Daily Appeal.

RIVER AND STEAMBOAT MATTERS.

RIVER, WEATHER AND BUSINESS.—The river is still falling at this point at the rate of 2½ inches per day. The Ohio is coming slightly at Louisville, with a foot 9 inches in the canal. The Mississippi is reported stationary at St. Louis, with 8½ feet on the falls. The Chester Ashley, from the Ohio river, reports that the Ohio is in a very low stage, with 3½ feet on the shoals on here. Between this point and Cairo 8 feet water are reported. At Pittsburg the river is reported rising.

MISCELLANEOUS.—The Chester Ashley came in from Cincinnati yesterday, with a fine freight and passenger list. She left for Arkansas last evening, on the packet Kentucky, with 100 tons freight. The Ashley has 1,000 tons freight for Memphis, consisted to Nave, Pierce, in the city. She is expected in the Arkansas river trade, but will, we understand, be towed from point out Chickasaw to Napoleon, and a trip in the Arkansas and Mississippi rivers, if she proves to be a good boat, will be made.

The Kentucky left Louisville on Monday evening, Cincinnati on Tuesday morning, and Cairo on Wednesday morning, with a good business for Memphis.

The Kentucky will be ready for freight on Sunday evening, and will leave on Monday.

No passes given out on Sunday.

Persons expecting to receive freight are requested to be on hand.

Persons having freight to ship will please say that they are advertised.
