RIVER AND STEAMBOAT MATTERS.

RIVER, WEATHER AND BUSINESS.—The river opposite this point is falling slowly, with a good stage of water from this point to the gulf. There is scant eight feet in the channel from Cairo to the mouth, and full eight feet on the shoalest bars between that point and this. The Illinois river is falling steadily, with 18 inches between Peoria and Lasalle. The upper Mississippi is falling, with 4 feet in the upper and 48 inches in the lower rapids. Below Keokuk there is a foot water. The Missouri river is falling, with about 6ft feet on the bars from Weston down. The weather is very hot, and business on the landing dull. The river is falling at Pittsburg, with 5 feet in the channel. At Wheeling there is 6 feet, and at Marietta and Huntersburg there is 4 feet in the channel. At Cincinnati the river is falling slowly. The lower Ohio is falling, with 8 feet on the shoalest bars. Yesterday was without doubt the warmest day of the season, the thermometer at one time having reached 100 degrees. Business on the landing was lively and moderately active. We did not get the exact number of bales of cotton shipped from this point during the past week. They will, however, not exceed 200.

ARRIVALS AND DEPARTURES.—The Stella Blanche, a barkout from below, passed up yesterday..... The New Falls City, from New Orleans for St. Louis, passed up yesterday with a good freight and passenger list..... The T. G. Moffitt, with a good freight from St. Louis, passed down for New Orleans..... The J. D. Perry, from St. Louis, arrived yesterday morning and moored in the stream. She brought in a good freight, consisting in part of 8,000 sacks of grain, 130 sacks and 500 barrels of flour, 285 bales of hay, 200 coils of rope and 200 bales of flannel..... The Hillman cleared for St. Louis last evening with a fair trip..... The Victoria has one of the finest trips of the season, taking oil as part freight 200 kegs lubricating and 300 bales of cotton.

INCIDENTS.—The following rates of freight have been established between Louisville and Memphis: Pound freight 30c; pork 40c; lard, tc., 75c; lard, kds., 75c; whisky 75c; flour and potatoes 40c; corn 25c; beeswax $5; molasses $5; sheep 75c; cattle $5 ..... There are three steamboats now building at the shipyards at Madison. At the marine railway there are two—one for the St. Louis and Alton packet trade, built for speed, is planked and almost ready to launch. Capt. Wilson's new boat, Fanny Forman, for the Red river and Bayou Pierre trade, at the same yard, is framed, hull and cabin, ready for the plank. She will be ready to launch in three or four weeks.

At the Dry Rock Company's yard they have the frame of a boat on the stocks for the Kentucky river trade..... McNeil, the sycophant of the lowbred Defiance, was shot by Capt. Hellman, of the lowbred St. Charles, on the 29th ult. The captain killed him in self-defense, it is said ..... We regret to learn that a citizen, from the vicinity of Madison, died very suddenly on the Princess at Madison Wednesday evening. He had the consumption, and in company of his sister and others, was traveling East for his health. In five minutes from the time he got on the boat he was dead.

TRUSTEES' SALE OF VALUABLE LAND.

BY virtue of a deed of trust dated April 20, 1858, to secure the payment of the bonds of the Memphis Hotel, which deed is recorded in Shelby county, in Deed Book No. 6, on pages 425, 426, and 427, and in Tipton county in Deed Book M, on pages 420, 421, 422 and 423, we will, on the first Monday in September, at Harrison's store, on the premises, within the usual sale hours, offer for sale, at public auction, to the highest bidder, for cash, the following lands of land, and by said deed of trust described and conveyed, to-wit: Beginning at an iron post in the north-east corner of the Holley 640 acre tract, and running thence east 240 poles to a stake; thence south 160 poles to a stake with and over 110 poles to a stake with three ash poplars; thence east 240 poles to a stake near a small branch; thence south 160 poles to a stake with 120 poles in the beginning; containing by estimation one hundred and eighty acres, more or less, lying in Shelby county, Tennessee, and being in range five, section five. This tract has upon it a good two story house and other out-buildings, a good orchard of 60 acres, cultivated, a good stock farming mill, with three sets of burrs, two of which are 30 inches in diameter, a cooper's shop, and all necessary accompanying out-buildings for plantation purposes.

With the said lands we will sell all the improvements, buildings, fixtures and appurtenances. In said deed of trust the right of redemption is by the parties expressly waived, and said lands will be sold accordingly; but nevertheless, in a deed of trust to Mat. Nelson, to secure $1700 of the original purchase money. Except this remembrance, the title is believed to be good; but we will convey as trustees only.

HENRY CRAFT,
WILLIAM MILLS,
Trustees.
