HO! FOR OLD POINT COMFORT!

THIS attractive WATERING PLACE, celebrated for its health restoring qualities, its air, and its bathing, as well as the fixed fish and oysters of the Virginia waters, is now by means of the chain of lands connecting Norfolk with Memphis within the reach of all who feel disposed to avail themselves of these pleasures.

Through tickets to Old Point can be procured at the Memphis and Charleston Railroad office.

Upon the arrival of the passenger at Norfolk, a swift and commodious steamer is ready to convey him at once to Old Point.

The 45 to 60 steamer from Norfolk is exceedingly pleasant, occupying about seventy minutes, and affording a fine view of the harbor, while a few miles below, the combined forces of Great Britain and France assembled and crippled by the types of time, are interesting reminiscences of the last struggle with Great Britain.

On the same steamer, and within the same time, the expanse of bay and ocean opens into view; on the left is the village of Hampton, including the Seminary, built by the gift of quiet regard; ahead, Old Point, with its fortification and shipping; to the right, Sewell's Point, Monroe and the Rip Raps, the grim sentinels, keep watch and ward over the quiet scene. my29-eod1m

TO CANDIDATES AND THEIR FRIENDS.—It is proper to state that all cards upon gentlemen to become candidates for offices are charged for as other advertisements, and must be accompanied with the cash to secure their publication.

PERSONAL.—Capt. E. E. Dill and Mr. John S. Toof, of this city, were in St. Louis Tuesday.

SAILED FOR EUROPE.—Mr. R. Duffey, of the lower city wharf-boat, sailed for Europe on board the *Peveia* from New York on Tuesday.

WARD MEETING.—The citizens of 4th ward are requested to meet at the room of Farrington & Fackler this evening, June 7th, at 8 o'clock, to nominate two candidates for alderman.

FAMILY VEGETABLES.—Green corn and ripe tomatoes are among the luxuries which our friend Capt. John T. Shirley is enjoying at present. They are of this years' growth, and the product of his own garden.

WRONGFULLY STATED.—The statement in the city papers yesterday to the effect that F. Norris had been arrested for larceny, was erroneous. He is an honest mechanic, and the only charge against him was disorderly conduct.

ARREST.—The police made a number of arrests last evening. Of the number arrested, Chas. Moore was taken into custody on the charge of firing a pistol in the corporation and W. A. Eastman was incarcerated for stealing a skiff.

COLLECTIONS.—An advertisement published in another column informs the mercantile public that Mr. E. H. Hall, agent for Herring's Safes, is about starting on his annual tour through Arkansas, and will attend to business and make collections.

PIGEON LOST.—A white pigeon spotted with black, with pink legs and feet, the tail pulled out, and answering to the name of "Katy Darling," strayed away from its owner yesterday. Any one who will bring it to the APPEAL office will be handsomely rewarded.

THE HOUSE FOR THE HOMELESS.—The officers of the House for the Homeless made $50 for that institution by attending the auction of China, silver-plated, Bohemian and cut-glass ware, at 26 Main street, on yesterday. The last sale is at 10 o'clock Friday, when everything must go, and great bargains may be had.

SLAVES ARRESTED.—Owners of slaves would avert trouble if they would only bear in mind the provisions of the ordinance which requires servants out after nine o'clock at night to have passes in their possession. No less than three negroes were taken into custody last night for violating the ordinance alluded to.

THANKS.—To that excellent and well managed institution, Adams express, and to its gentlemanly agent in this city, Hamilton Borden, Esq., we are indebted for continual favors, as we are receiving constantly from them valuable exchanges in advance of the mail. We also thank Mr. Smith, news agent of Grand Junction, for late New Orleans papers.

AN OLD CITIZEN GONE.—Last evening Mr. A. G. Knapp, of the firm of Curtis & Knapp, immediately after having brought into his house a pitcher of water, suddenly fell and expired. The cause of his death was disease of the heart, from which he has long been suffering. Mr. Knapp was greatly respected, and we understand that the mechanics of the city are likely to meet and express their feelings upon the subject.

COL. KIRBY'S ACCEPTANCE.—Yesterday's issue contained a note from Col. Richard M. Kirby accepting the call as a candidate for alderman in the Fifth ward. Without desiring to discriminate in favor of any particular aspirant for that position, we hope it will not be regarded as improper to say that no gentleman in the ward is better qualified for it, and who, if elected, will exert himself more assiduously to represent the interest of his constituents; and his popularity keeps pace with his merit and qualification.

DROWNED.—We regret to announce the death by drowning of two young men of this city. The sad accident occurred last evening at the foot of Beale street. The young men, Edward F. Gage and H. H. Kimball, respectively nineteen and twenty years, were bathing in the river, when the former ventured beyond his depth. Mr. Kimbal no sooner heard his companion's cries for help than he went to his assistance; and in the struggle both were drowned. Their bodies had not been recovered at a late hour last night. Mr. Gage was a mail clerk in the *Bulletin* office, and Mr. Kimbal was the son of the well known cotton factor by that name.

WHAT IS THE REASON FOR IT.—There never was such a time for profitable investments in city and suburban property as the present. The dust and heat is almost insufferable, and busy buyers will not leave their cool retreats and the shady side of the streets where they whittle away their existence and goods boxes for the purpose of making trades which will enrich them and their children. The active and energetic have everything their own way. Without competition they buy at their own prices, and we would advise our people that now, if ever, they should shake off the lethargy which paralyzes their energies and attend the three or four remaining sales of the season. They are sales that must and will be made, and that of to-day of the Robert S. Smith property is surely the most attractive yet presented. The lots are just east of St. Agnes academy, on Vance and Walnut streets, at their intersection. They are unequaled for beauty and for advantageous location—fifty yards from the city limits. Monsarrat, Dupree & Co. sell at 10 o'clock. Take an omnibus from 262 Main street.

Sixth Ward Meeting.

At a meeting of the citizens of the 6th ward held in the shoolhouse in Pontotoc street, for the purpose of nominating candidates for aldermen.

On motion of J. Halsted, Capt. Simon Bradford was called to the chair, and on motion George Stovall was appointed secretary. A motion of James Craft, Esq., to appoint a committee of five to nominate was voted down. When nominations being in order, R. D. Brown Esq., nominated John Martin as a candidate for alderman, and on his further motion, the nomination was carried by acclamation.

Col. Watt nominated C. B. Frasier, Esq. J. Halstead nominated D. Townsend.

When, on a vote, Frasier was declared nominated.

On motion the meeting adjourned.

S. BRADFORD, Chairman.

GEORGE STOVAL, Secretary.

DEMOCRATIC MEETING.—There will be a meeting of the Democratic association at their head quarters, on Adams street, (over the Tunnel) on Saturday evening next, at eight and a half o'clock. All Democrats are invited to attend. WM. H. CARROLL, Pres.

H. M. LOSHER, Sec.

MEMPHIS, June 6, 1860.

To the Voters of Second Ward.

The city requires that I should be a resident of the ward six months before being qualified to act as an alderman for the ward. Therefore, I am compelled to decline being a candidate. Very respectfully,

CHARLES SCOTT.

June 7th, 1860.

☞ Gentlemen, please remember that the place to buy all kinds of clothing and furnishing goods, has moved to the greatest extent, is Brunner, Rothschild & Co., next door to the Planters' Bank, on Jefferson street. Good goods well made, and selling cheap.

Old Soldiers, Attention!

There will be a meeting held at the office of Dr. P. M. Dickinson, at 4 P. M., on Thursday, the 7th, for the purpose of organization.

Col. A. W. PATTISON, Commander.
S. P. HADLMAN, Secretary.

CITY SCHOOL EXAMINATION.—The annual examination of the Senior Female school, of Mrs. Hale, will take place on Thursday next, between 2 hours of nine o'clock, A. M., and one o'clock, P. M., at the school room, in Court street. The public are respectfully invited to attend. Mrs. Hale is one of our most excellent teachers, and the exercises at her examination are expected to possess the highest interest. 21

COUNCIL MEETING.

Council met in regular session last night, the president in the chair.

A message from the mayor was read, giving some financial statements, and recommending various improvements.

The chair announced that he had a petition upon the street railway, which should go to a committee.

Ald. Perkins wished the board should go on with its regular business.

The president gave way.

Ald. Perkins, from the committee on accounts, offered a number of accounts; those of city officers and some others were ordered to be paid.

Judge Hood asked how it was about the retention of a portion of the salary of the chief of the fire department, Mr. Jewell.

The chair stated that a resolution had been passed to retain a portion of his pay.

[This money is to go toward refunding the unexpended portion of $2,000 voted by the board a year ago to build an engine house on Dellaire street for company No. 7.]

In reply to a question from Ald. Barnett it was stated that Messrs. Elder, Jones and Perkins were the members of the committee on accounts, but owing to the absence of the rest of the committee, Ald. Perkins had the whole of the duty to perform.

A bill for medicines from Messrs. Farnsworth & Co. was referred for payment to the Memphis dispensary.

Ald. Lofland, from the committee on Navy Yard, stated that all the city property in the Navy Yard was found safe.

A petition was received for a committee to examine and test the patent roofing.

Ald. Ferris said some of it caught fire to-night and all the water throughout the city would not put it out.

Ald. Hamilton believed it a good thing; he had its rain tested by one of its agents. The subject was referred to the fire committee.

A remonstrance against petition was referred to a special committee on that subject.

A petition was read from Mr. Tucker asking leave to erect a brick, or stone, or iron addition to his tanks on the bluff for a bath. Granted.

Ald. Morgan offered a petition to have a cistern near the sugewalk filled. Granted, the petitioner, Mr. McKirway, paying half the expense.

Ald. Griffin offered a resolution to grade Robinson street from Winchester to Hill street. Carried.

Ald. Perkins offered an ordinance for the paving of Adams and Madison streets with blocks of solid stone of nine inches deep, seven and eight inches broad, and seven, eight, nine and ten inches long, to be laid diagonally in gravel. Passed a first time and ordered to be printed.

Ald. Lofland offered a resolution complimentary to J. N. Young, Esq., as an officer and a man, on his retirement from the city engineer's office.

Adjourned.

DESTRUCTIVE FIRE.—A fire occurred about six o'clock last evening in the foundery of Messrs. Brooks & Gainer, near the corner of Main and Poplar streets, which destroyed property to the value of about $15,000. With alarming rapidity the flames spread to the blacksmith shop of Mr. Morgan, on the west, and to the adjoining buildings on the east, occupied by Messrs. R. A. Spicer and Isaac Gross, family grocers, R. H. Williams and A. Ratto, keepers of drinking-saloons, and N. D. Wetmore, jr., the proprietor of the adjoining livery stable. With the exception of the loss of Messrs. Brooks & Gainer, the stock in all the buildings were saved, together with the horses, vehicles, etc., in the stable of Mr. Wetmore. The loss of Messrs. Brooks & Gainer was about $7,000, upon which there was no insurance whatever. This loss includes their patterns and machinery. The bare walls of all the buildings were left standing. The corner house and the building adjoining, occupied as drinking saloons, were owned by Messrs. Hawley and Martin, whose loss is covered by insurance. The livery stable building was the property of Mr. C. C. Maydwell, and was not insured. The foundery building was owned by Mr. A. J. Woodruff, and the blacksmith shop adjoining was the property of Mr. H. D. Cowell. Mr. Wetmore's business was in the hands of his energetic agent, Mr. H. L. Cleveland, in Mr. W.'s absence, and we are authorized to say that he will have a temporary place of business in a day or two. Mr. Wetmore was fully insured in the home office of New York.

DIED AMONG STRANGERS.—An old gentleman, named R. Boyd, who arrived at this city yesterday by the steamer *New Falls City*, from New Orleans, died very suddenly last evening in a carriage in the vicinity of the Exchange building, whither he had been taken preparatory to gaining permission to be sent to the hospital. The trunk of the deceased was marked, Wilmington, N. C., and the officers of the boat represented that he had been to Havana in search of health. His effects are in the hands of his honor Mayor Baugh. The body was interred last evening.

EXAMINATION OF KENNEY.—Our readers are all familiar with the disabilities under which the man Stephen G. Kennedy is resting. We have already given an account of his arrest in Cleveland, Ohio. Kennedy was brought to this city Wednesday evening, and had an examination before Esquire Horne yesterday on the double charge of stealing his wife's negroes and jewelry. He was acquitted. However, of the charge of stealing the jewelry, but committed for final trial in default of $2,000 bond on the charge of stealing the slaves.

NEGRO SHOT AND KILLED.—A negro belonging to a gentleman named Morgan was shot yesterday morning before daylight, as it is alleged, while in the act of breaking into the residence of Mrs. Black, near the Winchester cemetary. Martin Black and a companion named H. G. Foster, were in the house at the time, and saw the negro in the act of entering the house, when one of them fired upon him with a pistol, the shot taking effect and causing his death soon after. Black and Foster were both arrested, and will have an examination.

ACCIDENTAL SHOOTING.—Considerable excitement was occasioned at the corner of Main and Madison streets last evening by the accidental discharge of a pistol in the hands of officer Coulter. The officer was in the act of arresting a slave belonging to Mr. Wilkerson, hired to Mr. Maas, who proved refractory. The pistol was discharged when the officer was in the act of taking the negro.

AGRICULTURAL CHANCE.—For the once the guests at the Gayso House are taking their meals at present in the hall room of the hotel, the most admirable hall for the purpose for which it was designed, in the South. The change is an agreeable one, as the room is cool, and comfortable. In the meantime the regular dining-room will undergo some needful repairs.

EXCURSION TICKETS.—We invite the attention of persons intending to visit Baltimore during the session of the Democratic national convention to the inducements offered by the Memphis and Charleston railroad company, who propose to sell tickets for the round trip at half price—said tickets to hold good fifteen days from the date thereof.

PEACE WARRANT.—Mr. Hock, the druggist, and Wm. Miller, were examined before Esq. Horne yesterday, on the merits of a peace warrant, sued out by Dr. R. L. Laski, one of whom had assaulted the Doctor. Each of the accused was required to give bond to keep the peace toward the complainant in the sum of $250.

THE FIREMEN'S TROUBLES.—Thos. Stokes, late captain of fire company No. 6, and officer Hazleton, of fire company No. 3, were examined before the recorder yesterday, on the charge of participating in the late firemen's riot in this city. Stokes was discharged, and Hazleton was fined ten dollars.

DISCHARGED.—Jas. Brewer, the man charged with causing the death of Kavanaugh, at a boarding house on Washington street, by a stab inflicted on Sunday, the 26th ult., was examined by Esquire Horne yesterday and discharged, it appearing that the stabbing was done in self-defense.

Dr. A. P. Merrill.—We are gratified to learn that this gentleman has acceded to the wishes of his friends and consented to become a candidate to represent the Fourth ward in the board of aldermen.

THE TELEGRAPH.—Owing to the heavy storm in the latitude of Louisville, the telegraph wires in that direction were prostrated. As a consequence we are without our usual telegraphic news from that quarter.

RE-ARRESTED.—Dr. Chas. Elliott, charged with abducting a little daughter of Mr. English, and indicted at the last term of the criminal court, was arrested in the suburbs of the city yesterday.

SUDDEN DEATH.—Alvin G. Knapp, of the well-known firm of Curtiss & Knapp, died suddenly of apoplexy in this city yesterday.

The Pacific Railway.

WASHINGTON, June 6.—The select committee, appointed for the purpose of considering the expediency of a line of railway to the Pacific, held a meeting yesterday. An amendment was introduced, and carried, inserting the Southern Texas, Rigolo and San Diego. During the deliberations of the committee, the question arose whether the friends of the extreme northern route could move an amendment in the House. The chairman replied that he would call the previous question, thus shutting off all amendments and debate. This satisfied the question as regards the southern road. A motion was then taken as regards the amended bill to the House, which was rejected.

Louisville Market.

The Louisville Courier of Tuesday reports:

In the general market there was but little doing to-day. The demand for Flour is small, at $5 @ $5 25 for superfine, and $5 25@$5 50 for extra family brands. Grain—receipts are light, and demand only for shelled corn, which is selling at 60@65, sacks included; we quote ear at 50c. Wheat is in demand at $1 20@1 40 for prime to choice red and white. There are but small sales of barley and rye at nominal for the former and 60c. for the latter. Whisky is dull, with sales at 19c. There was some excitement in the provision market to-day. An order was received from New Orleans for 1,000 tierces pure leaf lard, which caused some demand for that article, and we understand 400 bbls. were sold, but the large of the sale have not transpired. There continues a good demand for bacon and the market is firm with an upward tendency, and all advances of ¼ @¼c. was realized. The market closes firm at 10½c. for transactions in sugar cured small, to 10 particular crews, 9c. for shoulders, 10½c. for ribs sides, 11½c. for clear ribs sides, and 12½c. for clear sides. Nothing doing in Lard.
