RIVER AND STEAMBOAT MATTERS.

RIVER, WEATHER AND BUSINESS.—The river opposite this point is still on the decline. Arkansas, White, Little Red and St. Francis rivers are very low and falling. At St. Louis the river is stationary with eight feet in the channel on to Cairo. The Illinois river is stationary, with four feet on the channel to Peoria. The upper Mississippi is falling from St. Paul down, with four feet on the upper and thirty inches on the lower rapids. Below Keokuk there is three and a half feet water in the channel. The Missouri river is falling, with four and a half feet on the bars from Weston down. Last night the river was falling at Pittsburg, with six and a half feet in the channel. At Wheeling there is nine and a half feet, and at Marietta and Parkersburg there is five and a half feet in the channel. At Cincinnati the river is rising slowly, with four feet on the canal. The Lower Ohio is falling, with four feet on the shoulder here. Quite a pleasant change was experienced in the atmosphere yesterday morning, after a refreshing rain, which set in early yesterday morning. Business on the landing continues dull and inactive, the receipts and shipments of freight being very light.

ARRIVALS AND DEPARTURES.—The Victoria, from Vicksburg, has arrived since our last, bringing with her a new lot of cotton, which she took on at Greenville. The James H. Lucas arrived with a large freight, consisting mostly of western produce. The Lucas returned last evening. The A. H. Sevier cleared for Cincinnati last evening, taking one 100 bales cotton for Cincinnati. The Frontier City returned from White river last evening. She went as far up as Augusta, finding 3 feet water on the shoulder her to that point. The Woodford, from New Orleans, passed up yesterday for Louisville.

INCIDENTS.—Capt. James Rorbach left by rail for Cincinnati last evening.....The Woodford passed up yesterday, and on her arrival at Paducah will be laid up for repairs. Her officers report the City of Memphis all right over Greenville. Eight and a half feet water at Greenville. The J. McDowell, a new steamer, arrived at Helena.....We learn that the steamer Tensas, engaged at Black Bluff last January, was not damaged as bad as was at first supposed, and that she has been carried back to Mobile, where she will speedily be repaired, and enter again on her regular trips. The cargo was all saved without damage.....A German hat trimmer named Baker, was found drowned in the river just below the wharf-boat, at Hendersonville, on Sunday. It was the general impression that he had committed suicide while under the influence of liquor.....At a meeting of the steamboat captains' benevolent association held at Cincinnati Wednesday, Capt. Harrison was chosen president, Capt. C. C. Williams secretary, and Capt. W. C. Mann treasurer.....Capt. Parlect and Capt. Reeves, of Pittsburg, are in Cincinnati, engaged in forwarding the completion of two new steamers for the Yazoo river trade.....The loss by the sinking of the Tumeric a few days since is not as great as was at first apprehended. Only about 400 bales of four are damaged, and that too slightly. It is not yet certain whether she can be raised again.

$1000 Reward.
FOR NED BUD will be given to the committee of seven jurors that find Ned Bud, and for any portion of Bud's property found in my possession, or the possession of any person on their conviction, a $500 reward will be paid for Bud's property alone. In Tenn county, Mississippi, on 10 June 1860, and has been seen about Memphis in the last three or four months. He is that black mulatto man that was in Memphis he belonged to a man named Rogers or Brownlow, in Mississippi. Bud is about five feet nine inches high; five teeth, which he shows when he smiles; high forehead; small whiskers on his chin; very black; weighs one hundred and sixty pounds; has a scar on his neck, or rather on his companion, and is easily picked out from a good many others. He is a good talker, rarely saying anything except in reply, when he is very sure of his ground, but talking a good deal.
