Daily Appeal.

RIVER AND STEAMBOAT MATTERS.

RIVER, WEATHER AND BUSINESS.—The Mississippi at Cairo on the 3d rapidly rose during the past twenty-four hours. At St. Louis the river is reported rising, while at Pittsburg we learn by telegraph there is a rise of twenty feet, though the river was falling at last accounts. This, together with the rise of eight feet reported in the Cumberland, and two inches in twenty-four hours at Louisville, will soon give us a considerable rise at this point. We learn from the river of the Diamonds that there are nine feet of Hole-in-the-Well and Pember, and all fifteen there are nine and a half feet. The weather is delightfully warm and pleasant, there being a clear sky, and every indication of its continuance. Business was active at the levee yesterday, the boats bringing and carrying away large loads.

MISCELLANEOUS.—On Saturday night, at about half past eleven o'clock, we were descending the hill and when at Walker's lot, just at the head of Hurricane Island, the steamer Eliza Gray, Capt. J. T. Johnson, was run into by the Arkansas, when the Gray immediately went down in about nine fathoms feet water. We learn from Mr. Kimball, our pilot, and Robert Bile, who talked with one of the passengers on the Gray, that it was a clear and beautiful moonlight, and the Arkansas gave the proper signal, which was not responded to by the Gray till the Arkansas struck her. The Gray had got a large at her bow and was loaded very light, while the Gray was loaded to the water's edge. When the boats struck the barge was raised out of the water by the bows coming in contact, and thrown clear through the cabin of the Gray, knocking the passenger above spoken of into the water, and completely dismantling the boat of her upper works. When the bells came together the Eliza Gray seemed to have had her whole bottom knocked out, and sank almost immediately in from nine to twelve feet water, as above stated. From the condition of the boat it is presumed that she will prove a total loss, while it is probable that an attempt will be made to secure the freight, as it is, most likely, entirely of cotton, which would be ruined if unclaimed. As far as known, no lives were lost.....The officers of the Illinois peremptorily deny the statement made by some of the city papers, that they refused to lend the assistance which humanity demanded, to the sufferers by the disaster in the Hill.....The elegant new steamer Louis D'Or, recently built for Capt. Cheney Johnson, formerly of the Lucompte, landed at our wharf last evening, on her way to New Orleans. She left Louisville on the 31st ultimo and Shreveport trade. She took down from points above 600 bales of cotton.....The fine steamer Kentucky, of the Memphis and Vicksburg line, which boat had her crank broken about three weeks since and has been lying up at the mouth of Wolf river for repairs, yesterday dropped down to the levee, as good as new, and will be loading to-day for Vicksburg. She will hereafter leave regularly for that point on every Tuesday.....The Gem? This is still lying at the mouth of Wolf river, "high and dry," and will be seen at our wharf next Saturday repainted and looking as "bright as a dollar," with her shingle out for White river.....

The John Simonds came in from White river last night with 300 bbls cement, 1600 sacks salt, 1200 bars of railroad iron for the Memphis and Little Rock railroad, which she landed yesterday at the point on the Arkansas side just above this city, and about 500 of cotton; the W. J. Langley, from St. Francis river, landed 126 bales of cotton, 1600 sacks of cotton seed, and 125 sacks corn, together with a good load of other freight and passengers; the St. Francis No. 2 brought in from St. Francis river 220 bales cotton, 125 M. R. R. Pilots, 40 sacks cotton seed, 10 bales, the Daniel G. Taylor, from New Orleans, 10 bales, the Acacia Cottage, from White river, 187 bales, and the Jos. D. Perry, from St. Louis, 66 bales, aggregating 898 bales. All of these boats had good freight lists besides the cotton which they brought.....The arrivals at our wharf since our last comprised the B. J. Adams from Louisville; the Ed. Walsh, Mitchell, Grant, and Simonds from New Orleans; the City of Madison, Prentiss and Louis D'Or from Cincinnati; the Lancaster and St. Francis No. 2 from St. Francis river; the Acacia Cottage from White river, and the Alabama Chief from St. Louis. The departures were, the B. J. Adams for Madison and Louisville; the Louis D'Or for New Orleans; the Ed. Walsh, Mitchell and Grant for St. Louis; the Mariner for Cincinnati, and the Louis D'Or for New Orleans and Red river.....The boats in port at 6 o'clock last night were the Republic, Tom Lansley, Silver Wave, N. B. Pratt, Belle Memphis, Cheek's Bride, St. Francis No. 2, Kate's sister boat, Col. Morgan and the little Ark. The Sunny Side will get off for Cincinnati to-morrow.

C. C. GAYLE, Dem. Sec. and Agent.
W. B. MORROW, Dean of the Faculty.
P. P. CUTLER, Treasurer.
L. W. GARRETT, Secretary.

FEES for tickets to lectures, $100, payable (one-third in advance) to the Dean; a dissecting ticket, $5; a dissection ticket, $5; a demonstrator's fee, $5; graduation fee, $30; matriculation fee, $5; diploma fee, $20; payable invariably in cash.

Preliminary lectures will commence on the 15th day of October, and continue until the regular session of the same time.

The regular course of lectures will commence on the first Monday, the 5th day of November, and will continue sixteen weeks.

The present arrangement of the faculty is by far the most complete and effective (as proved by our satisfactory experience the ensuing year) that has ever been organized in the college. Every department is represented by an able professor with the greatest care and assiduity; and the students will be opened for dissection as soon as practicable after the commencement of the session, when the students will be given the benefit of a practical knowledge of the diseases peculiar to this climate over those of the North and South. And it is a duty the student owes to himself and his medical preceptor to begin studying early.

Requisition for graduation the same as those required by all other responsable medical colleges.

Board can be obtained at from $4.50 to $4.50 per week.

For more information address either Prof. Gayle, Gaillard, G. W. Morrow, or Hewitt, at Memphis, or W. B. Morrow, M. D., Dean of Faculty, at Middleboro, Tennessee.

By a special arrangement with the Board of Institutes of the Memphis hospital, the students of this college are allowed the same privileges in that institution as those of any other medical college, and those who desire it will visit the hospital once or twice a week with one of the professors.

Prof. Wm. Hewitt is now in New York selecting additional material for the illustrative departments of the college, and the facilities for material from that market are such he much greater than heretofore.

All are advised to come in by the 15th of October.

Students on their arrival will please report themselves at the office of Dr. Gayle & Wetherill, 375 Main street, or Drs. Gaillard & Morrow, Union street, much idle, second door east of Main.
