RIGHT REV. DR. PETERS, Bishop of Nashville, is in town and will preach at St. Peter's Church to-day at half past eleven o'clock a. m. The occasion will be one of great solemnity. Farmer's Grand Mass will be performed by the choir. Also, a grand duett and trio, arranged expressly for the occasion.

RELIGIOUS SERVICES.—The Rt. Rev. Bishop Feehan, of Nashville, (late of St. Louis,) will preach at St. Peter and Paul's Church at half past ten o'clock to-day.

THANKS.—Our friend Millington, of the Commercial Express, has our thanks for St. Louis files in advance of the mails.

THANKS.—We are daily placed under obligations to our kind friends of the Southern Express Company for late papers.

LATE PAPERS.—Our friend Omer Haig, the Agent of the Pioneer Express, has our thanks for complete files of late papers from all points.

RETURNED.—Dr. Bateman, formerly pastor of the Real street Baptist Church of this city, will preach to-day at eleven o'clock at the Baptist Church in Chelsea.

LATE PAPERS.—Messrs. Emmons & Son, No. 19 Jefferson street, opposite the Commercial Hotel, have supplied us with all the latest papers and magazines.

RECORDERS COURT.—The usual number "thirteen," were up before the Recorder yesterday, on charges of the usual character of offenses, and the city treasury was enriched by ninety-six dollars collected as fines.

DISCHARGED.—The boys, Webber and Fowlkes, arrested for taking a coat from the Literary rooms, were brought before Squire Creighton, and discharged for want of evidence of the crime.

ANOTHER ROBBERY.—On Thursday night an old gentleman from Washington county, Miss., by the name of Anderson Copeland, stopping at the Gayoso House, was robbed of four hundred dollars, by a sharper.

FIGHTING IN PINCH.—At the instance of Harry Leary, Mr. U. Hyman was arrested yesterday, and lodged in jail to answer charges of being in an unwarranted manner. Both parties reside in Pinch, and are in the mercantile line of business.

CRIMINAL COURT.—This Court disposed of several misdemeanor cases yesterday, but was unable to get through with all the business of the session, and will be convened again on Monday, and then adjourn until its next regular session.

FINED.—Tom Driscoll, arrested some days ago for an alleged assault with intent to kill, upon the person of a Mr. Lewis, was up before the Recorder yesterday, and the latter part of the case being not fully sustained, he was dismissed with a fine of ten dollars.

FREEDMEN'S COURT.—There were only two cases before this Court yesterday, which would speak well for the manners were it not for the notorious fact that never a night passes but we hear them complained of by the citizens, and yet few if any are arrested, probably from the fact that nearly all of them are armed and the policemen are afraid to interfere.

MRS. HILEY WESTERN.—We congratulate our theater going friends on the approaching appearance of this really talented young actress. We understand she is to appear in five different characters, in the great drama of Satan in Paris, for we remember her charming assaye in former years with the liveliest emotions, and can assure all that a rich treat is in store for them.

LITERATURE.—Messrs. Hedrick & Co. have laid on our table, in addition to the daily papers, several pleasant novels, including "Putting on Airs," "The Creek of Salt," "Roanoke Nate," also the Atlantic Monthly. From their shelves of sheet music they have sent us, among other gems, "Forrest's Quickstep," an exquisite production by Prof. Chas. P. H. Wenzke.

JIM DELANEY.—Had such no relief to be afforded to humanity the final disposition of the case of this "gentle freebooter," whose career has figured so largely of late, and which was brought before the Recorder again yesterday, and Bill Bradley's eminently having cooled with time, he entered a suitable prosecution, and "Jim" was permitted to depart in peace.

RESIGNED.—We regret to learn that the office of the County Court Clerk will probably be removed to Raleigh during the present week, as this will entail both time and expense upon the residents of the city, in the transaction of their business with this office, which constitutes at least ninety per cent of the whole business of it.

ROW ON BEALE STREET.—A row occured last night about eight o'clock, in a drinking saloon on Beale street, near the corner of Causey, during which a man by the name of Montgomery, was shot through the hand, and another named William Smith, was very badly beaten over the head with a pistol. Smith was afterwards conveyed to the station house, where he lay at a late hour last night in a critical condition.

LOST BOY.—A bright little boy, some six years of age, who gave his name as "Willie," was found wandering about the streets yesterday morning, who, when questioned could give no better account of himself than he had come to the city on the railroad, and had been lost from his father. He was taken to the Station House and kindly cared for by Mr. Reilly until the afternoon, when his father arrived and carried him off in triumph.

DEATH OF A HERCHIAN.—We regret to learn of the death of Mr. Thos. N. C. Quarles, formerly book keeper for F. R. Clarke & Co., who, procured near Sardis, Miss., on the twenty-fourth inst., from the accidental discharge of a gun while out hunting with a friend. Mr. Quarles was well and favorably known in the city as a promising business man, and his death will be sadly felt by all who knew him.

STILL ANOTHER.—About half past seven o'clock yesterday morning, two negroes got into a quarrel on the levee, which finally ended in one of them named Alex Robertson, a porter at the cotton press, shooting the other through the heart, killing him instantly. The name of the one killed was Rech Trotter, who drove a hack for a Mr. Loyd. The difficulty grew out of an old quarrel. Coroner Erticson held an inquest upon the body of the deceased in accordance with the statement above was rendered. Alex was arrested and admitted to bail in the sum of twenty thousand dollars, for his appearance on Tuesday for a preliminary trial, which was promptly given.

SHERIFF CIRCUIT COURT.—We learn from reliable sources that on Tuesday in the case of the negro Tom Hayes, tried for a murderous assault on Col. Rote, J. Chester, with an axe, the jury returned a verdict of guilty, and sentenced him to the Penitentiary for five years. Yesterday the case of Wm. Parkins, for stealing twenty-one dollars in gold from a Mr. Smith, employed by Wm. Parkins, near this city, was decided, the sentence also being five years imprisonment in the State Prison. To-morrow the case of Jerry and Mary Beckton, charged with stealing a bale of cotton from a man named Caldwell, who resides near Hickory Withe, comes up, which ends the Criminal docket.

SAMBO AS A FREEMAN.—A few days since we published the shooting of an old negro woman by her master, near Raleigh, during the summer, and yesterday we heard of a similar affair, which occurred on Poplar street, near the Bayou, in that delectable retreat known as "Happy Valley." About noon, a negro man, evidently some what intoxicated, entered a shanty, occupied by a negro woman, and began quarrelling with her, which ended in his drawing a pistol and shooting her in the mouth, the ball lodging in the back part of her head. Inflicting a dangerous if not fatal wound, as the surgeons had, at last accounts, failed to extract the ball. The man was arrested, and will probably be tried to-morrow.

CHANCERY COURT.—Yesterday was occupied with the Motion Docket; the following cases come up on Monday:

Read Capt. Tidmarsh's Card.—It has been asserted by some that his brother, he the effect that ladies will not be admitted to the pavilion of Stone, Reston & Murray's Circus, unattended by a gentleman, may inconvenience some who wish to visit the matinee sociables this afternoon, without being so accompanied, and that possibly offense may be taken if the entree is refused, it calls upon me, publicly, to state that this strict rule, from which there can be no departure, is instituted to shield ladies from contact with improper characters, and will be rigidly enforced. The Circus is a principal integral portion of the amusement of the nation, and from its good reason of travel, vast expenditure, and the constant great assemblages its character of exhibition suits together, plays its part upon the tone of the public mind and morals, it rests at all times with the leaders of business if such influences shall be good or bad. It has ever been, and shall continue to be, my pride, early (in which I am warmly seconded by Messrs. Stone, R. & M.) to make those influences improving and pleasant, as well as entertaining and humorous, and to exclude everything that may tend to public demoralization.

We cannot possibly have the same means of classifying people as the construction of a theater facilitates; but we can and will deny the entrance to all who cannot be speedily recognized by society; as a duty we owe to ourselves, as gentlemen, and to the community.

THOS. ISSIER THOMARSH,
Director Stone Reston & Murray's Circus.

*GO The Ferguson's seats in this Circus will be exclusive. No white person will be permitted in that section of the canvas.

In consequence of the inclement weather of yesterday morning the sale of those beautiful residence lots on the South side of Alabama and Exchange streets, near the intersection of "Salt Rise," and immediately in the rear of Col. Halbert's, was postponed until to-morrow, Monday, morning at eleven o'clock, when they will positively be sold. Each lot is staked out, and bonners set on the ground they are purchasing. We cannot too earnestly recommend these lots to parties wishing to secure a home in a neighborhood unsurpassed for its healthfulness, and to those wishing to make a paying investment in one of the most improving portions of our city.

Kopper Manufactory.—It will be seen by reference to our advertising columns that Messrs. Boyd, Cummings & Co., of 189 Poplar street, are manufacturing superior qualities of inks of all descriptions, sarsaparilla, soda and the infallible baking powder, so justly celebrated throughout the South. The enterprising spirit of these gentlemen certainly deserves encouragement at the hands of our people, and we feel satisfied that it will be lavished upon them, for their exertions in building up Southern manufactories.

A Good Mouse.—Attention is called to the card of Messrs. James and Schulze, dealers in stoves, tin ware mantelpiece, grates, castings, house furnishing goods, etc., in another column. These gentlemen are too well known to the community as prompt and practical business men, to require anything from us. We can only say that they have a large and complete assortment of the articles mentioned which will be disposed of at fair prices.

First National Bank.—The card in another column containing a list of the newly elected Directors of this bank, cannot fail to strengthen the confidence already felt in this institution, which, as we have shown by the recent statement of the Cashier, is in a flourishing condition. From daily intercourse with the officers, we can safely assert that they are clever, obliging and intelligent men, with whom it is a pleasure to transact business.

Jeff Davis not yet Released—Notwithstanding repeats of customers still continue to throng the well filled store and popular house of Robeson, Mitchell & Co., to purchase their clothing and furnishing goods, universally in cheapness and quality. Merchants and Planters are invited to call and examine the immense stock of Wagon and Plow Harness, Hames, Collars and Trace Chains at Monroe, Smith & Co., No. 262, Main street, which they are selling at the lowest rates.

A Desideratum.—On account of the many dangerous nostrums now before the public, of Preston's Yeast Powders—many of which are a sure death to the consumer—we advise our friends, one and all, to avoid all foreign articles, and use nothing but that made at home by Mr. Park Commings, at the "Memphis Chemical Mills," office 190 Poplar street.

Pioneer Express Company—To Shippers. In consequence of the change of schedule on the Mobile and Ohio Railroad, we are compelled to make the following rule:

All freight for stations on this road, except Meridian, Columbus, Corinth, Miss, Gainesville, Ala., and Columbus, Ky., MUST BE PREPAID.

The short time given us by the schedule to transact our business at local stations on this road, compels us to make this rule imperative.

Removal.—Saunann, Mayer & Co., importers of segars, tobacco and pipes, have removed from 32 Jefferson street to the corner of Second and Jefferson streets, Jefferson Block, where they are now keeping a much larger stock of the finest brands of Havana segars, Virginia tobacco and the real genuine meerschaum pipes. City and country merchants will find it to their interest to call and examine their stock and prices before purchasing elsewhere. Remember, corner of Second and Jefferson streets, Jefferson Block. ja18 1m

Spech's.—That was a great and a good side of Joseph Specht—opening a refreshment room for ladies, exclusively. The blessings of many a dame, wearied with shopping, and with an appetite for lunch, are showered upon his head for this thoughtful provision for ladies' comfort. Lady visitors from the country rise up and call him blessed, since through his foresight they may spend the day in town without starving, or being put to the trouble and expense of going to a hotel. Great is Specht, the ladies friend.

Bonnets and Fine Millinery Goods.—A la Parisienne.—Ladies who desire the latest style of dress goods and notions, and who desire the latest Parisian styles of Millinery, should not fail to call on Mrs. Gogen at No. 352 Main street.

Ladies Hair Dressing Saloon.—The favorite establishment of Madame Lavigne, on Main street, between Union and Gayoso, opposite the Peabody House, is in full blaze of prosperity. Her ornaments of hair, in variety, grace and elegance, are unsurpassed. The most elaborate toilet locks Rubas unless Madame Lavigne touches it.

Specht's.—In our rambles yesterday we dropped in upon our friend Joseph Specht, at No. 37 Madison street, and spent an hour in looking through his well regulated establishment, and watching the crowd which was attracted there by the cakes and confectionaries which he has prepared for his customers during the festive season. As every one knows that they are of his own manufacture, and not the stale articles imported from the North, of course they rush to his rooms for supplies. In connection with his other business, a magnificent oyster saloon for ladies has been opened out in real Oriental style, and where polite and attentive waiters can always be found, and the bivalves are served in splendid style.

RIVER MATTERS.

Weather and Business.

The weather was quite pleasant yesterday, notwithstanding that during the afternoon there was a strong indication of rain, the sun went down behind the woods that lines the Arkansas shore in all his grey splendor.

Business on the levee was quite brisk, as it usually is on a Saturday afternoon, especially in shipments of merchandise, and the old cases of freight still remaining, the rate for cotton, two dollars per bale for cotton, fifty cents per one hundred pounds for merchandise, and one dollar per barrel for pork.

The river is steadily rising, having risen some ten inches by the water mark since our last report.

The splendid new form wheeler Deer Lodge came in from St. Louis yesterday evening with her guards in the water. She is a perfect beauty, and sits on the water as gracefully as a swan, and bears an appropriate name, as she made the run to this port in forty-eight hours. Mr. Fowler, her clerk, has our thanks for a copy of the *Evening News* twelve hours in advance of the mails. She discharges about two hundred tons of freight here, and leaves for Little Rock to-morrow morning.

The magnificent packet of the Atlantic and Mississippi Steamship line, the W. R. Arthur, will arrive during the morning, and leave at twelve o'clock for New Orleans.

The Monarch is due from below this morning. We regret to learn that Capt S. M. Archer, of the firm of Archer, Shirley & Co., agents of the Louisville Packet line, is lying dangerously ill at the Southern Hotel in St. Louis.

It having been reported by the telegrams to the Northern press, that the underwriters at St. Louis had ceased to insure freight on Southern bound boats, we are assured by our river friends to contradict the report, which is without foundation in truth.

The steamer Dora Martin, with seven hundred bales of cotton on board, sunk on her way from Shreveport to New Orleans.

The Rivers Above.

Our latest dates from points above are to the twenty-sixth.

We learn from the St. Louis *Republican* of the twenty-fifth that the weather at that point since Tuesday night has been of the most extraordinary character. Since then it has been without an hour's intermission, either snowing, sleeting or raining, and all times and times together. Yesterday morning it was next to an impossibility for pedestrians to make any headway, so slippery had the ground become during the night. The snow, however, soon commenced melting, and now there is the danger of falling not so imminent, yet, take it all round, we don't think we ever experienced a more disagreeable day.

The river at St. Louis fell five inches in the morning and rose one inch at ten o'clock, and it was then twelve feet and ten and a quarter inches above low water mark of eighteen hundred and sixty-three, twenty-eight feet and six and a half inches below highwater mark of eighteen hundred and sixty-four, and twenty-feet and eleven and a half inches below the City Directrix.

The Cumberland was still rising at Nashville on the twenty-sixth, with eleven feet on Harpeth Shoals.

The Cincinnati *Enquirer* of the twenty-fifth says the weather yesterday was very unpleasant, as a heavy rain fell throughout the day, and the landing and streets were in consequence very muddy. As we go to press the rain is falling very fast. The river at this point was stationary until about noon yesterday, when it took an "upward tendency" and still continued to swell at six o'clock last evening. There will, in all probability, be a rise of three to four feet by this morning. There was, at six o'clock last evening, full twenty-two feet water in the channel.

The river at Parkersburg yesterday was clear of ice; here there were small lots of soft ice passing.

Business on the landing yesterday was about as a "stand still" as we ever saw it. There were several boats outside of the regular packets took their departure last night—all with good trips. The regular packets all left on time with fair trips.

At Louisville, as we learn from the *Journal* of the twenty-fifth, the river was about on a stand yesterday, with eight feet water in the canal, six feet in the Indian Chute, and five feet over the rocks.

The rain fell from morning until night yesterday. The atmosphere was pleasant, but the pavements were sleeped in mud. Human navigators made poor speed through the city.

For such inclement weather, there has seldom been a more busy day among shippers. Large quantities of freight went forward to Portland for shipment to Memphis and New Orleans per steamers Morning Star and W. R. Carter. Both of these packets will clear with unusually full trips. At the city wharf considerable activity prevailed. Rates of freight remain firm at former quotations.

Gleanings from Our Exchanges.

The following interesting items of river news we find in the St. Louis *Republican* of the twenty-fifth:

Capt. Shaw's mammoth Missouri river packet, the Isabella, left Kansas City on Monday afternoon for New Orleans, with a big load. She will receive her finishing touches at Leavenworth.

The memorial of pilots on Mississippi gunboats during the war, for an increase of pay, has been presented to Mr. H. M. Washington by the House Committee adversely to the claimants, one reason assigned was the fact that a number of the pilots had been previously employed on rebel gunboats, and that when taken into service by the United States they were out of employment, and that they were well enough paid.

The Indiana, for New Orleans, in descending the falls Sunday evening, rubbed a little over the rocks, which considerably alarmed the passengers. She was not hook, however, and was not hurt in the least. The river had commenced falling, and the boat had taken more freight than was contemplated, and she was "drawing all the water."

The Gen. Anderson had her chimneys blown down in a storm, recently, between Cairo and Columbus.

The Westmoreland reports the Sherman, recently sunk, as lying straight, on the Illinois shore, in the middle of Peduca, in two feet less of water, and the water one-third way up her stationary fenders all along the lower guard.

Mr. Oscar Warden used his newly invented signal light with great success on the J. R. Gilmore, on her last trip. Boats recognized it at a distance of five miles, and blew their whistles in response. The proprietors of one of the wharfboats at Evansville mistook it for the moon. The officers of the Gilmore endorse it as follows:

CINCINNATI, Jan. 28.

The undersigned, officers of the steamer James R. Gillmore, on her late trip to Louisville, had the pleasure of witnessing the trial of the new and improved signal light, invented by Mr. Oscar Warden. We are happy to say it proved to be an entire success. We therefore bade our thanks to Mr. Warden for his favorable invention. It is worthy the attention of all steamboatmen.

George L. Rippert, Captain; W. Joe Ross, Clerk; Harvey L. Robbins, Clerk; Andy Lytle, Mate; Elijah Marshall, Mate; John Cosett, Engineer; Jacob Ferguson, Engineer; Jerry Crosse, W. Hillill, Pilot; John Farel, Pilot; Thomas H. Hindman, Carpenter.

The steamer Annie Laurie arrived at Cincinnati on Monday evening. She left Charleston on the morning of the twenty-second, but was detained until Sunday evening, on account of the ice. She ran through heavy ice from there to Pittsburgh. The Allegheny river is falling, with five feet of water, and is clear of ice. The Monongahela is falling, with four feet of water. Sunday afternoon, The Lorena was at Portsmouth at night coming down from Portsmouth. The St. James was at Grantsborough on Monday night.

Capt. Henry Morton, of the Underwriter, arrived at Cincinnati from Pittsburgh, Monday morning, and reports the sinking of his boat was put out of order by the careening of the Minnie, that he went to work on the Minnie and had her ready for the trip, when she was above the water when the pump became unshipped and was rendered useless, and that he now it could be repaired the river rose so high as to prevent any further operations until it fell, when he went down and found one flat of freight was taken off.

There is no improvements on the Upper Ohio river trade, as boats leaving for above receive but little encouragement. Rates are never ruinous, only from Cairo, St. Louis and Memphis, forty cents per hundred; New Orleans, seventy cents; Louisville and Cincinnati, twenty; and Nashville, thirty cents.

The Lorena left up at Hawesville, during the storm of Friday night, being obliged to keep both engines working. Capt. Evans says he had quite a time in coming down on Monday afternoon, and that he was informed by the pilots of the Jeanie Scott, that they had met the storm was the cause of the loss of the steamer.

We hear it reported that a consolidation will soon be consummated between the Star Line and the Louisville and Nashville Packet Company, running between Louisville and Nashville, and a regular line formed between this city and St. Louis, and that the contracting parties will be ready to run an excellent move, as there is at present not enough business for two lines to justify two trips of steamers.—*Cincinnati Enquirer.*
