### NOTICE TO OUR FRIENDS.

Persons desirous of obtaining the DAILY APPEAL at any station or town on the Memphis and Charleston and Mississippi Central railroads, will be supplied by Mr. W. J. Smith, general news agent, immediately on the arrival of the morning trains from Memphis. The territory supplied by Mr. Smith embraces all the stations on the Memphis and Charleston railroad from Memphis to Stevenson, and all the stations on the Mississippi Central railroad from Jackson, Tennessee, to Grenada, Mississippi. All complaints of the non-receipt of the paper from newsboys on the trains are to be made to Mr. Smith, at Grand Junction, who pledges himself to the public to correct all abuses that may exist in the sale or furnishing of the paper at all the points above named, when properly informed of them.

PARTICULAR NOTICE.—The price of the DAILY APPEAL, when sold by the newsboys on the roads above mentioned, is FIVE CENTS, and persons purchasing are earnestly requested both by ourselves and by Mr. Smith, not to pay more than that sum, and if charged a higher price to report the fact to us.

MERE SHOT.—The Charleston railroad brought in five hundred more grape shot yesterday.

SCORCHING.—The sun yesterday was scorching, hot weather has set in, and with it rumors of yellow fever at New Orleans, of course.

BAILED OUT.—David Brown, a free colored man, in jail since March last on a charge of larceny, was liberated yesterday on giving bail to appear for trial.

FINES.—The fines paid to the city last month by persons guilty of breaches of the city ordinances, amounted to $1,522; paid since the first of July last, $30,898.

FROM BARDSTOWN.—Nearly a hundred cadets from the Bardstown (Ky.) College, arrived yesterday by the railroad, and left on the steamboat *Mary Keene* for their homes down the river.

ABOUND.—Owing to the rapidity with which the river has fallen, three or four flat boats have been left aground at the upper landing. Though out of water they are deep in mud.

BATALION DRILL.—We learn from Capt. Jackson, that the Company of Bluff City Grays will assemble at their armory at 5 o'clock to-morrow, and proceed thence to Court Square for batalion drill.

THE PICKINGS.—The report in some of the accounts presented to the city Council yesterday showed that some of the city officials had furnished themselves with whips, silver pencil cases, gold pens, pocket knives and stationery, all of which were charged to the city.

CENSUS OF MALES.—As we intimated some time ago, a census is to be taken of all the males in the city, from the ages of fifteen to forty-five and forty-five to fifty. This is to be done not to be called upon to perform military duty except in case of extremity.

BURGLARY.—A grocery in the east part of the city, kept by J. Miller, was entered on Tuesday night by means of prying open a window. A watch hanging at the head of Mr. Miller's bed was carried off. There were two men concerned; they were heard but both escaped with their prey.

THE THING FOR THE TIMES.—Gilbert, Andrews & Co., 261 Main street, have just received an invoice of fine rifles, double-barreled shot-guns of best English make, pistols, knives, etc., which they will sell low for cash. Call and make your selection before they are gone.

MEETING OF HOSPITAL TRUSTEES.—A meeting of the trustees of the Memphis Hospital has been called for 10 o'clock this morning, at the mayor's office, on Second street. A general and punctual attendance is earnestly requested, as very important business connected with our gallant volunteers will be brought before the board.

RELIEF OF VOLUNTEER'S FAMILIES.—The returns of the names and families of volunteers have not come in hand completely, and a delay must ensue in consequence, in allowing assistance to destitute families in many cases. As distressing results must follow, Esq. Hill last night generously undertook a journey to Randolph for the purpose of obtaining the necessary documents.

THE CITY ELECTION.—War matters have turned public attention from the subject of the election of mayor, aldermen, and city officers, three weeks from this day, but never was it so desirable that the citizens of Memphis put their best men into power as it is at this important crisis. Let us have men apt in council, firm in action, and above the trade of popularity hunting. The mayoralty, we observe, will be contested by numerous candidates, Major Baugh, John Park, John Martin, and Joseph Barbiere are all, we understand "bound to run."

THE CHAIN GANG.—We have on several occasions called attention to that relic of past barbarism that is still retained in this city—the chain gang; we expect when calmer times will admit of discussion, to expose this monstrous and cruel system until an indignant people demand that it shall be put an end to. In the meantime we call attention to the fact that Col. Dan. Hughes, the Nestor of the city council, yesterday declared in his place in the board of aldermen that the chain gang cost more than it paid back, and was a clear loss to the city, and that the city would save money by paying men a dollar a day to do the work they now perform.

FORTIFICATION.—The city proper is about to be put in trim for welcoming unbidden visitors to stay "till Gabriel blows his horn." The bluff is to be protected by breastworks of cotton. Yesterday the bluff, between Court and Adams streets, was thus lined with bales. Each of the streets in the city, with the exceptions of Madison and Jefferson, is to be thus barricaded. The superintendence of the construction of these defenses has been entrusted by Gen. Pillow to Messrs E. M. Apperson and John Martin, Esqs. With breastworks on the bluff, and breastworks in the streets, Memphis will be in war trim.

CITY SCHOOLS.—An examination of the senior female schools of our city will be held this morning, commencing at 9 o'clock. The well known abilities and success of Mrs. Hale, the accomplished Principal of this department, are a sufficient guarantee that this will be an interesting exhibition of fidelity on the part of the teacher, and of industry and talents on the part of the pupils. It is to be hoped, indeed, that though the war rages, the more essential arts of peace and the encouragement of their cultivation will not be wholly disregarded. Those interested, and the public generally are respectfully invited to attend.

PASS THEM AROUND.—Some four or five weeks ago a committee of vigilance at Iuka, Miss., waited on two men named McDaniel, on account of abolition sentiments expressed by them, and made them leave the neighborhood; since, nothing definite has been heard from them until last Saturday, when they were arrested by the Pine Spring Home Guard, Capt. J. M. Granger, of Tishomingo county, for again expressing abolition sentiments and disloyalty to the South; were tried by a committee, who, after a thorough investigation of all the facts elicited in the case, rendered a verdict of shaved head and eyebrows, which was duly performed, and then forty-eight hours allowed them to leave the county. Description—A. McDaniel is of medium size, dark eyes and hair, a physical look, pleasant manner, about sixty years old; G. B. McDaniel, also medium size, thirty-five years old, dark complexion, black hair (or, rather a bald, impudent look, other product, as ready to whistle. Iuka, Miss., June 24, 1861.

COUNCIL MEETING.

The Council met last evening, when it was *Resolved*, That the subject of purchasing five hundred muskets for arming the Home Guards shall be referred to a committee consisting of Messrs. Valentine, Frazier, and Robinson.

A resolution, offered by Ald. Frazier, authorizing the mayor to have the flint locks on the muskets belonging to the city changed to percussion locks, was adopted.

That part of the mayor's message which recommended the employment of persons to act as firemen, was referred to the fire committee with power to act.

Ald. Robinson called upon the board to make a provision that, when an officer of the city received permission to render his services to the army, and received pay therefor, his pay, for that time, from the city, should cease. Several speakers contended that the salary of the city engineer, now absent at Randolph on leave, should cease while he was receiving pay from the State. The account of that officer was, after some debate, allowed.

Ald. Pickett moved that various items in an account presented he rejected. It appeared from the account that individuals employed by the city, got whips, gold pens, silver pencil cases, pocket knives, etc., and charge them to the city. The accounts having the peculiar items were held over.

Ald. Merrill, from a committee appointed to inquire into the manner of keeping the city's accounts, reported resolutions requiring the secretary of the board, and the register, to report to the controller certain specified matters, the latter to render a regular balance sheet. Adopted.

Ald. Martin reported that the committee appointed by the board to go to Montgomery and call attention to the subject of making Memphis the capital of the Confederate States, had performed their duty, and had good reason to hope for ultimate success in their object.

A resolution was passed to appoint a committee to fix the salaries of city officers for the next year.

Ald. Robinson offered a resolution that the city chain gang be sent to work at Randolph, without expense to the city for superintendence or otherwise.

Ald. Hughes stated that the chain gang cost more than the work was worth, and that the city would be a gainer by paying men to clean the streets at a dollar a day.

The resolution was lost, an understanding being come to that men condemned to the chain gang should have opportunity, if they chose, of going to Randolph.

Ald. Martin offered a resolution that the census of the male population of each ward be taken, specifying those from fifteen to forty five, and from forty-five to fifty-five years of age, at the expense of the State. Adopted.

After the transaction of some routine business, council adjourned to meet again on Tuesday next.

EDITORS APPEAL: Allow me, through your column, to make a suggestion, that I trust will meet with the approbation of at least every Christian in the city. In this, our time of trial and need, would it not be well to organize a daily prayer meeting, having for its object, our country, and the young men who have left their homes to fight our battles. If the Lord be for us, who can prevail against us? Let us, therefore, invoke his guidance and protection for the husbands, brothers and sons that are not only exposed to the bullets of the enemy, but to all the temptations that necessarily surround a camp life. I therefore propose that all those who favor the suggestion, would meet on Saturday morning at 9 o'clock, at the Second Presbyterian Church, and take such measures as are necessary for the organization of one or more daily prayer meetings in this city. Should this meet with the approbation of the various denominations the ministers will please make the announcement in their regular weekly meetings, or from their pulpits on Sabbath morning.

City papers please copy.

FIRST BLOOD OF THE REVOLUTION.—The following subscription is for the family of James W. Jackson, the hero and patriot of Alexandria, Va., and first martyr of the Revolution, who, while defending the flag of the Southern Confederacy, was murdered by Lincoln's assassin Zouaves, but not until he had shot through the heart their leader, Col. Ellsworth, of Chicago, who had torn the flag from Jackson's house top and stamped it under foot. Contributors to this fund, in the city or country, will please inclose the amount of their subscriptions to Mr J. H. A. Lowndes, at Orgill & Co's., who will acknowledge the same through the principal papers of Memphis.

Additional subscription to the fund for the benefit of J. W. Jackson's family:

B Richmond, $10; Joseph Lenow, $5; Mrs. H Goodwyn, $5; W. H Goodwyn, $5; Cash, $2 20; F. M. White, $20; Wm. Park & Co., $10; Ward & Treadwell, $10; Cash, $10—$77 50; previously reported, $585. Total, $663 50.

HORSE STEALING.—A. G. Lovings, *alias* Jno. Ferguson, was charged before Esq. Hill yesterday, with stealing a horse, the property of Mr. White; the case was remanded until Monday. The horse was taken away when standing tied up in the street; it was afterwards traded for a mule, and the mule was placed in an establishment in the city for sale. The criminal was sent to jail, and on his arrival there, he turned out to be one of the prisoners who several weeks ago escaped from our jail. He was tried at the last term of the criminal court and sentenced to five years imprisonment in the penitentiary; his name at that time was Walter. He is the second of the escaped prisoners who has been recovered; the other man was taken early one morning as he was leaving the city, after spending the night in drunkenness; this man is taken for repeating the very crime that had already entailed so fearful a sentence upon him.

THE MILITARY SPIRIT.—Since the departure of the volunteers for encampment there has been some abatement in the manifestation of the military spirit in the city, but evidently none in its existence, for the boastings of the Cairo troops has proved a powerful stimulant, and yesterday there were signs of a revival of the stirring scenes of three or four weeks ago. Large as is the number Memphis has sent to the battle-field, she has still "more of the same sort left," and they will all be on hand as soon as wanted. Waving flags, the sound of ear-piercing fife, booming drums, and the rattle of musketry on the pavements to the command of "ground arms," meet us at every turn. With what ardor will those who are now young recount to the next generation their recollections of what is now passing around us.

THE NOTREBE.—A dispatch received from Capt. Adams yesterday, states that the Notrebe, wrecked in the Arkansas river, has been raised, and is gone to New Orleans. The Notrebe must have been raised before the pumps sent for to this city reached it, which was fortunate, for the Arkansas river has risen fifteen feet; if the rise had come on before the boat had been raised its loss would have been certain.

A QUESTION.—When men labor for others, and even when they volunteer to serve their country, they expect some acknowledgment of their services in the way of pay. Can any one tell why the firemen should be expected to make himself an exception to this rule—why he, alone, should lose his sleep, toil like a horse and be exposed to danger for nothing?

FOR VIRGINIA SERVICE, SURE—THE RIFLE GUARDS.—On account of the train stopping over at Huntsville on Saturday night, this splendid company will not leave until Sunday morning, at which time they leave for Lynchburg, Virginia, *sure*. A few more men, of the right sort, wanted. Apply soon to Captain Crook, in the telegraph building, or to the company in camp at Sample & Mitchell's cotton shed, on Madison street.

IMPROVEMENTS.—Street commissioner Thomas reports that during the month of May he had improvements made in the various wards to the amount of $785.

☞ The Adams express company has again placed us under obligations for late Louisville and Cincinnati papers, in advance of the mails.

THE RIFLE GUARDS FOR VIRGINIA SERVICE.—The unconditional acceptance of this excellent company by Col. Eastis, of Lynchburg, Va., has relieved it to a certainty that they will go to Virginia. They will leave on Saturday next, the 8th inst., and all those who wish to be sure of going to Virginia had better apply early to Capt. Crook, in the telegraph building. The company is now in camp at Sample & Mitchell's cotton shed, on Madison street. Several more men of the right sort wanted. june5-5t.

JOB PRINTING.—Our friends, both in the city and country, by leaving their orders at this office can be accommodated with any style of job printing desired on the most reasonable terms. All printing sent us will be executed neatly, on the best material and delivered promptly at the time promised.

RIVER AND STEAMBOAT MATTERS.

The river continues falling.... The weather was very warm yesterday.... A dispatch from Capt. Adams stated that yesterday the Arkansas river had fifteen feet water at Little Rock.... The Mary Keen arrived from New Orleans, but without the troops expected by her; she brought in 250 bales and rolls of India bagging, 375 sacks of coffee, 21 barrels of turpentine and 22 kegs of powder. She left in the afternoon on her return.... The Mesmerist for Vicksburg.... The New Moon arrived from White river, she brought fifteen head of cattle.... The Conway and the Bracelet came in from Columbus, the former had 900 sacks of corn, the latter 1030 sacks.... The Ed. Howard leaves for New Orleans to-day. The Rose Douglass leaves to-day for Arkansas river.... A dispatch from J. D. Adams, received yesterday, stated that the Natchez sunk in the Arkansas river, had been raised and sent on to New Orleans.... The H. R. W. Hill is to leave for New Orleans to-morrow.... It is stated that the Dickey, on her last trip from St. Louis, had to give bonds in $50,000 at Cairo, that she would come no lower down than to that city.... The St. Louis *Republican* says: "We have not heard of the United States Government chartering any boats belonging to this port yet for an expedition against Memphis and New Orleans. Boats are here which the United States Government might buy, provided they had money enough. Regular New Orleans boats are not for charter, for any purpose out of their legitimate trade, as their owner would have no use for them thereafter. Some Upper Mississippi or Illinois or Ohio river dinkies might be had on such terms, but we have as yet heard of no such bargains. The report that twenty five steamers have been chartered here by the United States Government is false. So many boats are not to be had on such terms.... The popular Captain Priest has already obtained for his trips to Columbus an amount of business beyond the accommodations of the little Bracelet to supply, and that boat will be laid up, the fine, roomy Kentucky being substituted for her, Priest, of course, in command. The Kentucky will leave at 4 o'clock this afternoon; a splendid trip awaits the traveler up the river.

***$25 Reward.***

AN IRON GRAY HORSE, three years old last spring, about fourteen and a half hands high, no marks or brands recollected, was stolen or broke loose from the alley back of the store of Speed, Brooks & Strange, about the 20th of May last, with a saddle and bridle on, and after diligent search cannot be found which leads to the belief that he must have been sold off. He was in tolerable order, and but little used to the saddle.

Also, on Saturday, the 25th of May, a DARK BAY HORSE, of medium size, a scald or sore on his back, strayed from my residence, three miles east of Memphis on the Poplar street road. He was in good order when he set out, and, no doubt, thinks back home.

I will pay the above reward for the two horses, or in proportion for either, or a liberal reward for such information as will enable me to recover them.

*CAMP TENTS!*

warranted to hold water on a level. Nothing is more important to the soldier than a tent well to his protection from inclement seasons while in camp. To be thus secured he must have a water-proof tent, and not suffer himself to be deceived by those looking more to dollars and cents than to the comfort of him who is for from his dear family, in defense of his country.

We warrant our Camp Cloth or give satisfaction, if not, we will refund the amount paid.

We also have 50 of Sibley's tents used here, which will be sold at low rates. All purchases must be paid in cash, before delivery.

**Read the Evidence.**

MESSRS. Clark, Gregory & Co.—I have been for several years sorely afflicted with foot bitten feet during the winter months, until I happily found a remedy in your valuable medicine the Ambrosial Oil. Since that time I have used it in Toothache, Rheumatism, Sore Throat, Colds and Burns and have never failed a remedy in the most severe cases. I therefore take great pleasure in recommending the Ambrosial Oil to a world of affliction, feeling confident it possesses the requisite qualities to cure the most severe cases for which you recommend it.

**McLean's Cordial.**

AS may be seen, we insert this week the advertisement of McLean's Cordial, etc.

It is very well known we are not particularly favorable to patent medicines, and, as a general thing, assume the whole of them will but little ceremony, and with these sentiments we declined inserting this advertisement until we knew what were the ingredients of the medicine, and how compounded. This we have taken and believing, as we do, that that the ingredients are good, and the compound judiciously made, we recommend it as a mixture worthy of public confidence.

The above is from the St. Louis Christian Advocate, edited by the renowned Rev. Dr. McAnally, which speaks volumes in favor of McLean's Cordial. We say to all, try it. See the advertisement in another column. [ap7-dw
