ARRESTED.—Young Whalen, who killed McDonnelly on Friday last, was arrested and committed on yesterday.

TELEGRAPHIC DISORDER.—The telegraph leading north was disordered on yesterday owing to some accident probably along the line.

ATTEMPT TO KILL.—On last Saturday night, some unknown person shot at Captain Pen on Exchange street, with the evident intention of killing him. He escaped undetected.

GODEY'S LADY'S BOOK.—The October number of this popular periodical is now on sale at Geo. Pattison & Co.'s, Main street. It has a very beautiful table of contents.

RECORDER'S COURT.—There were fifty-six cases before Recorder Dickinson this morning, a fair proportion of whom were sent down to take up arms in "the regiment."

☞ We are requested to say that Dr. Orville R. Early is detained at Iuka springs by sickness. He hopes to recover at an early day and return to his practice in this city.

HORSE STOLEN.—We call attention to the advertisement of Mr. G. B. Delashmit, of Tipton county, who offers a liberal reward for a fine horse stolen from him on Sunday, the 9th instant.

CITY MORTALITY.—There were twenty-six deaths in the city during the week ending Saturday, classified as follows: Adults, 13; children, 13. Males, 11; females, 15. Whites, 21; blacks, 5. Citizens, 23; strangers, 3.

PROBABLE FATAL ACCIDENT.—A laborer on the wharf, had his body badly injured, yesterday, while removing some heavy iron machinery. His right side was completely crushed in, producing a probably fatal wound.

☞ We are informed, by the Missouri Republican that one of the St. Louis horse railroad companies has, within a few weeks, declared a dividend of three per cent. on its stock. This does not look like a pecuniary failure.

SEVERELY INJURED.—A man was carried to the jail on Sunday night, severely injured by having received a fall from a handcar on the Memphis and Ohio railroad. He was speechless, and consequently unable to give either his name or details of the accident.

NEW MAP.—We learn from the *Register* that a competent engineer, under the direction of Mr. Rucker, is preparing a map of the city of Memphis, showing all the recent surveys and subdivisions extending for five miles beyond the city. The map is for these enterprising real estate agents, Monsarrat, Dupree & Co.

NEW COTTON.—The house of S. Graham has received to this date of the present year's crop, one hundred and eight bales cotton from Mr. John S. McGehee, of Panola county, Miss. This speaks well for the enterprise of Mr. McGehee, who has long been regarded as one of the most successful planters of his State.

APPEARED.—The "goose question" came up on yesterday before Justice Hill, John F. Sale appearing for the plaintiff, and D. L. Stockton, Esq., for defense. After mature deliberation it was decided for the plaintiff—he defendant taking an appeal. If there is any possibility of getting it up within the jurisdiction of Chief Justice Taney, we have no doubt but what it will be done.

NEW COTTON.—The following are the receipts of new cotton in Memphis since our last statement:

Memphis and Charleston railroad	232
Mississippi and Tennessee railroad	272
Memphis and Ohio railroad	27
Memphis and Little Rock railroad	2
Total	1031

The steamer *Royal Dell* also brought up 21 bales, and the Card 72.

THE CITY POST OFFICE.—The post office was, on Saturday last, according to announcement, moved to Mr. Wickersham's new building, on the corner of Jefferson and Third streets. A new arrangement has been made in connection with the office by which a small brass check, with a number upon it, will be furnished each owner of a box, and in order to obtain letters or papers belonging to a partner he will be necessary to produce the corresponding check. This is to guard against the many frauds which might otherwise be perpetrated upon the office by unscrupulous thieves and pickpockets.

THE DUEL ON FRIDAY LAST.—The city papers are rife with a graphic account of a duel which occurred in the vicinity of Hopefield on Friday last, between a resident of this place and a citizen of St. Louis. One of our morning cotemporaries, with a degree of modesty which can not fail to elicit a smile, announces that the St. Louis gentleman was "severely wounded in the right breast, and was brought to the city for medical attention." Another states upon authority that it was a sham concern from beginning to end, and that the pistols used were only charged with powder. "Stoughton's Bitters" are said to have flowed most copiously from the "severely wounded" place.

A MEMPHIS MERCHANT ARRESTED ON A SERIOUS CHARGE.—Mr. E. H. Hall, a member of the firm of Wahrig and Hall, of this city, was arrested and taken into custody on Saturday evening last by Marshall Swan, charged with taking a draft of $140, from a letter addressed to Mr. C. H. Hall, cashier of the bank of Tennessee, which, as it appears, had been placed by mistake in his private box at the post office. He took the draft to the Planters' bank, and in his attempt to negotiate it, suspicions were aroused which culminated as above mentioned. Upon being taken before Justice Hill on yesterday morning for preliminary examination, he was bound over in the sum of $4,000 to appear at the next term of the criminal court.

MILITARY PARADE.—At a meeting of the agricultural board, at the office of Stewart & Alcoe, Col. John Pope being president and M. D. L. Stewart secretary, the following resolution was passed:

Resolved, That instead of a award, heretofore issued, a splendid gold flag be offered as a prize by the Shelby county agricultural society, to be presented to the military company exhibiting the most efficient drill on infantry movements and exercises according to the Scott and Hardee tactics, leaving out all mere fancy movements, to be contested for by any military company in the United States, on the 9th day of October next, it being the first day of the fair.

On motion, Gen. A. Bradford, A. J. Donelson, G. J. Pillow, J. R. Williams, C. C. Danly, Mr. Dix of Illinois, J. Mecking, U. S. A., and Jere Clemens, were appointed as judges to award said premium.

SINKING OF THE LOUISIANA.—The steamer *City of Louisiana*, the sinking of which we mentioned the other day, went down, it appears, by striking a snag or an old wreck at Hat Island, above Cairo, and sunk in a very short time. She is a large, new boat, having been built a little over a year ago. The hull was built at Madison, and towed around to St. Louis, where she was finished. She was owned by the Keokuk packet company, and had been chartered by the St. Louis and Memphis mail company, and was running in that trade at the time the accident occurred. She is lying straight in the river, and it is thought that she can be easily raised. She had on board a good cargo, which will be greatly damaged, but it is probable that it was covered by insurance.

SHOOTING AFFRAY.—A shooting affray occurred on yesterday evening at a drinking saloon on Center alley above Madison street, known as the "Capitol," between a young gentleman of high and respectable family, whose name we suppress, and a stranger who was standing near. A Derringer pistol shot aimed at the stranger failed to take effect, whereupon the proprietor of the saloon seized the indignant young man and attempted to take from him a second Derringer which he had in his left hand. In the scuffle which ensued, the weapon was accidentally discharged, striking the counter and leaving a considerable indention behind, and glancing thence to the wall. In the rencontre, very fortunately, and we may add very singularly, no one was injured in the least. The friends of the gentleman hurried him immediately out of the way of arrest.

CHELSEA DOUGLAS CLUB.

A large Democratic meeting was held in Chelsea on Saturday night, and fully organized a Douglas club, by the election of Col. Templeton president, N. Freck vice-president, John Wilkerson secretary, and H. D. Aydlet treasurer.

The club held their weekly meeting every Wednesday night, and we are requested to say that on next Wednesday night they will meet at Norman's corner, where several distinguished speakers will address them. All Memphis is invited to attend on this occasion. Arrangements will be made to raise the Douglas flag at least two hundred feet high, of which due notice will be given. Let us have a grand rally on Wednesday night.

AMATEUR CONCERT.—The concert given last night at Odd-fellows' hall, complimentary to Signor Carlo Patti, was in every respect worthy of the reputation our city bears for fine amateur musical talent. Where all went off with so much eclat, it would be out of place to particularize, and we can only express our sincere admiration of the whole performance. The audience was large, embracing an amount of musical discrimination and taste rarely called out except on the occasion of the advent of some musical star, and we heard no other expression than that of the most unreserved approbation.

☞ The statement made in our paper on Sunday morning to the effect that a portion of the bridge over Big Hatchie river on the M. & O. railroad was burned, is, as we are informed by Mr. J. P. Wood, vice-president of the company, an error. The fire occurred on some trestle-work north of Big Hatchie, which was promptly extinguished and the damage immediately repaired. We are informed by Mr. Wood that a watchman is kept constantly on duty at Big Hatchie bridge, so that it is almost impossible for an accident of the kind to happen.

PROGRESSING.—We learn from the Madison (Ark.) *Pioneer* that the work on the railroad bridge over the St. Francis river is progressing rapidly. They have commenced laying the brick for the piers, and they are now busy driving the piling and getting out the timbers for the wood work. We wish them good luck, for we want to see the "iron horse" in St. Francis county, and with his face toward White river. They are also cutting a hole through Crowley's ridge for him to go through.
