Daily Appeal.

RIVER AND STEAMBOAT MATTERS.

The weather was cloudy, but warm and pleasant yesterday.....Business at the river was dull.....The river was slowly rising.....The arrivals and departures registered since our last were: From St. Louis to New Orleans, L. M. Kennedy; from Cincinnati to New Orleans, Tennessee, South Western, Decatur; Nashville for New Orleans, Red River. From Arkansas river, Sporting Pittsburg; from Cincinnati, Lady Pike; from New Orleans for St. Louis, Millwell, Illinois, Memphis.....The Kentucky left for Cincinnati, with a moderate trip.....The Forty was expected in last night, and will leave for St. Louis this morning; her visits will do well to take heed; the Forty is a good boat to take a trip on.....The Little Rock had some repairs done to her chimneys and boiler setting yesterday, and leaves for the Arkansas river this evening.....The Tom will go out under Capt. Joe Lonergan; she has nearly four hundred bales of cotton on board.....The little New Moon is up for White river.....The Fitzhugh, which has been detained in the Arkansas river nearly twelve months, came in with forty bales of cotton; she leaves to-day for Cincinnati.....The Lady Franklin came in with a prodigious load of freight. She will leave to-morrow at noon—a fact all persons bound up the river should notice, as the boat will be clever Captain, Eugene Bowers, never fail to plough.....The Glendale left last evening with the Housend two hundred and seventeen bales of cotton and a fine load of people.....The St. J. Sar, down from Cairo, had on board sixteen thousand sacks of corn and three hundred barrels of flour; she could not take one thousand bales of cotton, which had been engaged for her here.....The Magenta went down from Louisville, loaded as deep as she could lie in the water, for New Orleans.....The day reported three thousand tons of freight lying at Cairo awaiting re-shipment.....The Key West was reported having taken twelve hundred bales of cotton for New Orleans in the Arkansas river. A dispatch received here states that both the Key West and Ole, participating a large quantity of cotton, and that a boat that came along received a quantity of it.....The S. H. Tucker does not some here this trip, she obtained a large load in Little Rock, for up stream, and goes on to Fort Smith.....The Boston Weekly, when she passed down, had but one of boats, turn, and whether all from the house of Becker & Co., of Mound City above Cairo, it is assigned to parts on Red river.....The river going took eleven tows' cargoes from the Commercial on Tuesday, but they were right forced and out at liberty on the testimony of the captain. The St. Louis Republican of Tuesday informs us: The river here is falling slowly. There is twelve feet yet in the channel one to Cairo. The upper rivers are about stationary. The Illinois is open to Peoria, and the upper Mississippi to Keokuk. The Missouri river is open above St. Joseph, and there is a good stage of water. Business is now brisk at the St. Louis landing.....Capt. Dillavan has so far recovered from his sickness as to be able to resume the command of the Alone Child.....

The Motor had a tedious passage up to St. Louis. On the morning of the 16th, when at Flower Island, opposite Fulton, she picked up a mast, leaving away her tarboard wheelhouse, flutes, pillow-blocks, water-wheel beams, etc. The Clara Bolton was employed to tow the Motor to Cairo, and from there she proceeded to Mound City for repairs. February 22, having completed repairs, she started for St. Louis, and when near Devil's Island, she encountered a severe storm, carrying away chimneys and wheelhouse, besides damaging the skin to a considerable extent.....The Cincinnati Commercial of Tuesday reports: "At Pittsburg last night the river was 11 feet and stationary. At Wheeling 18 feet and stationary, with 10 feet and falling at Parkersburg."

The Lady Pike, on her trip from Cincinnati, made the trip in 4 days, 19 hours; she is expected to leave the Memphis trade and go in the Pioneer line from Cincinnati to Nashville.....The Louisville Courier of Tuesday says: "The river was falling rather fast yesterday, with some brickbats and bottles in the canal by the dark. During the previous twenty-four hours the river had fallen eleven inches at the head of the falls and nearly three feet at Portland. On the falls last evening there were but six and a half feet obstructed water, or seven and a half feet in the pass, and by this morning we think there will not be water enough on the falls for accepting boats.....The Cumberland was still swelling, with about seven feet water on the shoals.....

The Mariner on her last trip from this city to Louisville broke her machinery when just above Evansville and had to go on one wheel.....The railroads South, leading from Nashville on the Cumberland, and Florence on the Tennessee, are perfectly blocked with provisions and produce. The railroad managers, however, are moving off the accumulated masses as fast as them can do the work.....

The Louisville Courier says, among parties about to contract in that city for new boats building, "We may now state that Capt. Newell of the H. R. W. Hill, and Capt. Clarke, of the Bonnie, design building new packets for the Memphis and New Orleans trade, for next season. They will want splendid passenger boats, as well as fast ones."..... The same paper states the tariff established in New Orleans upon imports from abolitionist States, has caused an advance in whisky. The duty on said contraband is 30 per cent. ad valorem, and the vendors of the article have advanced their prices to thirty-five cents per gallon. That's heavy on the consumers.

Boats Leaving.

FOR VICKSBURG.—The steamer Kentucky, Capt. Lee, is the regular packet for Vicksburg this evening, and will leave at 5 o'clock. Hillert, Vinson & Co., are the agents.

FOR ST. LOUIS.—At 5 o'clock this evening, the fine steamer J. D. Perry, Capt. Rogers, will leave this port for St. Louis. Job Lawrence, at the St. Louis wharf-boat, is the agent.

EUREKA.

UNPARALLELED SUCCESS

OF THE

WORLD-RENOWNED

HIGHLAND BITTERS!

Or, SCOTCH TONIC,

The Greatest Remedy for all Diseases of the STOMACH, LIVER and BOWELS EVER DISCOVERED.

Health to the Sick! Drink and Live!

TO THE PUBLIC:

A FEW words in all that is necessary to make known the history and wonderful curative powers of this astonishing remedial agent, the Highland Bitters, or celebrated Scotch Tonic, which has proved itself in every instance, to be the only panacea or true talisman of health in the sick and afflicted of every nation and of every clime. It was discovered by Sir George Ballingall, M. D., F. R. S., Professor of Military Surgery in the far-famed University of Edinburg, Scotland. When climatic diseases were cutting off in thousands the British and French soldiers in the Crimea, during the Russian war, Sir George Ballingall was appointed by her majesty, Queen Victoria, as chief of the medical commission, to investigate, in a scientific manner, the extraordinary longevity and remarkable good health which has always characterized the inhabitants of the Scottish Highlands, and the causes which led to such dispositions results to the same individuals when exposed to a change of climate.

He, Sir George, discovered

By patient research, that the Highlanders had been in the habit of using a certain combination of herbs and roots, indigenous to their native hills and glens, which, when combined with other ingredients, was found to be the most superlative invigorator and builder up of the human system which the world or suffering humanity has ever known.

Its Remarkable Powers as a Medicine

Were fully tested, and received with unprecedented success in every instance where its virtues were tried; and it might have been truly said that the good thing had come at last.

Having Proved itself

Equal to every emergency, the original recipe was handed over to a respectable firm of pharmaceutical chemists in Edinburg, who have prepared it exclusively for its introduction into the Southern States a short time ago. And it may be mentioned as a curious fact of its intrinsic merit and superiority over all other preparations or stomach medicines, either in Europe or America, that upward of

Three Million Bottles

Were sold in Great Britain alone, besides upward of 100,000 dozen exported to all parts of the habitable globe.

The attribute to the Scotch Tonic

Is to prevent as well as cure, by attacking the root of the complaint, and thereby cutting off a hidden source of disease, by gently stimulating and restoring the drooping energies of the system, and enabling nature to take hold of vital and functionary restoration. To every one suffering from Bilious and Liver Complaints, Dyspepsia, Indigestion, Loss of Appetite, Debility, Sick Headache, Costiveness, Impurities of the Blood, and all Affections of the Stomach, Liver and Bowels, it is invaluable; and as a preventive of Chills and Fevers, whether Bilious, Remittent, Intermittent, Typhoid, or any other form, it is universally applauded, being a perfect regulator of the whole functions of the human system. Comparatively few doses of this delightful stomachic make the sufferer feel elastic and vigorous, removing all impediments, diseases all impurities, strengthens generally the whole human frame, and has never been known to fail in a single instance where it has been taken.

Females and Children

Can use this strengthening Cordial for weakness or stomach disorder of any kind. To the mother, while nursing, these Bitters are indispensable, and more particularly when the infant's nourishment is inadequate to the support of the child.

To those who wish to Reclaim

Themselves from a life of drunkenness is one of admirable virtues of these Bitters, as they effectually dissipate the morbid appetite for strong drinks, and restore both the functions of the mind and body to a sound healthy condition, and will act like a charm in removing the craving, and drive away the Blue Devils, Horrors, Megrims, and all the mental attendants of drunkenness.

This only true and rejuvenating Cordial, the Highland Bitters, or Scotch Tonic, is only and prepared from the original recipe, by

S. MANSFIELD & CO., Pharmaceutical and Manufacturing Chemists and Druggists, No. 201 and 203 Main-street, Memphis, Tenn.

The only authorized proprietors in the United States. Beware of spurious imitations. Each genuine bottle is countersigned, which is proxy.

Sold by all respectable druggists, merchants, grocers and hotel keepers in the Southern States.

IF A liberal discount to the trade. feb28-3months

New Memphis Jail.

Time Extended for the Letting of the same.

PROPOSALS will be received by the undersigned commissioners, appointed by the County Court of Shelby county, at the office of the architect, James R. Cook, Esq., of the city of Memphis, until 12 o'clock, on THURSDAY, the 28th day of March, 1861, for building a Jail on the north west and Adams and Martin streets, in the city of Memphis, according to plans and specifications on file in said office.

Contractors will be required to give a bond for double the amount of the contracts, with two approved sureties for the faithful performance of the same.

The commissioners reserve the right to reject any tender not satisfactory to them.

On the certificate and estimate of the architect, payment will be made monthly by the board of Shelby county, running one and two years, and bearing six per cent. interest, retaining one-third of the monthly estimate until the finishing and delivery of the work.

All further information or explanation will be given on application to the undersigned, or to the architect, at his office, corner of Main and Madison streets, Memphis, Tennessee.

Cotton Seed Oil Company.

MEMPHIS COTTON SEED OIL COMPANY,

is now manufacturing a superior article of

OIL MEAL FOR FEED.

AS a cheap, economical and nutritious food for Horses, Mules, Oxen, Hogs, Sheep, Poultry, and stock of all kinds, especially for MILCH COWS, it has no equal. They eat it with avidity, and thrive on it wonderfully. In Europe, where all kinds of food are valued according to their intrinsic worth, this article readily commands $40 to $60 per ton. According to an analysis recently made in London, one pound Oil Cake contains as much nutriment as three pounds Corn, nine pounds Wheat Bran, or ten pounds Hay.

In seasons where the unprecedented drouth has prevailed, this Oil Meal will be found a most excellent substitute for corn, costing much less, while its nutritious qualities are as three to one.

Whether the substitute a few years has been tried it is not having space for the same in our possession:

FROM H. W. LEFFINGWELL, ESQ., ST. LOUIS.

ST. LOUIS, April 12, 1860.

Having heard the Cotton Seed Oil Meal highly recommended for stock, I several months ago commenced the use of it, and have continued its use ever since; and I can say as to the recommendation I had of it, the half was not told me. It is the best feed I have ever found. I would not do without it, and cannot too highly recommend its use.

Yours truly, H. W. LEFFINGWELL.

ASTOR HOUSE, N. Y., July 20, 1860.

We are using at our farm, near Newark, New Jersey, the Cotton Seed Meal, and find it wonderful, when properly prepared, for fat meat and milk. We are all interested in this meal, as it is very valuable, and only for fattening and milking purposes. Being specially to our agriculture, and the general line will add greatly to our national interests. One hundred and fifty cows are kept on this farm for the exclusive use of the hotel.

Truly yours, M. A. SPERRIN.

MEMPHIS, Tenn., August 14, 1860.

MESSRS. FENTON & Co., Proprietors Memphis Cotton Seed Oil—Gentlemen: It gives me pleasure to state that I have used your Cotton Seed Oil Meal manufactured by your company, for the past six months, with the greatest satisfaction. Having fed my cows with it (some forty-five in number), they give abundance of milk, of a rich and yellow color, and I believe the butter will be improved by its use.

JOHN D. COLBY.

To be fast at wholesale at our Oil Mill, Navy Yard, adjoining the Roller Yard, and at our agent's agencies:

R. P. WALT & CO., Bradley Block.
HURDETT & CHOATE, 22 Main street.
And at all Feed Stores.

FENTON & CO., Proprietors.

Real Estate.

YOUNG & WELD,

281 MAIN STREET,

OVER MANSFIELD & CO.'S DRUG STORE.

OFFER for sale, in addition to the list of property in another column, a Plantation of 600 acres, in Coahoma county, Mississippi, all of superior cotton land, 100 acres now in cultivation, and 100 more ready to cultivate. Only six miles from the river. In a healthy and desirable neighborhood. Good dwelling house, negro cabins, and all necessary outbuildings, etc., etc. The owner is desirous of concentrating his force on another plantation, which is his reason for selling. We are authorized to sell this place at a great bargain, and on very easy terms. A man with twenty hands can make the place pay for itself without expending a dollar after the first payment.

We have also another party who desires to trade improved city property, paying about twenty per cent. in rents, for land and stock, or merchandise.

YOUNG & WELD, feb 281 Main street, up stairs.

DR. BILLING'S

Carminative Sirup.

"Truth is Mighty and Will Prevail.

THOUSANDS can attest the force of this truism, when they look around and see the happy faces of their Family, Friends and Neighbors, in the enjoyment of health, which they owe to the use of the preparation given by the timely use of this invaluable medicine.

CHOLERA! that scourge—that curse of the Mississippi Valley, has lost its dread! DIARRHŒA! with its debilitating influence, is as the past. FLUX! one of the most fatal diseases to which the human system is overcome, and all irregularities of the bowels are removed by the use of Dr. Billing's Sirup.

DR. BILLING'S CARMINATIVE

Has been before the public for the last ten years, and each succeeding year adds testimony to its efficacy. Given in a few hours, it has now reached every quarter of the globe, and it requires the greatest exertions on the part of the proprietors to supply the extraordinary consumption of this preparation.

DIARRHEA, CHOLERA MORBUS
BLOODY FLUX, ASIATIC CHOLERA.
Try it! Use it! Recommend it!
