All Democrats are invited to attend these meetings. Public documents, papers, etc., will some be found at the headquarters for distribution. Apply to H. C. Young, E. W., or E. C. Lemoyne.

AWARDED.—The contract of uniforming the police has been awarded Messrs. Wagener & Cheek. The uniforms are to be furnished by the 1st of October.

To GROCERYMEN.—Grocery merchants in want of a good book-keeper or clerk would do well to respond to the advertisement of A. B., in another column.

☞ Several good wood workmen can find employment at D. McComb & Co.'s plantation machinery establishment, by calling at their office, 141 Main street, above Washington.

RESIGNED.—N. B. Forrest, Esq., member of the board of mayor and aldermen from the Third ward, has resigned his seat. Mr. Forrest was chairman of the finance committee, a position which he filled with much ability.

DROWNED.—A man named John Quick, who resides near Delta, below this city, attempted to cross the river in a skiff day before yesterday, and was drowned. His body was not recovered.

POSTPONED.—On account of other meetings, the Mechanics Douglas club will not meet this evening, but will assemble as usual, the succeeding Saturday night. We make this announcement by authority of the President of the club, W. P. Lewis, Esq.

SECOND BALE OF COTTON FROM ARKANSAS. The second bale of new cotton from Arkansas was received per steamer *Victoria* yesterday. The new bale, which is a fine specimen, is from the plantation of Gen. B. Colling, near Gaines' Landing, and was consigned to Messrs. Patrick & Co., of this city.

FALSE ALARM.—The firing of guns on the opposite side of the river evening before last, was the occasion of the alarm of fire. Our neighbors were out jollyfying in consequence of the election, for sheriff, of Holloway (Dem.) over Bray (Opp.), the present incumbent.

RAIN.—Thanks to the kindness of a beneficent Providence, our city was yesterday morning visited with a most welcome and refreshing rain, which, for a week past has been greatly needed. The parched and dried atmosphere was pleasantly cooled, and all nature breathes freer.

PROGRESS.—The rapidly increasing commercial prosperity of our city has not been without its effect upon the appearance of our business thoroughfares. On all sides we find new and handsome offices, business houses etc., springing up, which are a credit alike to their owners and to our city.

MESSRS. PARKER & DASHIEL, COMMISSION MERCHANTS.—See the card of these gentlemen, who have opened a cotton and tobacco commission house on Front Row, between Jefferson and Court. Mr. Dashiell has been long known in Memphis. Mr. Parker is from Byhalia, Mississippi. We commend the firm to the public.

HIGHWAY ROBBERY.—Late last evening, we learned that a countryman who was returning home from the city, was attacked near Jackson mound, by a number of scoundrels, who infest that locality, and terribly beaten. The gentleman's pocket-book, containing about forty dollars in gold, was taken from him, of or which the robbers fled, leaving their victim senseless and moneyless.

FOOTSLIPS.—At no time of the year can persons be more careful in walking upon the streets than its, it having become such a seemingly incurrible caution for all to cast the rinds of fruit upon the sidewalks. The rinds of melons, peaches, pears and the remnants of fruit of every seasonable variety lie scattered along every pathway, inviting the unwary pedestrians to a sudden tumble or slip.

SHOOTING AFFRAY.—We learn that on a late trip of the *Superior*, from Louisville to Cincinnati, a passenger of the name of John Moore, a former resident of this city, had a rencounter with some of the deck hands on the boat, and shot one of them in the throat. His pistol was then wrested from his grasp, and he, in turn, was shot with his own weapon, the ball, luckily, missing his head, but carrying away a portion of his ear. It occurred near Ghent, where Mr. Moore went ashore and underwent an examination, but was discharged, as no one appeared to testify against him.

THEATRICAL.—From present indications the approaching season at the new Memphis theater will far surpass in talent and brilliancy any that a Memphis audience have yet witnessed. Manager Thompson, who is now in New York, has, we are pleased to learn, succeeded in secuing a most excellent stock company, and has made engagements with all the stars of the first magnitude. Apropos, Edwin Forrest is advertised to appear in New York this winter. Cannot we have the pleasure of seeing the great tragedian again in some of his best roles before his final retirement from the stage?

SMOKING.—A gentleman yesterday received a letter from his wife, who is sojourning at the springs, and was immensely shocked upon reading the last words on the first page, which were, "Our poor, dear husband, with a little Tommy's neck is broken." The husband, thunderstruck, was about to rush frantically into the street, and strike for a steam engine to blow him into atoms, when he turned over the second page and read "out with the measles." A quiet grin diffused its joyful spirit over his relaxing features, and he inwardly laughed, and wondered if it really was his lovely wife's facetiousness, or an accident in writing, that so nearly broke his heart, as well as Tommy's neck, to the bottom of the page.

THE FIRST BALE OF TENNESSEE.—Messrs E. M. Apperson & Co. yesterday received from the plantation of Henry Parrish, Esq., of Fayette county, in this State, the first bale of cotton this season from Tennessee. This is the earliest bale that ever arrived in this market from this State; the earliest date of any previous arrival was the 13th of August. The cotton classed as third-middling, it was a fine bale and very creditable to its gentlemanly and popular grower. A demijohn of the best brandy was presented to him by Apperson & Co. as a premium for the earliest bale in the State. The same firm presented a similar premium for the bale from Arkansas, mentioned by us yesterday. Both bales sold at 12c. per pound.

A MODEL NOTICE.—The interesting and innocent announcement of "watermellon frolics" and "forays upon watermelon patches," have been carried on to such an extent in this vicinity, that a certain gentleman of professedly good education has caused the following notice to be posted in sundry conspicuous places outside of his patch:

No ol men who it ma concern—I gir far warnin not to enter my patch on penalty of prostitution at Raleigh Cool hous sex cour, a watch will bee kep & them who goes over'l bee spide an tole of the gran gury. hEwar! hewar! hawr!

DEMOCRATIC ASSOCIATION OF SHELBY COUNTY.

The Democratic Association of Shelby county would be glad to meet the different clubs of the national Democracy of the county of Shelby at the headquarters, this (Saturday) evening at eight o'clock, to perfect the arrangements for the demonstration on Monday next. W. H. CARROLL, Pres't.

E. C. LEMOYNE, Sec'y.

CITY COUNCIL.

Council met in extra session last evening.

The mayor explained that the object of the meeting was to receive the report of the city engineer upon the subject of paving the wharf.

Ald. Molloy, from the wharf committee, presented a memorial in reference to discontinuing wharf-boats. Laid over.

The same reported against allowing Fisher, Ames & Co. to pile stone on the wharf.

The same presented the city engineer's report. The work below Union street, with a little repair, will answer for a nine inch pavement. The work above Union street is better than that below, but does not come up to the contract for a twelve inch pavement. The estimate for the whole is made at nine inches, though it averages something more.

The committee reported on this that the amount of the estimate $43,642 34 should be allowed; the contractors to receive it out of the wharf receipts. The report was received and adopted.

Ald. Crows offered the resignation of N. B. Forrest, as alderman of the Third ward.

Ald. Forrest said things were in such a focus much difference and wrangling, and so much difficulty in the finance committee, that he saw no possibility of escaping going to protest, all of which, he believed, was owing to proceedings of members of the board. He would do no good under these circumstances, and must therefore withdraw.

Several members expressed their regret, and appealed to Mr. Forrest not to withdraw. That gentleman said he found such difficulties in raising money for the city, since late proceedings, that he must withdraw. He had two plantations to attend, and could not spare the time required at the board.

The resignation, on the motion of Ald. Robinson, was accepted.

Upon motion the council then adjourned.

AURORA BOREALIS.—Last night, about 11 o'clock, the beautiful spectacle of the northern light was visible. The long and tremulous streams of light overspread a large portion of the heavens, reflecting their splendor on the waters of the Mississippi, which at one time appeared like a sea of fire. In the first part of the evening the heavens were hung with dark and lowering clouds, but immediately on the appearance of the aurora, they were all aglow with light, whose effulgence encircled half of the canopy.

PEACE WARRANTS.—A woman named Stevenson was yesterday arrested on a peace warrant, and held to bail in the sum of $250, by Esquire Horne.

Mrs. Dewberry, the woman who eloped with Weed from Louisville, yesterday swore out a peace warrant against her lawful husband, but at the time set for trial she did not make her appearance, and Dewberry was discharged.

HOMICIDE.—We learn from the officers of the Vicksburg packet Victoria that at Delta, on Sunday last, Jesse House shot Michael Kemp with a shot gun. Kemp died in a few moments. House was arrested and examined before M. S. Watkins, Esq., who committed him, without privilege of bail, to jail, until the October court. House, who is a fatboatman, the night before had threatened to kill his wife and she fled from his boat to Kemp's house, and House killed Kemp for not driving her away.

NOTTINGHAM ACADEMY,

FAYETTE COUNTY, TENNESSEE.

THE next session of this school begins the first week in September, and close the last of January, with a recess of one week at Christmas. The course of instruction will include English and modern languages and mathematics, as well as the usual branches of English education in academies. The principals will be assisted by a distinguished graduate of the University of Virginia. Those desiring to patronize this school are requested to apply to the principal for a catalogue of the school.

TERMS.—For board and tuition, including everything but books, which will not be furnished, $150, for session of five months.

Reference is given to the following gentlemen in Memphis: Col. J. E. Mosby and I. M. Scott, Esq., Hernando: Gen. J. Williams and P. W. Dey, Esq., Memphis; Hon. James M. Quarles, Clarksville; and Hon. A. M. Clayton, Mississippi. Satisfactory references also, to the following letters from gentlemen in Virginia.

R. M. QUARLES, Principal.

UNIVERSITY OF VIRGINIA,
January, 1860.

Mr. R. M. Quarles, a graduate in the Department of modern languages, seemed to qualify himself at the university for an excellent teacher, both by his intellectual attainments and by his amiable temper. He has also benefit for nearly five years with success. And I have no doubt will, as a teacher, hereafter also do honor to himself and to his Alma Mater.

M. SCHLEGEL VERE,
Professor of Modern Languages.

UNIVERSITY OF VIRGINIA,
January 6, 1860.

Mr. Duncan M. Quarles is a graduate in the Latin and Greek languages and literature, in this university, and for several years has been engaged (somewhat against his reason to believe) in the business of a teacher. Combining his attainments, approved capacity, experienced and excellent character, I can safely recommend him as a classical instructor.

GESSNER HARRISON.

CASTLE HILL, VIRGINIA,
January 10, 1860.

Mr. Duncan M. Quarles being about to remove to the State of Tennessee, it gives me great pleasure to add my testimonial to his excellent character as a gentleman, and his superior qualifications as a teacher. He spent several years at the University of Virginia, which he devoted more particularly to a thorough acquisition of the ancient and modern languages. He bears with him the highest evidence of his proficiency, in recommendations from the distinguished professors in those departments, which I have seen, and the attainment of four or five years successful practice in teaching. His merits, personal and literary, have obtained for him here the warmest esteem and appreciation of all who know him, and I am sure he a passport to an equal share of consideration and respect in his adopted State.

WM. C. RIVES.

VAUGHAN ACADEMY,
July 11, 1860.

Having learned that D. M. Quarles is about to remove to the State of Tennessee, with a view to the establishment of an academy of high grade, I take pleasure in adding my testimony to his behalf to that of his other friends. Mr. Quarles is an alumnus of our State university, where he particularly distinguished himself in the department of language, ancient and modern. Besides this, he has added full merit to promise, by fourteen or sixteen years of successful experience as a teacher of classical character, preparatory to our university courses. In view of all this, I feel no hesitation in recommending Mr. Q. to the confidence and the patronage of the citizens of his adopted State.

LEWIS M. COLEMAN,
Late Principal of Hanover Academy, and
Professor of Latin in the University of Virginia.

WILLIAMSBURG, VIRGINIA,
October 14, 1859.

Having had the pleasure of a personal acquaintance with Mr. Quarles, as a classmate at the University of Virginia, and having observed with pleasure the success of his labors, there and in other fields, I can most cordially recommend him as a gentleman whose abilities and attainments adapt him for principal in an academy of the first class.

EDWIN TALIAFERRO,
Prof. of Latin in the College of William and Mary.

WILLIAMSBURG, VIRGINIA,
October, 1859.

Having had the pleasure of an acquaintance with Mr. D. M. Quarles, and have observed at the University of Virginia, both as student and assistant instructor in the modern languages, ample opportunity for judging both of the character of his mind and the extent of his attainments, and knowing especially the ability and success with which he has since taught for several years, in his native State, I have no hesitation in expressing the opinion that he is highly qualified for the position of principal of a first-class academy, and do cordially recommend his qualifications, as such, to the enterprise, to the confidence and support of the public.

EDWARD S. JOYNES,
Prof. of Greek in the College of William and Mary.

Latest News by Telegraph.

ARRIVAL OF THE STEAMSHIP EUROPA.

BOSTON, Aug. 10.—The Cunard steamship Europa arrived here to-day from Liverpool, via Halifax, with dates to the 29th ult.

The following is in addition to the summary of her news telegraphed from Halifax on Wednesday:

The latest advices received from Sicily state that the Neapolitan army still holds Messina.

It is asserted that General Garibaldi was wounded in the foot in the engagement near Milazzo, and that he succeeded in making his escape.

Several citizens of Palermo have been condemned to be shot for fighting against General Garibaldi.

Letters received from Sicily say that Gen. Medici has only evacuated the suburbs of Messina, and is concentrating his army in the citadel.

The remainder of the Neapolitan army, especially the division of Gen. Bosco, has been dispatched to Catabria.

The latest accounts received from Naples are more satisfactory.

PARIS.—A telegraphic dispatch from Paris says: "The Constitutionnel announces that Lord John Russell has ordered Lord Cowley to effer an understanding with the Emperor Napoleon, respecting the occupation in Syria." The Constitutionnel says, "If all the powers agree on the question of intervention, the assent of the Sublime Porte will necessarily follow."

Other advices state that a telegraphic dispatch from Constantinople, of the 26th, says: "The reply of the Sublime Porte to the proposals of intervention by the four great powers, is almost certain to be in the negative.
