MILITARY NOTICE.

By special agreement between the morning papers of the city, it is arranged that all calls for, or proceedings of, military meetings shall be charged ten cents per line in our local column—which is but one half of our regular rates—and to be paid for invariably in advance.

JOB PRINTING.—Our friends, both in the city and country, by leaving their orders at this office can be accommodated with any style of job printing desired on the most reasonable terms. All printing sent us will be executed neatly, on the best material and delivered promptly at the time promised.

☞ Rev. C. A. Davis, on Adams street, has for sale a good horse, suitable for a Cavalry company.

☞ We are again under obligations to the agent of Adams' Express company, for late northern and eastern papers.

MILITARY TACTICS.—Cleaves & Vader have just received a fresh supply of Hardee's Tactics; also instructions for heavy artillery.

THE GUARD OF ARCHIVES.—Esq. Mallory invites citizens over forty-fee to meet at his office at four o'clock to-morrow afternoon for drill.

SICKNESS.—We regret to hear that one of the volunteers at Randolph—of what company we did not ascertain—put an end his existence on Wednesday, by shooting himself.

LAST OF THE SEASON.—Remember the closing sale of engravings to-day at 10 A. M. by Gilbert, Andrews & Co., 262 Main street. Ladies are invited to attend the sale.

☞ The Messrs. Cayce & Son will sell this morning at 10 o'clock a large lot of oranges and pine apples, which are nice and fine, being part of the goods taken from the steamer John Walsh.

STILL ANOTHER FORT.—Proposals are invited for building a battery of earth-work near this city, at the mouth of Wolf river. The proposed fort, together with fort Harris, just above, fort Wright, at Randolph, and the fort at Hearsfield's Point, below the Missouri line, will prove serious obstacles in the way of any attempt to invade Memphis from the North.

ACCIDENT.—Yesterday morning as a number of children were playing on a lumber pile near the old Ohio railroad depot, the whole tilled over. One of the number, a little German boy of ten years old, had one leg caught under the falling beards, and downwards from the thigh half way above the knee the whole, with the foot was completely crushed. Amputation was necessary.

ANOTHER FORT.—The Arkansas commissioners have selected a spot at Hearsfield's Point, Mississippi county, Arkansas, fifteen miles south of the Missouri line, as a proper spot for a fort. We are informed that active proceeding are already in progress, and that in a short time the troops at camp Rector will be conveyed to the new fort. This will be the nearest military station on the Mississippi to the enemy encamped at Cairo.

SOUTHERN MOTHERS.—Send in your contributions of beds, bedding, and other articles suitable for a sick room, to the committee, who will be in attendance at the reception room of the society, in Greenlaw's new house, corner of Polar and Second streets, on Saturday morning. It is desired to have the room in order for the reception of the sick by Monday morning next. The committee will also receive, at the same time, bandages and lint for the use of the wounded. Mary E. Pope, secretary.

CHANGE OF LOCATION.—Messrs. Potter & Merwin, druggists, so well known throughout the country as the proprietors and manufacturers of Dr. Merwin's fever and ague pills, Cherokee remedy and cure, have removed their manufactory of these celebrated articles to this city, and have opened a temporary office at 175 Main Street, over Ward & McClellan's drug store. Persons addressing them on business, and papers publishing their advertisements, will please note the change in their location.

HYMENIAL.—The highly popular treasurer of the Memphis and Ohio railroad, J. M. Toomey, Esq., was yesterday united to one of the fairest and most amiable of her sex, Miss Fanny Webb, by the official aid of Rev. J. T. C. Collins. Good wishes on such occasions are often mere formalities, but in the present instance we, with a large circle of attached friends of Mr. Toomey, wish him and his amiable lady a large share of prosperity, and that unfailing fount of mutual affection that is the best earthly solace amid the griefs necessarily incident even to the happiest life.

HORRIBLE CASE OF STABBING.—Yesterday morning at the recorder's court, Thomas and John Stokes, and Miles Reeder were fined before the recorder for being engaged in a fight at a drinking place in Pinch on the preceding night. At the conclusion of the trial the two brothers Stokes, with some friends, took up their station at the foot of the stairs of the recorder's office, which is on Main street, between Adams and Washington, in the Webster block. Before Reeder left the office some person hastened up to him and begged him for God's sake to go out at the rear of the building, for if he went among those who awaited him in front he would certainly be killed. He replied, "I fought in Mexico, and do not run." He descended the stairs, but had no sooner reached the pavement than he was struck on the head with a loaded cane by John Stokes; Thomas Stokes then fired a pistol at him but it did not take effect. Reeder defended himself courageously, but had no chance among those who surrounded him. As the fight brought the parties into closer contact, John Stokes drew a dirk knife and with it inflicted several stabs upon the head of Reeder, and one in the neck a little behind the ear. From the latter wound the blood sprung in a stream; in one of the former, we are informed, the point of the blade broke off and remained fixed in the skull. While the blood was pouring from the various wounds, he was seized by Tom Stokes, who commenced striking him with all his might, carving him at the same time with all his breath. All this passed in less time than it has taken to write it. The police now came up, and amid pistols presented by the friends of the Stokes' and the most furious opposition of the two men themselves, several of the police, with a determined bravery most honorable to them, took into custody the two brothers and a third individual named David Velner, who was an active assistant in the murderous proceeding. The three men were at once placed in jail. Patrick Carnes was also arrested; he endeavored to prevent the police from doing their duty, and pulled out a pistol which he pointed at Cusick. The officer, in a moment drew a revolver and Carnes was arrested. This man was of course an alier and abettor of what will most likely prove to be a murder; he was at liberty last evening, on giving two thousand five hundred dollars bail, Reeder's wounds were very serious; he was taken to the State hospital, where, it was currently reported last evening, he died; but we were credibly informed that he was still living at five o'clock in the evening. The above details are so atrocious that the reader will doubtless be disposed to expect there is be exaggeration; we have, however, been as careful as possible to ascertain the exact facts, and that we might be more likely to get them, we have taken only the statements of policemen and officials in the recorder's court. John Stokes is the individual who took so prominent a part in the firemen's riot some year and a half ago, which underwent an investigation by the board of Aldermen. Both men have been before the recorder very many times for assaults and fights. We hear [illegible]

FOOLISH, MERCILESS, AND STUPID.—Such is the character the Black-Republican St. Louis *Democrat* gives Memphis because this city has met the Cairo embargo with a Memphis embargo. It was all very well stopping corn and bacon from reaching the South, and stopping boats running down the river by stopping the trade that supported them; but stopping salt from reaching St. Louis, and St. Louis boats from running "where they've a mind to," is "a white horse of another color," and is at once foolish, mobbish and stupid; The *Democrat* says: "The Memphis people have done a very foolish thing, if a dispatch received yesterday by Capt. Henry Symmes, can be relied upon, and we have no reason to suppose the gentleman who sent it would exaggerate. Capt. Bordeau, commanding the *Sovereign*, en route from New Orleans to this port, telegraphs that the boat has been laid up at Memphis, as no steamers are to be permitted to go further North than that point. The *Sovereign* has on board a lot of salt and other stuff for St. Louis. We should think the rebel Government, or the people of New Orleans, will at once bring the crazy people of Memphis to reason. It is not likely, in view of this stupid movement of the Memphis mob, that the railroad line boats will leave twice a week for New Orleans, as contemplated. The *Hiawatha* was to have left yesterday, and the *Imperial* to-morrow, but neither will leave until satisfactorily assured that they will not be molested at Memphis on their return North."

NEW PACKET LINE.—It is expected that the exigencies of the times will necessitate an active commerce between some parts of this state and that of Arkansas, to which we may perhaps add the southern part of Kentucky, and the country below us to New Orleans. To provide for this, a packet line is in course of formation, the boats to ply between Memphis and New Orleans at intervals of probably five days. The first boat that has entered the proposed line, is the handsome and capacious Prince of Wales, commanded by Capt. Pres. Lodwick, Mr. Joseph Dubois is the office. This packet starts on its first trip this evening. Mr. Priest, of the Eclipse wharf-boat, is engaged in perfecting a plan, which has obtained the approbation of the military board, for keeping up regular communication with Columbus, Ky., the terminus of the Mobile and Ohio railroad. He proposes to put the steamer Bracelet into this trade, to leave and return at fixed periods. We hope these efforts to continue a river commerce purely Southern will meet with ample success.

UP RIVER TRAVEL.—There has been some anxiety to know whether, at a time when most steamboats are stopped, the *B. F. Cheaney*—which forms the medium of communication between the Mobile railroad at Columbus, and the Central Illinois at Cairo—will continue to run? We yesterday received the following from Captain Latimer upon this subject:

STEAMER B. F. CHENEY,
COLUMBUS, KY., May 21, 1861.

EDITORS APPEAL: For fear passengers may be led to believe that this boat is stopped, I thought I would through your paper, let them know to the contrary. She is still running regularly between Columbus and Cairo, and will run as long as there is business on the roads and communication with the North and South is kept.

W. A. B. LATIMER, Captain.

BE CAREFUL.—Persons handling arms should use extreme care. On Wednesday night a ball fired by some unknown person passed through a door jamb and three partitions of sleeping rooms in the building east of the alley at the north side of Monroe street. Fortunately no one was injured.

PAY OUR GAS BILLS AT HOME.

EDITORS APPEAL: Would it not be better for the citizens of Memphis to pay their gas bills to the Mayor, taking his receipt for the same, and let the city pay the Cincinnati stockholders at the expiration of the war?

CITIZEN.

ATTENTION, DIXIE GRAYS!—Appear this morning at 11 o'clock, at your rendezvous under Guyoso hotel, 2d door from McCall street, for final arrangements for service. Every member is requested to be punctual. A few additional members will be received. By order of EDWARD PICKETT, JR., Captain.

THE MILITARY BOARD.—Major-General Pillow having addressed a communication to the military board on the subject of providing for the families of volunteers engaged in the service of the State, there will be a meeting of the board at the new city offices at 12 o'clock to-day to consider that matter.

A. P. MERRITT, Chairman.

SPECIAL NOTICE.—We have been requested by the news agents on the various railroads, to request persons at the different stations along these roads to ascertain among themselves, before the arrival of the trains, the number of papers the crowd wants, and place the money to pay for them in the hands of one person, who can receive the papers and distribute them to all who wish to purchase. The demand for the papers is so great that the newsboys find it impossible, in the short space of time the trains remain at a station, to supply all who want to purchase by delivering a paper to each separately, receiving the money, making change, etc. By adopting the plan above suggested, all may be supplied without all are.

RIVER AND STEAMBOAT MATTERS.

The river has slightly declined.....The landing, to-day, is almost deserted.....The *Hiawatha* left yesterday, was up the Sunday, and a wet one at that.....The weather was fine and warm.....The boats lying in port last night were the Cecil, Ben McCulloch, H. R. W. Hill, Wickliffe, Grumer, Chester Ashley, New Moon, Cambridge, John Walsh, Ed Howard and Sovereign.....The Cecil left yesterday last night from White river.....The Regular came in at midnight from Randolph.....The Arkansas river is reported falling.....The New Moon is up for White river.....The Prince of Wales is to become a regular New Orleans packet, starting on her first trip this evening; a more agreeable boat than the Prince, a more skillful commander than Capt. Lodwick, and a more courteous clerk than Joe Dubois on traveler could wish for.....The Chester Ashley leaves for Arkansas river to-morrow.....Mr. Priest of the Eclipse wharfboat, is about to run the Bracelet between Memphis and Columbus.....The Little Rock left for Arkansas river last evening.....The St. Louis Democrat says: "We learn from the officers of the Minnesota, that a total and complete revolution has taken place in the towing and other business in the Illinois river. The grain, of which there was immense quantities along the entire river, is now directed to Chicago. There is now but three boats running between this port and the Illinois river—the Lucille, Belle Peoria and Colonna. The Motors is going in, increasing the number to four.....Business continues to proceed languidly on the wharf.....Several boats continue to load. There is a good deal of freight offering for the Missouri. No boat will leave for the Missouri for some time, without a good cargo."

Boats Leaving.

FOR NEW MADRID AND COLUMBUS.—The new and elegant passenger packet Conway, leaves as above this afternoon, at 4 o'clock. Apply on board.

FOR NEW ORLEANS.—The elegant passenger packet Prince of Wales, Ledwick, master, will leave for New Orleans this afternoon, at 5 o'clock. Thos. H. Williams & Co., agents.

Read the Evidence.

MESSRS. Clark, Gregory & Co.—There are thousands of patent nostrums puffed and trumpeted over the country which are worthless, and need only to be known to be hated. A contempt, however, is no proof that there is not a cousin. I have tested the efficacy of your AMBROSIAL OIL, in no mean cases, both in and out of my family, that its value is no longer a subject of doubt with me. Physicians are rising in all their practice, and trouble now mainly it say they are so well pleased that they cannot afford to be without it. If you or other active speculator as to its value, I will be happy to give them all my time.

REV. JOHN P. CAMPBELL.

Nashville, September 9, 1860.

In confirmation of the above statement, I had occasion a few days since to seek some remedy for a malady that afflicted my wife and myself, growing out, as I supposed, of a severe cold, contracted from exposure and exposure. Debility combined with cold caused a loss of appetite, pains in the back and extremity of the limbs, a depression of spirits and constant languor. This condition was peculiar to each of us.

I accidentally happened in the house
