RIVER AND STEAMBOAT MATTERS.

RIVER, WEATHER AND BUSINESS.—The river is rising at this point, having fallen about two inches since our last report. At Liverpool the river is stationary, with three feet nine inches in the canal by the mark, with reports of a rise of eighteen inches at Colersville. The river is rising at St. Louis at the rate of four inches in twenty-four hours, with seven feet four in the channel. Down to Cairo, the usual water-level at Turkey island. There is 8½ feet at Shoal island. The river has reached thirty-six feet in Pittsburg, according to measurement of the gauge. There is eight feet in the channel from Kimball down. The water is very clear of the mouth of Illinois river. The Missouri river is falling rapidly, with five feet four in channel. The river is reported to be in a settled condition. The Illinois river is falling, with three feet water in the channel. There has been no material change in the Mississippi since our last report, business is very dull in all the ports, and prices still adverse.

MISCELLANEOUS.—The John Simonds drops down to the levee yesterday, and will take her place in the New Orleans packet line on next Wednesday as the regular packet.....The Ar sets off for Cincinnati yesterday, with 145 bales cotton.....The R. M. Rowan left St. Louis for Memphis on Wednesday, and will continue in the trade throughout the season. She has received a complete overhauling and repairing, and is furnished throughout as gay as ever. A new cylinder carpet covers the entire floor of her spacious cabin, an addition of no little comfort, to say nothing of the cool. As of old, the venerable Capt. Miller will occupy the hurricane roof.....On Thursday the Alexandria, from New Orleans for St. Louis, passed eight boats at the foot of Ste. Genevieve island, bound down, four of them pushing her over Tower island, and at Indian island. She also passed seven boats at the South Wooter, at the upper place, thirteen coal pushing at her. She got the Bonte Warrior over the bar, but none of her freight was off above St. Genevieve island. She made about $800 by so doing.

We learn from the Louisville Democrat that the Pryrons will wheel into line, and back that port for New Orleans next fortnight.....G. M. Quade, Esq., the inventor of a new bow boat building at Pittsburg—nearly completed.....Captain McCallister's new cotton boat W. H. Tarver, was to have left Pittsburg for Apalachicola on Saturday.....The Pittsburg papers say Captain Batchelor's new Cincinnati and New Orleans packet Minnie Bennett, will be ready for business next week.....Captain George D. Moore has purchased the Paducah, and has now charge of her as master.....Capt. H. Gordon, of Paducah, Captain Hay-lock will take charge of the other. Captain Perry's new Arkansas packet is nearly completed.

Boats Leaving To-Day.

OF and after this date we shall change one feature of our business, which, though it has had been very profitable to us, has not been to our profit and loss. We refer to the Credit System. Our business has been so successful, that hereafter we shall now make it EXCLUSIVELY so. The little credit business which we have done has still been enough to prevent, at the low prices we are selling, our goods from selling for less than we have paid for them, allowing for interest, labor and expense. We shall sell at the same prices that other cash goods are selling, and we shall expect to be treated as cash customers, in order that they may be entitled to expect to trade, for we shall act

Said negro was from my plantation, in Tunica county, Mississippi, on 1st June, 1860, and has been seen about Memphis for the last three or four months. He is black, twenty-four years old, said to Memphis boatmen, and is about five feet seven inches in height, which he shows when he walks; hair curly, but not long, and is generally shaved; weighs commonly one hundred and sixty pounds; hair rather long for a negro, and is wavy; face round, and is easily pleased; dull look; slow of speech; well dressed; silent, rarely saying anything except he reply, when he is very apt to grin, but seldom or never laughs.
