CURES Headache, Earache, Toothache, Sore Throat, Rheumatism, Croup, Neuralgia, Colds, Sciatica, Bronchitis, Dyspepsia, Colic, Cramps, Inflamed Eyes, Chronic Sore Eyes, Sore Throat, Cuts, Burns, Bruises, Sprains, Chapped Hands, Piles, Fluxes, Diarrhea, Sunburn, Corns, Frosted Feet, Bedsores, Old Sores, Fever Sores, Sore Nipples, Scald Head, Ringworm, Tetter, Scaldhead, Spider Bites, Bee Bites, Rat Bites. The world is challenged for its equal for Scalds and Burns. It cures Scratches on horses, Sore Eyes on horses, Sprains, Swinney, Pull Evil, Fistula, saddle and harness galls, fresh Wounds or Swellings, and is the best known remedy to apply to saddle-pinched horses, from tender—take up the feet and bathe well about the frog for the foot. Cures all outward diseases on man or beast.

No one medicine can cure in all cases, but we can show more real proof of the virtue of Ambrosial Oil in its healing properties, from responsible men, than we above being bought, than can be produced for any other medicine.

We do not assert a cure for every malady to which the human family are subject, but what we do claim, and can substantiate, is its virtue in healing sickness. The Ambrosial Oil is a Nashville preparation, and not introduced into the South and Southwest until all Southerners and generally. The South may be justly proud that Dr. Clark, a native Tennessean, after much labor and research, has produced a truly worthy medicine, which is bound to drive out much of the worthless imported trash with which the country is flooded.

Please call at our office, where we will take pleasure in showing letters and testimonials too numerous to set forth in the form of an advertisement, some of which come from persons who hold high standing, who claim it as their position, to state, with unreserved effrontery, the challenge the world to produce a remedy so speedy and efficacious in the healing virtues.

☞ Read the testimonials of the writers of Clark & Fuller's Ambrosial Oil, evidences as authentic and from persons whose word and standing are irreproachable. Read and be convinced.

Messrs. Clark, Gregory & Co., Nashville, Tenn.—I did not think you were in earnest when I wrote you that I had purchased your Ambrosial Oil. You know my business is heavy work. I have found no other use for it than to kill the stiffness or obstruction in the muscles, tendons, etc., when I was getting so lame that I could scarcely do my ordinary work without difficulty.

Asthma—Asthma.

ST. LOUIS, October 18, 1860.

MESSRS. JOSEPH BURNETT & CO.—Gentlemen: I have been troubled with the Asthma for six years. At times its severity has rendered life almost a burden. I have tried almost every being really beneficial.

It is now nearly twenty years since I was induced to try a bottle of JONAS WHITCOMB'S REMEDY—I found immediate relief, and since that time have kept it constantly. It has proved effectual in every attack.

Your remedy is decidedly meritorious, and I believe it is the best medicine in use for cases of Asthma. Very truly yours,

EUREKA.

UNPARALLELED SUCCESS

OF THE

WORLD-RENOWNED

HIGHLAND BITTERS!

Or, SCOTCH TONIC,

The Greatest Remedy for all Diseases of the STOMACH, LIVER and BOWELS EVER DISCOVERED.

Health to the Sick! Drink and Live!

TO THE PUBLIC:

A FEW words in all that is necessary to make known to the public the wonderful efficacy possessed of this admirable medicinal agent, the Highland Bitters, celebrated Scotch Stomachic, which has proved itself, in every instance, to be the only panacea or true talisman of health to the sick and afflicted of every nation and of every climate. It was discovered by Sir George Ballantyne, M. D., F. R. S., Professor of Military Surgery in the far-famed University of Edinburg, Scotland. While climatic diseases were prevalent among the troops of the British and French soldiers in the Crimea during the Russian war, Sir George Ballantyne was appointed by her majesty, Queen Victoria, as chief of the medical commissioners, to investigate, in a scientific manner, the extraordinary and preventable mortality, the effects of which has always characterized the inhabitants of the Scottish Highlands, and the cause which led to such disastrous results in the early campaigns, when exposed to a change of climate.

He, Sir George, discovered

by patient research, that the Highlanders had been in the habit of using certain combinations of herbs and roots, indigenous to their native hills and glens, which, when combined with certain vegetables, was found to be the most expectative antagonist and builder up of the human system which the world or suffering humanity has ever known.

Its Remarkable Powers as a Medicine

Were fully tested, and crowned with unprecedented success in every instance, in the various regiments, and it might have been truly said that the good time had come at last.

Having Proved itself

Equal to every emergency, the original recipe was handed over to a respectable firm of pharmaceutical chemists in Edinburg, who have prepared it under every, till its introduction into the Northern States, a short time ago. And it may be mentioned as a conclusive proof of its intrinsic merit and superiority over all other proprietary stomach medicines, either in European or American, that we are

Three Million Bottles

Sold and in Great Britain alone, besides upwards of 100,000 bottles exported to all parts of the habitable globe.

The attribute to the Scotch Tonic

is to prevent as well as cure, invigorating the rest of the complaint, and thereby removing the hidden cause of disease, by gently stimulating and restoring the dormant energies of the system, and exerting salutary in her tonic and vitalizing properties. It is a cure for every one suffering from Bilious and Liver Complaints, Dyspepsia, Indigestion, Dysentery, Loss of Appetite, Debility, Sick Headache, Costiveness, Impurities of the Blood, and all Affections of the Stomach, Liver and Bowels, it is invaluable; and as a preventive of Chills and Fevers, whether Bilious, Remittent, Intermittent, Typhoid, or any other form, it is peculiarly applicable, being a perfect regulator of the whole functions of the human system. Comparatively few doses of this palatable vegetable tonic are required to effect a cure, and, when so all impediments, diseases all impurities, strengthens generally the whole human mechanism, and has never been known to fail in any instance where it has been fairly tried.

Females and Children

Can use this strengthening Cordial for weakness or sudden diseases of any kind. In the mother, while nursing, these Bitters are indispensable, and more particularly where the mother's nourishment is inadequate to the demands of the child.

To those who wish to Reclaim

Themselves from a life of drunkenness to one of sobriety, these Bitters will most effectually destroy the morbid appetite for ardent drinks, and restore both the faculties of the mind and body to a healthy condition, and will act like a charm in renovating the system, and drive away the Sick Headache, Nervous Stomach, and all the usual attendants of drunkenness.

This only true and representative Cordial, the Highland Bitters, or Scotch Tonic, is sold and prepared from the original recipe, by
