RIVER AND STEAMBOAT MATTERS.

RIVER WEATHER AND BUSINESS.—The river is still slowly falling at Memphis.

St. Louis, with six feet in the channel thence to Cairo. The Illinois river is falling, with three feet and a half in the channel from the mouth to Naples. The Missouri river is still declining, with three feet and a half in the channel below Westport and three feet above. The officers of the Lady Jackson report six feet water on the shoals between here and Cairo. The A. H. Sevier reports three feet four inches at Hopefield bar and three feet and a half at other points. Telegraphic accounts from Fort Smith report "no rise, no prospect." The weather was warm and showery yesterday, and business at the landing exhibited its usual activity.

MISCELLANEOUS.—The steamer A. H. Quarrier was sold at our wharf yesterday, for $3000. Messrs. J. H. Dunn and Bill Morton bought the purchasers. She will leave for Cincinnati on Monday evening in charge of Captain Bowers, with Will Carter in the office. The Little Rescue is loading at our wharf for Cincinnati and will leave to-day at nine o'clock. She will take over 700 bales of cotton for Cincinnati. The A. H. Sevier, from Cincinnati yesterday, reports the Lehigh aground at Mississippi bend, the Fairy Peterson lying to at Lodiscan's and the Neptune aground at Casteville. The airtight steamer Lady Jackson, from Cincinnati, with an excellent trip of freight and a fine passenger list, for Williamsburg from St. Francis river with a fair trip, including 150 bales of cotton; the Judge Fletcher from New Orleans; the A. Mulnix from St. Louis; the New Orleans; the Cincinnati City from St. Louis; the New Orleans; the A. H. Sevier from Cincinnati, and the Sam Kirkman from Louisville. The Judge Fletcher brought up 62 bales of cotton. The departures to-day will embrace the Hermann for Yazoo, Pamunkey, Big Black, St. Louis, Sam Kirkman and Bracelet for Cincinnati, the Peytona for New Orleans, and the Frontier City for White river.

At six o'clock last evening the A. W. Quarrier, Williams, Wheeler, Frontier City, Lady Jackson, Sam Kirkman and C. E. Hillman were the boats in port.

The Victoria will resume her place between Memphis and Yazoo City next Saturday, her regular day. The Woodford, Capt. Moses Irwin, having been thoroughly repaired, will leave Cairo for New Orleans on Tuesday. Her old popular clerk, Mr. H. D. McIntyre, will be found in the office. The St. Louis Democrat says that the Howards, of Jeffersonville, are building the hull of a steamer which is to be one of the fastest, and doubtless, the finest model on the western waters. The cost of the steamer complete will be at least $100,000. It is for Alex. McLean, Esq., of St. Louis, and will be completed in January, 1861. This steamer is to be 300 feet in length, have six feet beam, 30 feet from deck to hurricane deck, and 9 feet hold, and splendid furniture. She will be provided with a pair of balance-valve engines, two boilers, eighteen feet long, 42 inches in diameter, and 7 inches in depth of water in the boiler. The cylinders are 20 inches in diameter, 6 feet stroke, piston valves, with steam attachment to the capstan and twelve hoisting lines of tackle, for cotton on the eastern cotton.
