charged with a murder in Cleveland, Ohio, will be held at Exchange building, on this evening. We trust that all indignation of our citizens, in view of the Brownlow and Freedom-loving conduct of Gen. Denver, will be forcibly and fearlessly expressed.

CELEBRATE DELICIES.—Quite a stampede was yesterday afternoon in the direction of the celebrated Ice Cream Saloon, in which we have seen it was confirmed. When the man who supplies the inmates with their meals entered the apartment, he was knocked down by a little, athletic woman named Mary Kelly, who had overcome her husband and mastered him. She was pounced in the direction of the watch of W. if river, and finally retaken, after leaving in a desperate resistance.

SERIOUS STABBING AFFRAY.—An affray occurred at Patrick Cormy's boarding house, on Washington street, Saturday afternoon, between two laborers named William Bowser and Joe Kavanagh, during which the latter received an ugly cut in the abdomen and fell into the wound in the left breast, which it was thought would prove fatal. Bowser escaped and was pursued and captured in the lower quarters of the city.

BANK OF WEST TENNESSEE.—In Memphis there has always been a lack of commercial efforts, arising out of prudence for capital on a cheaper plan. The branch Banks created their own accommodation, and the money was made to circulate—prudence and ability to withstand. The people acting in the spirit of our own interest more well in spell the prices of stock shares being for sale, who had no interest in our prosperity. It is with pleasure we state that the Bank of Memphis has created a 10 dollar. Our merchants have put their shoulders to the wheel and have determined to barter their own bank. Beside an ocean issue that is now issued, in accordance with a charter obtained from the State Legislature, the Bank of Memphis issues as their own property, the charter of the Bank of West Tennessee. Twenty-five banks were opened for subscription to the stock of the bank, the amount of a million and a half of such pounds were subscribed in a day. The note issue is analogous in their very back, and not right more than three hundred thousand dollars had been subscribed. This is a good beginning. The bills at the Memphis agency are due in 2-60 days.
