RIVER AND STEAMBOAT MATTERS.

RIVER, WEATHER, BUSINESS, ETC.—The river was stationary at this point yesterday, but of magnificent proportions. The day was one of the most beautiful of the season, with a clear sky and balmy atmosphere, save the bitterness of which, and other relational causes, business at the landing was unusually quiet.....The officers of the S. M. Tucker, just in from Little Rock, report no SO inches water in the Arkansas.....The Louisville Commercial of the 25th says the river was receding rapidly at that point the day before, with top rest water in the canal for the mark, eight feet in the steamboat room over the bulk, and eight feet on the bulks.....On Friday there were six feet six inches water in the canal at Pittsburg, while the river at Cincinnati had fallen three and a half feet in the 24 hours ending at noon on that day.....

The St. Louis Democrat of Saturday says the river fell five inches at that point in the 24 hours ending the previous evening, with about five feet water thence to Cairo. The channel was filled with floating ice, and consequently was much impeded, there being but two departures from that point during the day.....No less than twenty-seven boats touched at our wharf yesterday, as follows: From Hardesville to New Orleans, Peytona, John Rahner; New Orleans to Louisville, Woodford, Anderson, Jas. Montgomery; St. Louis to New Orleans, McBell, Choctaw, J. T. Ely, Minor, J. C. Swon; Cincinnati to Arkansas river, Quitman; Cincinnati to New Orleans, Dunleith; Cairo to New Orleans, Imperial; New Orleans to Cairo, D. A. Jamison, Bowman; New Orleans to Cairo, Prince of Wales; St. Louis to Memphis and returned, J. H. Dickey. The Platte Valley from St. Louis, Michigan from Tennessee river, Admiral and Pocahontas from White river, S. M. Tucker from Arkansas river, St. Francis from St. Francis river, Sd. J. Gay from New Orleans, and Glendale, Neptune, and Dunmore from Cincinnati, arrived at our wharf yesterday. The McKenzie and Dunlap have been called especially for the purpose of taking on a portion of the large amount of cotton which is now lying at our landing and in warehouses awaiting shipment.....The Platte Valley will go out to-day at 10 o'clock with 500 bales of compressed cotton for Cairo.....The Neptune leaves for Cincinnati to-day, with 1100 bales of cotton, while the Choctaw, for Pittsburg, takes out 1500 bales of cotton and a full passenger list.....The Glendale goes out to-morrow, for Cincinnati.....There has been a change in the order of departure of the Vicksburg packet line: The Kentucky leaves this port on Wednesday, the Victoria Saturday and the Mears on Monday.....The Admiral, from White river, yesterday brought in 400 bales of cotton, which she took on board at Memphis.....The Pike, on her last trip, went up as far as Beaver, where she took on 400 bales of cotton, but grounded on a ledge of rocks in Little Red river, and at the time our informant left, she had two hundred of her cotton out, lightened and her off, while the river was falling quite as fast as she was rising from the later of the lighters. We understand a telegraph dispatch has been received by her agents in this city, that she has effected a "clear stern" in her trip, and will be here on Wednesday.....The J. D. Perry was delayed in her departure from St. Louis for Shiloh, but the Democrat announces that she would leave on Sunday, if the condition of the river permitted.....The St. Louis Republican, of the 26 h, says: "The mood of underwriters, in view of the quantity of ice in the river, placed an embargo on insurance on any boats leaving for below. The New Orleans and Tennessee river boats mentioned are, therefore, in statu quo".....

The steamer Castle Garden, which has been converted into a tow boat, is offered for sale at Cairo, with two barges. She is a mere wheel boat, with good capacity for towing.....The New Albany Ledger says that the old William Garvin is lying opposite Townsend & White's shipyard. We understand she is for sale, and if not disposed of we learn her owners will build for her machinery. The boat is old and seems unfit for service for her owners. She has been running in some southern trade, and was once a packet between here and Henderson.

Boats Leaving.

FOR NEW ORLEANS—The fine passenger packet, Bd. J. Gay, Capt. Bart Bowen, will leave as above this day, January 29, at 5 o'clock, P. M. Thos. H. Williams & Co. are the agents.

FOR WHITE RIVER—At 4 o'clock this evening, the Lady of the Valley, Capt. Price, will leave for Jacksonport, White river. W. F. Hamlin, 36 Front row, agent.

FOR WHITE AND LITTLE RED RIVERS—The handsome and commodious steamer Admiral, Captain Thompson, will leave this evening, at 4 o'clock, for White and Little Red rivers. James T. Bourne, agent.

The time of this pays in labor and pamper abolitionists, and gives them the means to run off your negroes, and admit you in various ways. If you will call at our works on Adams and Union streets, we have the advantage of seeing what you buy. We keep constantly on hand the best Italian and American Marble, finished in the latest and finest styles (northern artists' monopoly alone excepted) and warrant satisfaction. *UNPARALLELED SUCCESS*

OF THE

WORLD-RENOWNED

HIGHLAND BITTERS!

Or, SCOTCH TONIC,

The Greatest Remedy for all Diseases of the STOMACH, LIVER and BOWELS EVER DISCOVERED.

Health to the Sick! Drink and Live!

TO THE PUBLIC:

A FEW words is all that is necessary to make known the history and wonderful curative powers of this astonishing remedial agent, the Highland Bitters, or Medicated Scotch Stomachic, which has proved itself, in every instance, to be the only remedy to resort to when all other means have failed to afford relief, and when every chemical disease were cutting off in thousands the British and French soldiers in the Crimea, during the Russian war, Sir George Kellaer, Commander of her Majesty, Queen Victoria, as chief of the medical commissioners, to investigate, in a scientific manner, the extraordinary longevity and remarkable good health which has always characterized the inhabitants of the Scottish Highlands, and the causes which led to such deep-rable results to the same individuals when exposed to a change of climate.

He, Sir George, discovered

By patient research, that the Highlanders had been in the habit of using a certain secret root or herb, growing in roots, indigenous to their native hills and glens, which, when combined with oriental aromatics, was found to be the most expectative invigorator and builder up of the human system which the world or suffering humanity has ever known.

Its Remarkable Powers as a Medicine

Were fully tested, and crowned with unprecedented success in every instance where its virtues were tried; and it might have been truly said that the good time had come at last.

Having Proved itself

Equal to every emergency, the original recipe was handed over to a respectable firm of pharmaceutical chemists in Edinburg, who have prepared it exclusively, till its introduction into the Southern States a short time ago. And it may be mentioned as a notable proof of its intrinsic merit and superiority over all other preparations or stomach medicines, either in Europe or America, that upward of

Three Million Bottles

Were sold in Great Britain alone, besides upward of 700,000 dozen exported to all parts of the habitable globe.

The attribute to the Scotch Tonic

Is to prevent as well as cure, by attacking the root of the complaint, and thereby removing the hidden cause of disease, by gently stimulating and restoring the drooping energies of the system, and assisting nature in her task of vital and functional regulation. To every one suffering from Bilious and Liver Complaints, Dyspepsia, Indigestion, Heartburn, Loss of Appetite, Debility, Sick Headache, Costiveness, Impurities of the Blood, and all Affections of the Stomach Liver and Bowels, it is invaluable, as a preventive of Chills and Fevers, whether Bilious, Remittent, Intermittent, Typhoid or any other form of fever, peculiarly applicable, being a perfect regulator of the whole functions of the human system. Comparatively few doses of this invaluable stomachic make the sufferer feel elastic and vigorous, renew all impediments, cleanse all impurities, and restore the system to its pristine freshness and has never been known to fail in a single instance where it has been tried.

Females and Children

Can use this strengthening Cordial for weakness or stomach diseases of any kind. To the mother, while nursing, the Scotch Tonic is invaluable, and may peculiarly when the mother's nourishment is inadequate to the demands of the child.

To those who wish to Reclaim

Themselves from a life of drunkenness to one of sobriety, temperance, and happiness, we recommend the morbid appetite for strong drinks, and restore both the functions of the mind and body to a sound healthy condition, and will act like a charm in removing the craving, and drive away the Sick Headache, Nervous Debility, and all the consequences of hard drinking.

This only true and celebrated Cordial, the Highland Bitters, or Scotch Tonic, is sold and prepared from the original recipe, by

## Cotton Seed Oil Company.

MEMPHIS

COTTON SEED OIL COMPANY,

is now manufacturing a superior article of

*OIL MEAL FOR FEED.*

AS a cheap, economical and nutritious food for Horses, Mules, Oxen, Hogs, Sheep, Poultry, and stock of all kinds, especially for MILCH COWS, it has no equal. They eat it with avidity, and thrive on it wonderfully. In Europe, where all kinds of food are carefully adapted to their different specific ends, this article readily commands sale at $50 per ton. According to an analytical review made in London, one-pound Oil Cake contains as much nutriment as three pounds clover, nine pounds Wheat Bran, or ten pounds Oats.

In sections where the unprovoked war has prevailed, this Oil Meal will be found a most excellent substitute for corn, cutting short loss, while its nutritious qualities are as three to one.

We refer the undersigned to a few of the many who have used it, not having space for the many on our possession:

FROM H. W. LEFFINGWELL, ESQ., ST. LOUIS.

ST. LOUIS, April 15, 1860.

Having heard the Cotton Seed Oil Meal highly recommended for stock, I ordered some for my own use; and I can say as to the recommendation I find of it, the half was not told me. It is the best feed I have ever used. I would not do without it, and cannot too highly recommend its use. Yours truly,

H. W. LEFFINGWELL.

ASTOR HOUSE, N. Y., July 20, 1860.

We are using at our cow's farm, near Newark, New Jersey, the Cotton Seed Meal, and find it wonderful, when properly prepared, for fat meat and milk. We are all interested in this meal, as it is very valuable, not only for fattening and dairy use, but for the purpose peculiar to our agriculture, and its greatest use will add greatly to our national interests. One hundred and fifty cows are kept on this farm for the exclusive use of the hotel.

W. A. STETSON.

MEMPHIS, TENN., August 16, 1860.

MESSRS. FENTON & CO., Proprietors Memphis Cotton Seed Oil Mill—Gentlemen: It gives me pleasure to state that I have been using the Cotton Seed Oil Meal manufactured by your company, for the past six months, with the greatest satisfaction. Having fed my cows with it (some forty-five in number), they give abundance of milk, of a rich and pleasant character, and I would be without it as long as it could be had.

Very respectfully, JOHN D. COLEY.

To be had at wholesale at our Oil Mill, Navy Yard, at Depot of the Boiler Yard, and at our up-town agencies:

R. P. WALT & CO., Bruton Block,
