Passenger Train leaves Ferry Landing daily (Sundays excepted) at 7.00 A. M. Arrives at 6 P. M. Connects at Madison with Arkansas River Company and Overland Mail Coaches to Little Rock, Fort Smith, San Francisco, California; Hot Springs, Washington, Arkansas; Clarksville, Texas, and all principal points in Arkansas and Texas. Tickets sold by L. S. Knowlton, No. 14 Jefferson street.

SPECIAL NOTICE.—We have been requested by the news agents on the various railroads, to request persons at the different stations along those roads to ascertain among themselves, before the arrival of the trains, the number of papers the crowd wants, and place the money to pay for them in the hands of some person who can receive the papers and distribute them to all who wish to purchase. The demand for the papers is so great that the newsboys find it impossible, in the short space of time the trains remain at a station, to supply all who want to purchase by delivering a paper to each separately, receiving the money, making change, etc. By adopting the plan above suggested, all may be supplied without failure.

MILITARY NOTICE.

By special agreement between the morning papers of the city, it is arranged that all calls for, or proceedings of, military meetings shall be charged ten cents per line in our local column—which is but one half of our regular rates—and to be paid for invariably in advance.

SUSPECTED.—Two persons suspected of Lincoln... ...ere arrested in this city yesterday.

TO NASHVILLE.—Sheriff Fetts will conduct twelve prisoners from our jail to the Nashville penitentiary, starting to-morrow evening.

A SWISS COMPANY.—The Swiss in the city are raising a military company; they belong to a nation of unconquerable bravery.

☞ Furniture at auction to-day, at 10 o'clock, by Gilbert, Andrews & Co., 262 Main street. Parties moving can dispose of their furniture with us.

COMMITTED.—H. L. Robinson, who last week ran off with a wagon and two mules, the property of himself and partner, was yesterday committed to jail for trial by Esq. Mallory, in default of a thousand dollars bail.

ARRIVALS.—The following gentlemen were guests at the Gayoso yesterday: Gens. Anderson and Smith, Nashville; Gens. Clark, Alcorn and Pillow, Capt. Stratton, Lloyd, Tilghman, of Kentucky, and a company of eighty soldiers from Coahoma county, Miss.

☞ Planters, attend to your interest, by buying a dozen bottles of ambrosial oil. It has restored many a rheumatic negro, and saved many a planter a large doctor's bill. It is a southern preparation, and demands your attention. See special notice.

MUNITIONS.—Quinby & Robinson yesterday shipped a quantity of six pound shot, of their own casting, to Helena. They will be making both shot and shell in a few days, of various calibres. They are moulding another iron thirty-two pounder, and expect soon to turn out some brass pieces of ordnance.

CLOTHING.—Beard & McAnally, of 295 Main street, have purchased the entire stock of clothing and fixtures of Norris, Maull & Co., formerly in the same premises, and they will conduct the business in a manner that will suit their customers well. See their advertisement.

THE AVALANCHES.—Dr. Keller last night received the following dispatch from Nashville: "Have the "Avalanches" here by Thursday, without arms or uniform." The doctor will be in the armory, over Carleton's stove store, on Main street, between Union and Gayoso, from nine to four this day, to organize.

DEAD.—Mr. Wm. Hodges, an engineer on the Charleston railroad, who was shot on Sunday week by Charles McLean, because he refused to hand to him a Confederate flag which some of the passengers had placed on the locomotive, died last Sunday at Lafayette, the place where the occurrence took place. McLean has not been arrested.

TENNESSEE RIFLES.—The Tennessee Rifles will continue their drill at the hours before mentioned, commencing at 10 a. m. and 8 p. m., daily. The company is equipping and getting ready for immediate service, and is rapidly progressing; recruits are earnestly desired, as Maynard rifles have been obtained. Armory and drill room, Adams' block, on Second street, between Adams and Jefferson.

OHIO BELLE SEIZED.—We learn from the clerk of the steamer *Kentucky*, in last ev'ning from Vicksburg, that the *Ohio Belle*, commanded by Capt. Sebastian, was seized on Sunday, with her cargo at Napoleon, the citizens of which place declare that they will not allow her to move from there until the Cincinnati people give up the Arkansas arms seized by them.

☞ Company No. 1, of the seventh ward, assembled last night at their armory. Their late captain, Ed. Pickett, having been promoted to the office of colonel of the 154th regiment, an election was held for officers, which resulted in the choice of R. L. Taggart, captain; S. Ogden, 1st lieutenant; R. B. Mitchell, 2nd lieutenant; G. S. Simms, 3d lieutenant. This company have adopted the name of Quitman Greys, and number 150 men ready for service.

ARKANSAS TROOPS.—Yesterday no less than three vessels landed troops at Hopefield, opposite this city. Yesterday morning the *Judge Fletcher* landed two hundred men, brought from Fort Hill and Little Rock, on the Arkansas river; in the afternoon the *Golden State* brought in one hundred from Searcy and West Point; at night the *Mary Keene* brought eighty from Friar's Point. Among the companies were the Border Rangers, the Hindman Guards, and the Invincibles. A portion of these troops were taken higher up the river last night by the *Hill*.

A NEW NEW ORLEANS PACKET.—A fine roomy, handsomely furnished and well offered boat, the *Mary E. Keene*, arrived at our wharf last evening; she will hereafter be a regular weekly packet from this place to New Orleans. Her commander is Captain W. B. Richardson, W. H. Armstrong, clerk. Mr. T. H. Williams, of Howard's row, is her agent. Passengers will find this fast ranging boat, safe and agreeable for travel, for the transportation of freight, the accommodations of the *Mary E. Keene* are unsurpassed. She leaves our wharf for New Orleans at precisely 8 o'clock this morning—an excellent opportunity for those who wish to go down the river.

ESCAPED WITH LIFE.—On Saturday night one of the turnkeys at the jail, Mr. Andrew Ward, attempted to arrest a man named Charles Morris, when the latter drew a knife. Ward slapped aside and Morris, replacing his knife, drew a pistol and commenced cocking it, setting which the former, producing a repeater, fired four times. The first ball missed and the second grazed Morris, who took to his heels and has not since been seen. Andy's prompt action saved his life, as Morris would undoubtedly have shot him.

THE SEIZED BOAT MAZE.—From an extra of the Helena *Note Book*, we learn that the commander of the *Maze*, a boat seized and held in that city, Capt. J. Good, has entered protest there against the seizure and detention of the boat and cargo before Geo. West, Esq., notary. It sets forth the facts of the boat's starting from New Orleans, and boat and cargo being seized and detained at Helena. The above paper indorses Capt. Good as an honest man, and states that he is a resident of Covington, Kentucky. He left for his home there on Saturday. The captain requested the *Note Book* to return his thanks to the citizens of Napoleon, for the kindness they had personally shown him.

WONDERFUL ESCAPE.—On Saturday evening Mr. John Muse, a merchant of Missouri, was sitting in the quadrangle of the Gayoso house, opposite the hall glass door of the public sitting room, in which were a number of gentlemen conversing. Muse appears to have been drinking and to be to some extent under the influence of mezcla a pots. Suddenly the door of the sitting room was blown in, and with such violence that one of the panes of glass was broken. Muse imagined that some one was shooting at him, and drawing a pistol he began firing into the room, producing, of course, a horrible consternation. The result was astonishing. Although one man's hat was shot through, and a bullet passed through the leg of the pantaloons of another, no person was killed, or even wounded. Muse gave security for his appearance at the recorder this morning for

THE RACES.—Yesterday's race, a sweepstake for all ages, two miles and repeat, was won at two straight heats by Betty Ward, beating Sallie Woodward; Laura Parris and Molly Jackson paid forfeit. Time 3:46—3:52. We learn that the attendance was very small and but little interest was manifested. This is nothing less than might be expected at such a time as the present. The public mind is too deeply absorbed with the political troubles that distract the country, to unbend to the enjoyments of field sports; beside a large majority of those who usually make up the attendance at race meetings, are now enlisted in the military service of the State, and are actively drilling and preparing for its defense.

In view of this state of things, it seems to us it would be well for the club to postpone the meeting, at least until the excitement which now pervades the community has to some extent subsided. We do not know if it is competent for the club to postpone stakes, but according to the rule, we understand, they may, under certain circumstances, dispense with the purse races, and we hear it agitated, with a view to ascertain the sense of the majority as to the course most proper to be pursued in view of the extraordinary circumstances at present surrounding the country. The public will know the result of their deliberations to-day. We should not be surprised to hear that the meeting had been brought to an abrupt termination and their favorite sport abandoned for the present, at least, by Tennessee turfmen.

THE NAPOLEON STATEMENT.—In giving an account two or three days ago of the firing into the *Westmoreland*, killing Mr. Hamner and wounding a fireman in the shoulder, we said that our version of the affair was necessarily such as could be got and came from persons on the wharf itself, and that the Napoleon version of the affair had not yet been made. That version we received yesterday from a Napoleon merchant, a reliable gentleman, formerly of this city. "The captain of the *Westmoreland* was hailed at Napoleon and landed at the wharfboat. A number of citizens and soldiers went on board and asked him for an inspection of his manifest and cargo, as is their custom with all suspected boats. Capt. Evans refused to comply. He was told the boat must be detained or fired into. He gave orders to cut her loose, remarking, 'fire and be damned,' and stepped behind one of the chimneys, whereupon the boat was by order fired into about the pilot house and bow, by musketry. A cannon also was touched off, but fired at the beach-hole, and before she could be primed for a second discharge, the boat had succeeded in getting half way across the river." From this statement of facts it appears that the captain of the boat was himself in the wrong, and responsible for whatever injury was done.

AVALANCHE SCOUT.

A meeting of this company was held last evening over the hardware store of George A. Carleton. On motion of Dr. J. M. Keller, Mr. Jas. Brett was called to the chair, and O. P. Sengstacke appointed secretary. Dr. Keller stated in full the object of the organization, and the chair then eloquently impressed on the minds of the members present, the importance and responsibility of such a company. After appointing several committees, and going through a light drill, the company adjourned to meet at the same place this morning at nine o'clock, to drill, and to receive recruits.

MARION FIXES.—In consequence of the refusal upon the part of the Confederate States to receive this company for a less term than three years, they were last night disbanded. They will probably reorganize and offer themselves to the governor of Tennessee. Be that as it may, a nobler set of men are rarely called together.

HORSES FOR MEMPHIS STOPPED.—The Cincinnati *Commercial* says that at Covington, Ky., on Wednesday last thirty horses, brought over to that city from Cincinnati and destined for Memphis, Tenn., when about to be driven aboard the *Jacob Strader* were stopped by a committee of citizens, who would not allow them to be shipped.

☞ The criminal court will meet at the clerk's office, corner of Court and Third streets, this morning at 9 o'clock; which will be the last regular day of holding said court for the transaction of any regular business until the next court in course.

CHICKENS WANTED.—Our friend Cockerell, of the Gayoso, advertises for one thousand chickens. Poultry dealers, take notice.

FLAG PRESENTATION.—A most beautiful silk flag, given by Mrs. A. B. Shaw and other ladies, was yesterday evening presented to Captain Genette's fine company, the Memphis light guards.

HELENA.—Helena is wide awake. We learn from Mr. Coles, clerk of the *Golden State*, that it has now a battery, and that guards are on duty night and day to prevent the boats of unfriendly States from carrying out any objectionable designs.

MILITARY BOARD.—Hereafter all communications to the board are required to be made in writing. A. P. MERRIT, Chairman.

Candles Sold by Actual Weight.
IT is a known fact among Star Candle that are usually every ounce the pound, are branded and sold as "street." There is a disadvantage and a loss in this practice to both retailers and consumers, even if the Can they are bought at a collection of two cents per pound from the price of the regular article. Thus:
A box of "Sixes," SHORT WEIGHT, contains 240 Candles, and is sold for 20 lbs., at say 16 cts.....$3.20
A box of Sevens, containing the same number of Candles, same size, is sold for 24 lbs., ACTUAL WEIGHT, at 16 cts.....3.84
Difference in favor of buying by weight.....40
And this difference becomes greater as the price advances. It is obvious that the retailer can get no more for his 240 Candles in one case than in the other; consequently on every hundred boxes of "short weight" he sells, he loses FORTY DOLLARS. mr11-dtwsw1m

MAYOR'S CARD.

The pressing duties devolving upon me in the present extraordinary emergency render it utterly impossible for me to attend to them, save in some methodical manner; and my friends and the public must excuse if I beg them not to stop me on the streets with their thousand and one suggestions and inquiries; for it is much easier for them to come to me at my office, than for me to come to them. Hereafter I will be found at my office, Ayres' building, from 9 o'clock, a. m. to 2 o'clock P. M., daily; and will attend to all business within my province, connected with the military organization at this place. Respectfully,
April 27, 1861. R. D. BAYNE, Mayor.

BURGLARY.—Sometime after midnight on Sunday morning some burglar entered the store of Orgill, Brothers & Co., corner of Front and Monroe streets, by a rear window, and took from it over a hundred dollars worth of pistols and knives. He went out by the front door. A hack was seen standing opposite the store at a very late hour. Was that used for conveying away the property?

MISSED THE TARGET, HIT A MAN.—At Fort Pickering, on Sunday, Charles C. Gibbs, a brother of Mr. Robert Gibbs, of this city, was wounded, by the discharge of a pistol in the hands of a gentleman firing at a target in the woods. He was not aware of Mr. Gibbs' proximity at the time. The ball entered the left leg, and lodged in the bone of the first.

WEEKLY REPORT OF THE MARKET.
PUBLISHED FROM THE MERCHANTS' EXCHANGE.
MEMPHIS, April 29.

[NOTE.—The quotations given in the following review, it must be understood, are wholesale prices, except where otherwise noted; and that in all cases in the filling of small orders, higher rates will be charged.]

The war news and consequent excitement of the week has restricted to a considerable extent the ordinary movements of trade, and save in the departments of produce and provisions, the week has been characterized by general dullness and inactivity. The inability of parties to ship cotton to any northern point, with any degree of certainty as to its reception and proper disposition, added to the unsatisfactory state of the New Orleans market, has restricted the demand, and the which business in the great staple has been the lightest of the season. Neither has there been any movement of consequence in the tobacco market, buyers having pretty generally abstained from operations. A light business has been transacted in sugar, coffee and molasses, at the range of last week's prices. In anticipation of restrictions upon commerce, from the hostile force now stationed at Cairo, there has been a general rush on the part of consumers and of the city and country trade to lay in adequate supplies of flour, corn, hay, oats, bacon and provisions, generally, hence the market has been much excited, and prices for every article named have materially advanced. Inland the week's transactions have been the heaviest of the season. The exchange market has been idle and with moderate supplies and a fair demand, we quote New Orleans and New York sight at 1 per cent, premium, but in the present state of affairs, transactions are liable to change from day to day. Coin is scarce at 10 per cent. premium for par funds, but with anticipated arrivals will soon be abundant.

COTTON.—The great staple has been generally neglected during the past week, and sales have not up than 500 bales—the lightest of the season. The uncertainty attending shipments in any and every direction, the high rate and difficulty of passing exchange and the absence of any speculative feeling have produced this result. In regard to prices we have to note great irregularity, and the quotations which we offer below must only be considered as the nominal representatives of the classes to which they are assigned:
