RIVER AND STEAMBOAT MATTERS.

RIVER, WEATHER AND VARIOUS.—The river is rising at the rate of four inches in twenty-four hours at this point. The Ohio is falling, with five feet ten inches water in the canal at Louisville yesterday. The Mississippi was rising very slowly at St. Louis, Friday. Nothing of moment best to Cairo, since first to Keokuk, few feet on the lower rapids, and six inch bait feet on the upper. The Illinois is stationary, with three feet on the river here, and the Missouri is about stationary, with a fair quantity for up to Kansas and from. The St. Francis River refuses and remaining very low. There has been a slight rise in the Arkansas at Dardanelle, so we learned coming from Little Rock, at which place the river was falling, with nine feet on the shoals Friday. The weather was clear, and and pleasant yesterday. Business has been very dull during the past week, and closed in the same condition yesterday.

TELEGRAPHIC.—The Ohio was reported falling at Louisville, yesterday, with five feet six inches water in the canal.

ARRIVED AND DEPARTED.—The Ben Lewis from St. Louis, and the W. H. Langdon from the St. Francis river, were the only regular packet arrivals yesterday. The Lewis brought a large number of boats, cars, boats and other property. The Langdon's manifest embraced a consignment of cottonseed and other freight. The local departures embraced the Ben Lewis for St. Louis, the Victoria for Tiptonville, the Dove for the Arkansas river, for Mississippi for Cincinnati, and the A. W. Quarrier for White river. They all went out with full passenger lists, but rather light freights. The transient arrivals and departures were as follows: John Rabe from Louisville for New Orleans; Jno. Thees from New Orleans for Louisville; the Eastport from New Orleans for Nashville, and the Ed. Walsh from St. Louis for New Orleans. The Belle Simmons, a crazy looking little craft, passed up yesterday.

INCIDENTS.—There were only a few bales of cotton received by river during the past week. The shipments for the week ending last evening embraced 812 bales, which amount was taken for the Ohio river.....It will be seen by reference to the card of Messrs. Thos. H. Williams & Co., the agents, that the steamer Choctaw, Capt. D. H. Silver, will commence her regular trips in the Memphis and New Orleans trade Wednesday, September 12th, leaving this port every alternate Wednesday. The Belfast will leave this port every alternate Friday during the season, which, with the other boats that will enter the trade then, the opening of business, will insure all the tonnage in the trade that is desirable. Capt. Silver was in the city yesterday, making arrangements for the fall campaign, and will leave for Vicksburg and New Orleans to-day, thus anticipating the arrival of the Choctaw at New Orleans.....Captain R. H. Hill arrived from St. Louis yesterday, having made arrangements for the transfer of the steamer Belfast to the Memphis and New Orleans trade. The M. will leave St. Louis for Louisville in a few days with a cargo of hemp, and will remain there until her guards shall have been widened and she shall have otherwise been fitted for the Southern trade.....Mr. Swanger will lay up at Cincinnati for repairs upon her arrival there.....

Mesars. Dockwell and Frenell and Thos. Murdoch, of Cincinnati, have bought the old Kate French, at Louisville, on their way down. Her purchasers will have her put in a new hull.....Local inspector N Cook left this city yesterday for Louisville, to take charge of the steamer Sam Lewis.....Capt. Jno. T. Bourne, of the lower wharf-boat, left this city yesterday for St. Louis on the steamer Sam Lewis.....The General Pike was due from Louisville last evening, and will leave for that port again to-morrow.....The Belle Simmons left Cincinnati for this port Thursday with 350 tons freight, including 25 horses.....The owners of the Belle, in the Evansville line, and the Lucinda, No. 2, plying in St. Louis, have swapped boats, the latter receiving some boot, but the amount has not yet been determined. The Belle and Lucinda will be ready for relaunch.....At a meeting of stockholders, held in Pittsburgh, last Wednesday, a committee, consisting of Capts. Bellhouser, Martin and Robinson, was appointed to draft a constitution and by-laws for the association governing the Pittsburgh Captains' Benevolent Association.....

The Cincinnati Commercial says that steam was raised for the first time Thursday, on the Cincinnati and Memphis packet, the Franklin, the machinery performing to a charm.....The wreck of the sunken Belle has drifted directly into the main channel, below the mouth of the canal at Louisville, and will form an obstruction to navigation if it is not removed before low water.....Capt. Parker and R. M. Robins of the Dew Drop, have purchased the steamer Le Crosse for the Upper Mississippi trade. The price paid was $10,000.....Capt. Frank Hicks and Mr. Alex. Wardell, late of the Victoria, are in the city.....The splendid new steamer J. H. Dickey, Capt. J. H. Marshall, will leave for St. Louis at the usual hour to-morrow afternoon, she being the regular mail and passenger packet, and the most charming boat in every respect in her line.

St. Nicholas Hotel,
BROADWAY, NEW YORK.
WHEN completed, six years ago, the ST. NICHOLAS was universally pronounced the most magnificent, convenient and thoroughly organized establishment of the kind on this continent. What it was then, it remains to-day—without a rival in size, in completeness and in the general elegance of comfort and adjustment. The hotel has been refitted throughout, refurnished, refitted, including one to afford complete suites of apartments for families. Its unrivaled cuisine can be comfortably seated at the tables of its three public dining-rooms, and nothing that modern art has devised for the convenience and social gratification of the travelling public has been omitted in its plan, or neglected in its practical details. The results of all this have been at home and abroad, derived from its magnificent appointments, and its home-like comforts and luxuries, has been enhanced every year by the unwearied exertions of the proprietor.
