RIVER AND STEAMBOAT MATTERS.

RIVER, WEATHER AND BUSINESS.—We had a dark, damp, miserable time yesterday, making the landing very muddy, notwithstanding which, business was brisk compared with some days we have had lately. The river is falling, but not rapidly. This Nashville Banner of Saturday reports the river falling slowly at that place with about three feet water on Harpeth Shoals.....The arrivals and departures since our last were, from Hartford and return to New Orleans, the Crescent City; from Louisville to New Orleans, the T. Montgomery; Atlantic from Nashville to New Orleans, the Sil. Haworth from Pittsburg to New Orleans, the Jas. Hale, from Cincinnati, the Gondola, Montauger from St. Louis, the J. H. Dicker, Platte Valley, from St. Louis to Keokuk, the Cheshire, Hazelhurst from Alton, Gunnison, the St. Francis, Cleft, from White river, Golden Rule, from New Orleans to Louisville, Percy Kemble, Belle from New Orleans to St. Louis, Maria Denning, D. G. Taylor, T. B. Tyler from New Orleans to Cincinnati, S. Decatur.....The Golden Rule will be the future to be regular Tuesday packet for White river; the boats at 4 o'clock this evening. Capt. Dick King and J. S. Russell, the clerks, will be favorites with all who travel with them.....We understand that the Messrs. Allison, The Golden State this trip brought in twenty-three bales of cotton; the Carl from St. Francis river had seven bales; the Platte Valley from St. Louis twenty-one bales; and the Montauger six bales.....The Dicker got in at last and will sail on Sunday night, when the ice prevents the steamers and St. Louis line of boats running to the latter city. She will still guide their regular trip, touching at Cairo.....The Cleft did not get up to Batesville, she was still loading last evening.....The Pendennis is still at the landing.....The St. Francis is up for St. Francis river.....The Bowie is up for the Arkansas river.....The Gondola starts for Cincinnati at 5 o'clock to-morrow, Captain Butler does the honors of the Gondola, and does them well.....The Messenger for the same port leaves today.....The Hornet leaves this evening for New Orleans.

MISCELLANEOUS.—The Louisville Courier of Friday says: The Jean Tompkins, that had been aground on the falls, at the foot of the middle chute, had her career brought to a sudden close, exhibit before day yesterday morning. Some statements from the shore, as we are told, came out in a skiff to the boat, and informed unbeknown, leaving the people on the boat a prey to the flames. They, however, were hotly enough to escape unscathed. The boat was set fire to the hay, and the cotton, which was burned to the aforesaid of the cabin. The only persons on the boat were Captain Berkshire, who was the owner, and one of his engineers. They were aroused by the crackling flames of the hurricane deck, and escaped out the port forward door, never, to assure the iron side from the other. The boat was soon burnt to the water's edge, and the blackened hull sank where it lies, with a lot of lumber and in the hold. The water was not over three or four feet, deep, and the channel remains as good to be even on the falls. The boat was owned by Capt. Berkshire, who had insured in the Quaker City (Philadelphia) Co., at the agency of L. C. Perry, in New Albany. The cargo of salt, consisting 1,500 bags, was owned by $800 insurance in Perry's agency, New Albany. The Tompkins was a good steel boat, worth fully $9,000, and is a source loss to Capt. Berkshire.....The Jessie Wood, a Nashville and New Orleans packet, is to be sold by off United States Marshal, at Nashville, on the 14th of January. She was new and very classy, serviceable boat, with capacity for over 400 thousand bales of cotton, and was built here and cost at a cost over $50,000.....The New Orleans Delta of Friday says: The Jessie Wood was a very serviceable thing by Bridge to and going across the river. The boat has been for many a day the admiration of all who have seen her, but shippers, unfortunately have not ever to give her enough cotton for a cargo.

Basin Leaving.

FOR TUSCUMBIA.—The fleetly and swift running Kentucky, Captain Lee, leaves at the pitch the steamer for Tuscumbia. The steeds are Elliott & Vinson.

FOR NEW ORLEANS.—The K. Hewitt, Capt. Lewis, a fine and swift boat, leaves at 5 o'clock for New Orleans at 5 o'clock. Elliott & Vinson are her agents.

FOR LOUISVILLE.—The handsome and popular boat Mariner, Capt. Arther, will leave this port at 5 o'clock tomorrow evening. Mr. Hughes, Eclipse wharf-boat agent.

SOUTHERN FAMILY JOURNAL FOR 1861.

THE coming year inaugurates the 22nd volume of this favorite exponent of Southern literature. It is a source of pride to us to be enabled to say that in announcing the third volume of the JOURNAL, we are enabled to give the best possible proof to the discerning portion of the Southern publication, as well as to the shower forebodings of even hearty welcome to our contemporaries in contrast. Yet, we are proud to say that the brilliant success of the SOUTHERN FAMILY JOURNAL has not been purchased by the exhaustion of any other, and emerge in the South which bears testify it.

The friend of Southern literature have often declared that, until they get a Southern paper which, in point of literary merit, and in the variety of its contents, combines usefulness, they would cheerfully support it. We offer this consideration; we can them promised the Southern Family Journal as such a Southern paper. It is clean, and, we entreat that the SOUTHERN FAMILY JOURNAL will be demanded by the land. THE GLOBE,

THE OFFICIAL PAPER OF CONGRESS.

IT PERHAPS now any almost acquaintance of "The Daily Globe," and "The Congressional Globe and Appendix" to be a publication of great importance. It is not generally known, however, that Congress will meet on the first Monday of next December, when I shall resume publishing the aforementioned papers. The first mentioned is a paper that every public man, every lawyer, every merchant, every man who wishes to be well informed, should take, in order to obtain the most accurate and reliable information of the day. The Congressional Globe and Appendix will contain a report of all the debates in Congress, revised by the speakers, the annual reports of the heads of the Executive Departments, the laws passed during the session, and many thousand small. There will be printed, in the regular Globe, in the form, one copy, each session, each session, which will be sent to the Congressional Globe and Appendix, is bound, at least 1,200 pages. This is acknowledged to be the cheapest work ever issued in this country, whether a reprint or printed from manuscript copy, taking for data the average number of words 10 cents.

The Globe remains the same as ever, a most valuable and interesting one, because its reflexes will, in a good measure, be upon the doing of the Congress over, and "The Globe" will be, as it has been for many years past, the only source from which full details of Congress can be obtained.

"The Congressional Globe and Appendix" goes free through the mails of the United States, as it has been by resolve the following joint resolution passed by Congress the 4th of August, 1852:

Provided, That nothing therein shall be construed to authorize the circulation of the "Daily Globe" free of postage.

Approved, August 9, 1852.

Cotton Seed Oil Company.

MEMPHIS

COTTON SEED OIL COMPANY,

is now manufacturing a superior article of

OIL MEAL FOR FEED.

A SAFE, economical and excellent food for Horses, Mules, Oxen, Hogs, Sheep, Poultry, and stock of all kinds, especially for MILCH COWS, it has no equal. They eat it with avidity, and thrive on it wonderfully. In Europe, where all kinds of food are valued according to their nutritive worth, this article readily commands $40 a $50 per ton. According to an analysis recently made in London, one pound Oil Cake contains as much nutriment as three pounds Corn, nine pounds Wheat Bran, or ten pounds Hay.

In sections where the unprecedented drouth has prevailed, this Oil Meal will be found a most excellent substitute for corn, nothing much less, while its nutritious qualities are as three to one.

We refer the credulous to a few who have used it, but having not the time to spare in our possession:

FROM H. W. LEFFINGWELL, ESQ., ST. LOUIS.

ST. LOUIS, April 12, 1860.

Having heard the Cotton Seed Oil Meal highly recommended for stock, I several months ago commenced the use of it, and have continued its use ever since; and I can say as to the recommendation I had of it, the half was not told me. It is the best feed I have ever used. I would not be without it, and cannot too highly recommend its use.

H. W. LEFFINGWELL.

ASTOR HOUSE, N. Y., July 30, 1860.

MESSRS. FENTON & CO., Proprietors Memphis Cotton Seed Oil—Gentlemen: It gives me pleasure to state that I have been using your Cotton Seed Oil Meal manufactured by you for the last six months, with the greatest satisfaction. Having fed my cows with it (some forty-five in number), they give abundance of milk, of a rich and pleasant flavor, and I would not be without it as long as it can be had.

Very respectfully,

JOHN D. COLBY.
