Passenger Train leaves Ferry Landing daily (Sundays excepted) at 7.00 A. M. Arrives at 4 P. M. Connects at Madison with AYRAMORE Stage Company and Overland M. C. Coaches to Little Rock, Fort Smith, San Francisco, California; Fort Burlington, Washington, Arkansas; Clarksville, Texas, and all principal points in Arkansas and Texas. Tickets sold by L. S. Knowlton, No. 14 Jefferson street.

SPECIAL NOTICE.—We have been requested by the news agents on the various railroads, to request persons at the different stations along those roads to ascertain among themselves, before the arrival of the trains, the number of papers the crowd wants, and place the money to pay for them in the hands of one person, who can receive the papers and distribute them to all who wish to purchase. The demand for the papers is so great that the newsboys find it impossible, in the short space of time the trains remain at a station, to supply all who want to purchase by delivering a paper to each separately, receiving the money, making change, etc. By adopting the plan above suggested, all may be supplied without failure.

☞ We are under obligations to our friend Thomas Jones for late Cincinnati and Paducah papers.

☞ We are indebted to H. Borden, Esq., of the Express office, for late Louisville, Cincinnati and New Orleans papers.

A CALL.—Many volunteers desire to say that W. A. Lonergan, Esq., will accept the command of a company, under the title of the "Palmetto Warriors." He can have it filled up in a few days.

☞ It is stated in the Pelersburg *Express*, that some young ladies from Memphis, who were in Bethlehem, Pennsylvania, at school, had been grossly insulted, and were now about to return home.

☞ The attention of the members of our various volunteer companies is invited to the card of Prof. WARNER, to be found in another column. His proposition is a liberal one, and we doubt not there are many who need his services.

ATTENTION, FRENCHMEN!—The Frenchmen residing in Memphis are requested to assemble in the second store room from the office of the Gayoso house, this evening at 8 o'clock, for the purpose of forming a military company for the defense of Memphis.

GAYOSO PLAN.—We observe that our friend Col. Cockrell has the flag of the Confederate States floating over his hotel. A South Carolinian by birth, education and sympathy, there is no finer man in all the South to his section, than Col. D. Cockrell.

CAUGHT.—Officer Moore, of Louisville, was in the city yesterday to take back with him Tho's L. Moore, arrested by officers Klinck and Dyer on the charge of running off from Louisville, where he is under bond to answer to two indictments.

A NEW COMPANY.—We learn that it is the purpose of the French citizens of Memphis to form themselves into a military company. A meeting for this purpose will be held at the Gayoso house this evening, at half-past seven o'clock. All Frenchmen desiring to enter into such an organization are desired to attend.

☞ Our friend Hugh D. Greer announces himself this morning as a candidate for the office of brigadier-general, Tennessee militia, for the brigade composed of the counties of Fayette and Shelby. He is a sterling gentleman, and if elected, will make a gallant and chivalrous officer.

ATTENTION MEMPHIS LEGION!—All the commissioned officers (the captains and lieutenants) of the new companies, (the 154th regiment excepted) are requested to meet at the Gayoso block, Main street, on Tuesday, the 23d inst., at ten o'clock a. m., to take into consideration a proposition submitted by Jeff. Davis.

☞ Delegates going to the Baptist convention at Savannah, Georgia, will be required to pay full fare over the Memphis and Charleston railroad. The certificate of their presiding officer that they are delegates, will be a free pass over the road in returning from said convention.

MAYOR'S PROCLAMATION.—It will be seen by this document that Mayor Baugh has set about the defense of the city against abolition aggression in good earnest. He has made a very proper division of his arduous duties, and called to his assistance gentlemen who have the capacity and energy to render efficient service.

ANOTHER RESIGNATION.—We had the pleasure of a visit yesterday from Lieut. Jno. W. Dunnington, of the United States navy, and brother of our friend F. C. Dunnington, of the Nashville Union. Lieut. Dunnington informs us that he has tendered his resignation to the Government, and intends offering his services to the Confederate States.

THE MARION FOXES.—The Marion Foxes a complete success—twenty-nine names enrolled. After the organization an election of officers took place, when the following gentlemen were duly elected: J. M. Woodward, captain; J. L. H. Taylor, 1st lieutenant; S. Hardin Perkins, 2d lieutenant; W. S. W. Montgomery, 3d lieutenant; H. S. Bickerstaff, 4th lieutenant. The utmost harmony prevailed. Nightly meetings will be held at their armory for the future.

SCARCE.—Our columns this morning bear serious testimony to the evils that arise from carrying concealed weapons. On Sunday night at the Cincinnati Exchange, opposite the jail, two men, named John Heritha and Timothy Sirs, got into a difficulty, when the former drew a knife and stabbed the latter in the neck and groin. The wounds are somewhat serious. Heritha was taken before Esq. Horne yesterday, who committed him to jail for trial in default of a thousand dollars bail.

A NEW MILITARY ORGANIZATION.—We are informed by two or three gentlemen of military experience that they design forming a battalion of rifle spies or scouts. A meeting of the officers of the various companies, who propose to join in this movement, will be held at the office of Dr. J. M. Keller this morning at 10 o'clock. It is hoped that every one who feels an interest in this enterprise will be present. This is the most effective branch of any military force, and we hope that the organization will be perfected immediately.

SOUTH MEMPHIS LADIES' PATRIOTIC ASSOCIATION.—A number of the ladies of South Memphis met at Grace church, on Monday evening, to arrange for the making up of military uniforms. Mrs. D. F. Townsend was appointed president, Miss Mary Orne, secretary, and Mrs. Regan, treasurer. Thirty ladies enrolled themselves as members, and it was resolved to take the name of "The Ladies' Patriotic Association of South Memphis." They will make uniforms for the Young Guards, the Shelby Greys, and companies of the home guard of South Memphis. Mrs. Capt. McMunn, Mrs. Dr. Sale and the Misses Creighton, were appointed a committee to solicit funds or sewing materials. The association will meet, for the purpose, on Saturday evening at 3 o'clock, at the residence of Mrs. Taylor, on Mulberry street, between Beal and Linden, where uniforms, cut and ready for making up, may be sent immediately. All ladies willing to assist, or to become members of the association, are cordially invited to attend at Mrs. Taylor's on Wednesday evening next.

ENGINEER SHOT.—When the train on the Charleston railroad coming this way, was at Corinth, Miss., on Sunday, some of the passengers hoisted the flag of the Confederate States. At Lafayette, thirty miles from this city, when the train arrived, C. D. McLean, son of Col. McLean of this city, approached the engineer, Mr. Wm. Hodge, and demanded the flag. The engineer informed him that it did not belong to him, but to some of the passengers on the train, and he could not give it up. Young McLean insisted upon possessing it, and Hodge still refusing, McLean drew a pistol and fired at Hodge twice. The second time the shot took effect in Hodge's right thigh, inflicting a severe and probably fatal wound. Hodge fell upon the platform, and McLean, handing his pistol to a bystander, procured a horse and fled. Hodge was left at LaFayette. The occurrence produced the most intense excitement among the passengers on the train, and they endeavored to get the conductor of the train to remain there until they could pursue and capture McLean, but he was unable to do so. McLean is well known in this city, and it is supposed by those who know him that he must have been under the influence of liquor.

THE SPRING RACES.—Public attention has been so much occupied with the stirring political events of the last two weeks, that the near approach of the annual spring meeting over the Memphis course has been almost entirely overlooked. We learn from the secretary that the busy note of preparation for the coming struggle may be heard there, also, and that past stake at two mile heats, for which there are four nominations, and which cannot fail to be a most exciting contest. This race will probably bring together Mr. Foley's Betty Ward, Capt. Moore's Molly Jackson and Wm. Roundtree's Sally Woodward. The horses are all on the ground and all doing well, and it will require a shrewd guesser to pick out the "slick horse" in such a party. For Tuesday, we are to have the Worsham house stake for three year olds, and a dash of two miles for the splendid Campbell stake cup. On Wednesday, club purse $300, mile heats, best three in five. Thursday, club purse $600, two mile heats. Friday, mile heats for a purse of $400, and Saturday, a post stake at heats of three miles, $200 subscription, p or p, with $1000 added by the club. Three purses, it may be observed, are larger than are given by any other club except the Metairie, and although, in the present state of the country, we may not reasonably expect so large an attendance of visitors, we are yet gratified to know that the racing promises to be more than usually good, and those who do attend will be amply repaid in witnessing a fine week's sport. Among the notabilities in turf annals already on the ground, we may mention, first, Mr. H. R. Foley's string, under the direction of Dr. J. W. Weldon. At the head of his list stands the peerless son of Lexington and Blue Bonnet, Lightning, who comes fresh from the glorious fields of Louisiana, where he met and conquered the best blood of the country, including the pride of Virginia, the renowned Planet, at four mile heats. His acknowledged rank as the first four miler of the day, a breed which he has won by hard service, entitles him to be named fast. His stable companion is the gay and dashing Betty Ward, whose previous exploits here and elsewhere have made her name familiar as household words to all patrons of the turf. Both are doing well, and will give a good report of themselves next week. Capt. Thos. G. Moore is on hand with a string of four. At the head of his list we must name the matchless Laura Ferris, the vixenas in twelve successive races, and only defeated by a nose in the 13th, in the quickest heat ever run in America. In the same stable are to be found Molly Jackson, the Albion filly, Lady Kiffie, and Idlewild, three names all well known to fame, and the last mentioned a winner of two races recently at New Orleans, at mile and two mile heats—both in excellent time. At the head of Mr. Sanders's string, we must name Magenta, the shabby Yorkshire filly, whose good fortune it was to pluck the laurel from the brow of Laura Ferris at the late New Orleans spring meeting, winning the dash at two miles in 3.36¼, beating Exchequer and distancing Neill Robinson. She has won at all distances, and last fall, it will be recollected, beat Joe Stoner at four mile heats over the Memphis course. She will meet Lightning on Saturday, in the three mile post stake, if not sooner. Along with Magenta is Twilight, a name with which our readers are already familiar, and who followed up her victory here last fall, by winning at Natchez, Mobile and New Orleans. In the same stable, under the direction of the veteran and accomplished trainer, Mr. T. B. Patterson, is Messrs. Douglas & Turner's Albion colt, out of sister to Flight, a very handsome and promising three-year old. Mr. Broadfoot has four, including Sally Woodward, Berta McGavock and an Epsilon filly belonging to Mr. Faris, of Missouri. They are all doing well and will make a good report of themselves. In addition to the six stables already on the ground Mr. Barnes is expected with three from Gallatin. He should reach here to-day or to-morrow. We trust he may come, to verify the old adage, the more the merrier; but whether he come or not, it will be seen that the prospect is good for the best week's racing we have had for several meetings, if not the best we have ever had. With so many of the finest horses in the country and a programme arranged to have one good race each day, we may confidently promise those who attend a week of rare enjoyment.

J. R. DUDSON, Sec'y.

HANDS FOR THE BATTERIES.—A call was made a few days ago on planters to furnish negroes to erect batteries for the protection of the city and neighborhood. Several planters have called upon us and expressed their willingness to give the required aid, if the proper authority call upon them soon, as the cotton planting is nearly over. In a short time the hands cannot be spared without loss to the crop. Make the call quickly, and they will gladly respond.

FOR JACKSON.—The following prisoners leave the jail this morning, in charge of sheriff Felts, for Jackson, they having obtained new trials at the supreme court: Geo. Smith, John Greer, Chas. Neil and Thos. Jones, charged with robbery; the negro Moses, condemned to be hanged for killing an ocean player; Timothy Ballister, larceny; J. R. Hutchinson, passing counterfeit money; Wm. Moore, alias Flexey, larceny.

ANOTHER SCARRING CASE.—Yesterday afternoon at 4 o'clock, H. Noll and a German friend got into a conversation, near the Gayoso house, in German gutturals, respecting the merits of a German captain of one of our old military companies, when Noll—who is a respectable boss shoemaker, from Jackson, Tennessee—became so provoked that he stabbed his friend in the head and side. The wounds were superficial, and will do but little harm. Officer Moore arrested Noll.

NEW CITY OFFICES.—The new city offices at the north-east corner of Madison and Second streets, are rapidly approaching completion. The hall allotted for council is roomy and airy, and the rooms for offices are convenient and comfortable. The change will be a great improvement every way.

STABBED AND KILLED.—At a ball on Poplar street on Saturday night, a man named McDonald got into a quarrel with James Higgins, in the course of which he became so exasperated as to stab him in the left breast. He made his escape, and on Sunday morning Higgins died.

FOOT SMITH.—We learn from Col. Montgomery, of the Arkansas telegraph line, that Col. Johnson has left Little Rock for Fort Smith. On his arrival he will have five hundred troops under him, and with these it is his intention to take the fort.

SECESSION FLAG.—The proprietors of the Worsham house yesterday hoisted a large new flag of the Confederated States, from the cupola on the house. It was raised to the military sounds of drum and fife.

STEALING.—Hugh Morrison, for stealing forty-five dollars in gold from John Winters, and Thomas Daniel, for stealing a five dollar bill from M. M. Kerwin, were each committed to jail for trial yesterday by Esq. Horne.

ENCAMPED.—The Southern Guards mustered yesterday for a week's encampment. One-half will be at the powder magazine near the Cathedral burying ground, the other half at the Fort Pickering powder magazine.

LEVEE AT HELENA.—At Helena the city council have determined to have a levee thrown up to protect the city from the rising waters. It will be in front of the city.

A WAR CLAUSE.—According to the Cincinnati *Commercial*, the underwriters of that city began yesterday to insert a war clause in all marine policies issued by them.

POLICE DRILL.—We learn that the police of this city will be taught regular drill, the night police in the afternoon, the day police in the evening.

THE LAST NAIL.—Yesterday the last nail of the Mobile and Ohio railroad was driven. The first train will soon pass over the entire road from Mobile, Ala., to Columbus, Ky.

ACQUITTED.—James Dorrough, who was on trial before Judge Swayne on Saturday, on the charge of killing Peter McGee, was acquitted.

SOIREE.—A dramatic and musical soiree takes place at Odd-fellows' hall this evening, for the benefit of Miss Julia Barton.

ERRONEOUS.—Our information about the arrival of a large amount of coal by the *Sisigies* on Saturday, was entirely erroneous.

DROWNED.—On Saturday a little child fell into the bayou and was drowned.

WEEKLY REPORT OF THE MARKET.

PURCHASED FROM THE MERCHANTS' EXCHANGE.

MEMPHIS, April 22.

[NOTE.—The quotations given in the following review, it must be understood, are wholesale prices, except unless otherwise noticed, and that in all cases in the filling of small orders, higher rates will be charged.]

The exciting war news has been the great topic of conversation for the week, and has absorbed the attention of our merchants in the attention of regular business. Our money market is considerably deranged, but must soon accommodate itself to the new order of things. War and rumors of war have produced, and will continue to produce, disastrous effects upon the material interests of the country, and while the tremors continue no time contracts or engagements will be entered into, but all purchases and sales must be made for cash. The cotton season is rapidly drawing to a close, the business of the week having been on a very limited scale, and with little or no competition among buyers, prices continue to have a downward tendency. The prospect at an early commencement of hostilities between the two sections, in which great our receipts of produce and provisions will be materially restricted, has caused a further advance in flour, corn, bar, rope, meats, and, in fact, all descriptions of provisions. Groceries remain firm and unchanged. The iron market is less active, but we have no change to note in prices. The weather throughout the west has been generally favorable for planting interest, and in this section, especially, cotton and corn planting is being prosecuted with the utmost dispatch. The river is still rising slowly, and at six o'clock yesterday evening we had twenty-two inches of extreme high water mark of June, 1858.

COTTON.—At the date of our last weekly report, we stated that the market was depressed by the political excitement, and that prices had a downward tendency. The market was very unsettled during the week, and the sales were reduced to 122 bales. Wednesday's business was limited to 141 bales, while on Thursday, with the Kentucky advices of the 6th, of an active market at a slight advance, and for parcels coming forward, the business aggregated 175 bales. On Friday, operations were again of a limited character, the demand being confined to a very few parcels, which dealt to the extent of early 100 bales. Prices were irregular and nearly easier for buyers, requiring a reduction of ⅛@¼c in our quotations. On Saturday there was scarcely any movement in the market, the demand being very limited, and the sales amounting to only 50 bales. Our receipts during the market was very dull—in fact there was nothing doing, the unsettled state of political and financial affairs, the uncertainty attending shipments in every direction, and other considerations, tending to embarrass, and paralyze all check business and bring the market to a complete standstill. In the present state of the trade, all quotations are at best but nominal, and we repeat the following as matter of reference only:

MEMPHIS COTTON QUOTATIONS.

|---|---|---|---|
| Ordinary | 9 @ 9½ | Strict Middling | —@— |
| Good Ordinary | 9 @ 9½ | Good Middling | 10 @ 10½ |
| Low Middling | 9½ @ 10½ | Middling Fair | nominal |
| Middling | 10½ @ 10½ | Fair | nominal |

The receipts of cotton at this port from all sources from September 1st to Saturday last, comprised 365,351 bales, against 364,879 bales to same date last year—decrease this year of 18,543 bales. The shipments to same period amounted to 308,915 bales, against 303,239 bales for the corresponding period last year—increase this year of 3,877 bales, and leaving a stock on hand of 74 bales.

TOBACCO.—The market has been less active during the past week, but holders generally continue firm of former quotations, which have ruled in all cases as the fact, all descriptions of provisions. Sugar remains firm and unchanged. The iron market is less active, but we have no change to note in prices. The weather throughout the west has been generally favorable for planting interest, and in this section, especially, cotton and corn planting is being prosecuted with the utmost dispatch. The river is still rising slowly, and at six o'clock yesterday evening we had twenty-two inches of extreme high water mark of June, 1858.

COTTON—At the date of our last weekly report, we stated that the market was depressed by the political excitement, and that prices had a downward tendency. The market was very unsettled during the week, and the sales were reduced to 122 bales. Wednesday's business was limited to 141 bales, while on Thursday, with the Kentucky advices of the 6th, of an active market at a slight advance, and for parcels coming forward, the business aggregated 175 bales. On Friday, operations were again of a limited character, the demand being confined to a very few parcels, which dealt to the extent of early 100 bales. Prices were irregular and nearly easier for buyers, requiring a reduction of ⅛@¼c in our quotations. On Saturday there was scarcely any movement in the market, the demand being very limited, and the sales amounting to only 50 bales. Our receipts during the market was very dull—in fact there was nothing doing, the unsettled state of political and financial affairs, the uncertainty attending shipments in every direction, and other considerations, tending to embarrass, and paralyze all check business and bring the market to a complete standstill. In the present state of the trade, all quotations are at best but nominal, and we repeat the following as matter of reference only:
