RIVER AND STEAMBOAT MATTERS.

RIVER, WEATHER, BUSINESS, ETC.—The river continued to rise yesterday at the rate of an inch an hour. Except about the New Orleans boat business, which was quiet, the wharf was extremely busy yesterday; at one time seventeen boats were loading and unloading. The weather was cool and NICE.....The St. Louis Republican of Monday, reports: The river here is falling slowly. In the twenty-four hours ending at dark on yesterday, it fell one and one-fourth inches, and was very nearly stationary. There is six feet two inches on Cairo bottom, and one and a half feet at Trafalgar.

The Louisville Courier of Monday says: The river has continued to rise quite fast since our last report, with fully twelve feet channel water on the falls last evening, either for ascending or descending boats. During Saturday night the rise at the head of the falls was stationary, and yesterday it was rising two inches per hour in the morning, but only one inch per hour in the evening. The great bulk of the present rise is from the Kentucky river, with an immense amount of drift running, as evidence of a heavy freshet in that stream. The Cumberland also was at a good tide; the Catawba and other tributaries were very high, and the Wabash has broken its ice fetters, and was rising fast Thursday at Vincennes, and continues coming.....

The arrivals and departures since our last report were: from Cincinnati to New Orleans, the Argyle City, of Madison; New Orleans to St. Louis, Chester; New Orleans to Cincinnati, Monarch; Cairo to New Orleans, Hiawatha, Republic; New Orleans to Cairo, Imperial; from Vicksburg, Kinloch; from White river, Kenawha Valley; From St. Louis, J. D. Perry.....The Independence passed to New Orleans this evening. She was detained over.....The Admiral and the Golden State left the White river with fair trips.....Capt. King and W. H. Sowell, the clever commander and clerk of the Golden State, are honored with a highly complimentary card published in the Des Arc papers.....The Lady Jackson left Cincinnati on Saturday night and arrived here yesterday. She came down on a booming stream and busted over the falls, and though she took on a large amount of way freight, she made the trip in sixty-one and a half hours. She leaves on her return trip on Thursday—a day in advance of her regular time.....The Fred. Nicrohs brought 331 bales of cotton from Arkansas river, of which she brought 247 bales to this city leaving the remainder at Napoleon for redelivery to New Orleans.....The Silver Moon leaves this evening for Cincinnati. This is a good boat, and Bugher and Bonn are their rule as captain and clerk.....The Benjamin Franklin is up for Forked Deer river, Tennessee, Kentucky, from Vicksburg, passed the Cotton Anderson, a bulkhead had been built and pumping was going on. She has well and will probably be raised without the aid of the bell boat.....The Lady Franklin had a fair trip for Vicksburg last evening.....The St. Francis went out for St. Francis river with a good load both in cabin and hold.....The J. D. Perry left Memphis in the land of beef, bacon and corn, from St. Louis. She started last night at her return trip taking out 1200 bales of cotton seed.....The New Moon leaves for Hatchie river.....The Kenawha Valley reports plenty of water in White river to Jacksonport (Des Arc stationary) she brought 65 bales of cotton and left a hundred at Napoleon. She left on her return trip.

DEALERS IN
Italian and American Marble Monuments, Tombs, Headstones, Mantles, Hearths, Niches, Table and Counter Tops,
AND every variety of MARBLE AND STONE WORK done to order at the shortest notice.
TO SOUTHERNERS.
You, in the course of a year, send many thousands of dollars, divided among men who are scattered all over the South, to Cincinnati, St. Louis, and eastern cities, for Marble work, supposed to be as well served at home for the same money. The money thus gone to Yankees and foreigners, would, if kept at home, enable the interest to support dependents, and always pay in various ways. If of your neighbors, or Southern and Union men, you will seek out our work, and give us the same business that you give others, you will take advantage of stocks what you buy. We keep constantly on hand the best Italian and American Marble, in the shape of Monuments and Burial styles (northern customers complain of the monotony of northern cemeteries), and our workmen cannot be surpassed by any. If our work does not give entire satisfaction, we are here at home, where you can call and see it, and have it changed, or we will take it back and pay your orders, and they shall be filled promptly and at lower prices by one half to any equal work the Northern dealers can give. We ask a share of the patronage of northern and north-western capitalists.

EUREKA.
UNPARALLELED SUCCESS
OF THE
WORLD-RENOWNED
HIGHLAND BITTERS!
Or, SCOTCH TONIC,
The Greatest Remedy for all Diseases of the STOMACH, LIVER AND BOWELS EVER DISCOVERED.
Health to the Sick! Drink and Live!
TO THE PUBLIC:
A FEW months ago it was unknown to works known the almost any western or eastern quarter of this astonishing medical work, the Highland Bitters, or Medicated Scotch Tonic, which is now known in every instance, to be the only remedy or cure unknown of health to the sick and afflicted, in the entire and of every clime. It was discovered by Sir George Ballantyne, M. D., F. R. S., Professor of Military Surgery in the Far-famed University of Edinburg, Scotland. When climatic diseases were cutting off in thousands the British and French soldiers in the Crimea, during the Russian war, Sir George Ballantyne was appointed to her majesty, Queen Victoria, as chief of the medical commissioners, to investigate, in a scientific manner, the extraordinary longevity and remarkable good health which has always characterized the inhabitants of the Scottish Highlands, and the causes which led to such unknown results in the prevention of disease, exposed to a change of climate.
He, Sir George, discovered
By analyzing the herbs which had been in the habit of using a certain combination of herbs and roots, indigenous to their native hills and glens, which, when combined with oriental aromatics, was found to be the most vegetative invigorator and builder up of the human system which the world or suffering humanity has ever known.
Its Remarkable Powers as a Medicine
Were fully tested, and cures made with unprecedented success in every instance where its virtues were tried; and it might have been truly said that the good time had come at last.
Having Proved Itself
Equal to every emergency, the original recipe was handed over to a respectable firm of pharmaceutical chemists in Edinburg, who have prepared it extensively, first in accordance with the author's instructions, and time ago. And it may be mentioned as a fact, unknown to the public generally, that no other or similar preparations or stomach medicines, either in Europe or America, that spread
Three Million Bottles
were sold in Great Britain alone, besides spread of the same down exported to all parts of the habitable globe.
The attribute to the Scotch Tonic
Is to prevent as well as cure, by eliminating the root of the complaint, and thereby removing the hidden germ of disease, by gently stimulating and restoring the tingling energies of the system, and assisting nature in the task of vital and hitherto unknown information. To every one suffering from Billous and Liver Complaints, Dyspepsia, Indigestion, Heartburn, Loss of Appetite, Debility, Sick Headache, Costiveness, Impurities of the Blood, and all affections of the Stomach, Liver and Bowels, it is invaluable; and as a preventive of Chills and Fevers, whether Billous, Remittent, Intermittent, Typhoid, or any other form, it is peculiarly applicable, being a perfect regulator of the whole functions of the human system. Comparatively few doses of this palatable stomachic makes the sufferer feel elastic and vigorous, owing to all impedimenta, diseases all ingredients, strengthens decidedly the whole nervous system, and has never been known to fail in a single instance where it has been tried.
Females and Children
Can use this strengthening Cordial for weakness or nervous disturbances of any kind. To the mother, while nursing, these Bitters are indispensable, and their particularly when the mother's nourishment is inadequate to the demands of the child.
To those who wish to Reclaim
Themselves from a life of drunkenness is one of nobility, these Bitters will most effectually eradicate the morbid appetite for strong drinks, and restore both the constitution of the mind and body to a healthy condition, and will act like a charm in removing the system, and drive away the fiery Phantasms, Nervous Tremors, and all the usual attendants of debauchery.
This only true and rejuvenating Cordial, the Highland Bitters, or Scotch Tonic, is sold and prepared from the original recipe, by

Cotton Seed Oil Company.

MEMPHIS
COTTON SEED OIL COMPANY,
is now manufacturing a superior article of
OIL MEAL FOR FEED.
AS a cheap, economical and nutritious food for Horses, Mules, Oxen, Hogs, Sheep, Poultry, and stock of all kinds, especially for MILCH COWS, it has no equal. They eat it with avidity, and thrive on it wonderfully. In Europe, where all kinds of food are valued according to their intrinsic merits, this article readily commands $40 to $50 per ton. According to an analysis recently made in London, one pound Oil Cake contains as much nutriment as three pounds Corn, nine pounds Wheat Bran, or ten pounds Hay.
In sections where the unprecedented drouth has prevailed, this Oil Meal will be found a most excellent substitute for corn, costing much less, while its nutritious qualities are as three to one.
We refer the credulous to a few who have used it, not having space for the many in our possession:
FROM H. W. LEFFINGWELL, ESQ., ST. LOUIS.
ST. LOUIS, April 19, 1860.
Having heard the Cotton Seed Oil Meal highly recommended for stock, I several months ago commenced the use of it, and have continued its use ever since; and I am say as to the recommendation I had of it, the half was not told me. It is the best feed I have ever used. I would not do without it, and cannot, nor highly recommend its use.
Yours truly, H. W. LEFFINGWELL.
ASTOR HOUSE, N. Y., July 30, 1860.
MESSRS. PENTON & CO., Proprietors Memphis Cotton Seed Oil—Gentlemen: It gives me pleasure to state that I have fed your Cotton Seed Oil Meal manufactured by your company, for the past six months, with the greatest satisfaction. Having fed my cows with it (some forty-five in number), they give abundance of milk, of a rich and pleasant flavor, and I am told it can not be withdrawn at as long a date as it can be had.
Very respectfully, JOHN D. COLNT.
To be had at wholesale at our Oil Mill, Navy Yard, adjoining the Boiler Yard, and at our up-town agencies:
R. P. WALT & CO., Bradley Block.
BURDETT & CHOATE, 302 Main street.
And at all Feed Stores.

Real Estate.

YOUNG & WELD,
281 MAIN STREET,
OVER MANSFIELD & CO.'S DRUG STORE,
OFFER for sale, in addition to the list of property in another column, a Plantation of 640 acres, in Coahoma county, Mississippi, all of superior cotton land; 100 acres now in cultivation, and 100 more ready to cultivate. Only six miles from the river, in a healthy and desirable neighborhood. Good dwelling house, negro cabins, and all necessary outbuildings, etc., etc. The owner is desirous of concentrating his force on another place, which is the reason for selling. We are authorized to sell this place at a great bargain, and on very easy terms. A man with twenty hands can make the place pay for itself without expending a dollar after the first payment.
We have also another party who desires to trade improved city property, paying about twenty per cent. in rental, for land and negroes, or plantations.
