FINANCIAL AND COMMERCIAL.

OFFICE OF THE DAILY APPEAL, MEMPHIS, January 6, 1868.

Our banks report favorably of collections within the last few days. Of the large amount of paper due on Saturday there was very little protested. Of the protested paper, we are glad to learn that there was none of any of our prominent business houses. It was mostly country paper or from places remote from Memphis. Exchange which was in active demand last week, is heavy to-day. There is no change of rates. All New York Sight offered by customers is taken at par. Boston, Boston, Philadelphia, and other outside points, are taken at ¼ discount. New Orleans at ½@¾ discount. Selling on all points at par.

Gold opened in New York at 137½, and at noon was 138¼. Our dealers buy at 135@136, and sell at New York quotations with a good counter demand but light offerings.

City Scrip is in active demand, and has advanced. Dealers buy all presented at 93@95. As a general thing they would sooner hold then sell. In a few instances they sell at 96@97.

County Warrants are not active. Brokers buy small pieces readily, but are generally well supplied. They offer freely and sell at 90@95.

Police Scrip is steady at 85@90 buying. Selling at 85.

The Thirteenth Quarterly Return of the First National Bank of Memphis appears in another column this morning. The statement, it will be seen, compares favorably with the preceding ones made by this bank, and is only another evidence added to those of the gentlemen who have so ably managed its affairs as to enable them to make such a showing after a quarter of unusual depression and dullness.

The First National Bank at Bay City, Michigan, called on the 2d inst. The affairs are reported to be in a rather bad condition. Deposits in the amount of $75,000.

In the New York city tax assessment that appears from the aggregate of taxable property assessed. The total tax levy for the year is 21.8 mills on $1, or an increase of $1,000,000 on the levy of 1867. At 21.8 mills on the dollar, which is the current rate of tax, the entire property value of the city would be assessed at $46 (no 46) according to assumption; but it is to be one-third more than this, or nearly $1,000,000, the fact being the property is that it is assessed at one third below its full valuation. Among the most opulent tax-payers are William B. Astor, whose aggregate tax, exclusive of the national tax, is $60,000; his tax on $2,000,000 of personal property is $31,000; John J. Astor, Jr., is credited with a tax of $26,30, on $1,000,000 personal property; and William Astor pays on $2,000 personal property. A. T. Stewart is taxed upwards of $20,000, or this sum nearly one-quarter is derived from his personal property of $2,000,000. Cornelius Vanderbilt on $250,000 personal property, and besides his other real estate tax, pays about $9,000 tax on his Harlem Railroad property in city domain. Peter Cooper, at Broadway and Nineteenth street, is assessed on $200,000, and pays an equal amount on his property in Trenton, New Jersey. Jonathan Thorneson $60,000, Christian Isselin, on $300,000; Alexander Stuart, the sugar refiner, on $600,000, and Robert L. Stuart on $250,000; Jonathan Sturges on a like amount; Robert Goelet on $3,000, and his relative, Peter R., on $3,000; the Astors pay on Sixteen; William A. Appleton on $40,000 of it; the Harper family on $70,000, of which $60,000 is personal property; James S. Harper, $50,000 by Fletcher Harper, Jr., and $ 0 00 by John Harper; Jerome Stevens, the hotel keeper, is taxed on $120,000.

The Liverpool cotton market to-day was active at the opening; Uplands 7¾d, Orleans 7¾d. At noon it was steady and had advanced ¼d for all grades, Orleans 7¾d. At noon the market was easier and prices unchanged. Sales for the day, 10,000 bales. The New York market did fill at the opening and remained so during the day. A decline occurred at noon, Middlings fell a quarter, Orleans and Texas were very dull and unsettled; Middlings, nominally, 16 to 16½c, Orleans 17c, with the former trade receively small sales only for the cotton bales. There was some enlightenment in the market during the day, but it was not encouraging. Dealers were not disposed to operate, and the day closed upon an inactive market. No sales were made upon which to new quotations. The market was dull and nominal. By actual count to-day, the stock on hand is found to be 1,140 bales. There is some discrepancy between this amount and the report of the chamber of commerce, but it has arisen, no doubt, by an under estimate of the bales in the yards.

The heavy rain to-day retarded business to a great extent. Prices for the coming week are left to be steady, and Bulk Meats, Bacon and all kinds are in good supply. New York is in steady demand at $1 50@2 from store in large lots. Prices Bulk Sides, Boxed, $8@8½; Bulk Shoulders, 8@8½; Rib Sides, 8@8½; Clear Bulk Sides, 8@8½; Rib Sides, 8@8½; Shoulders, 8@8½; Clear Bacon Sides, 10@10½; Bacon Shoulders, 8@8½; Sugar Cured Hams, 18@19c. Dressed Hogs, 7c. Lard, in kegs, 10@10½c; in tierces, 10 to 10½c. Corn in fair demand; held at 70c. Ear Corn is scarce and held at 75c. Oats firm, 50@55c. Hay, $30@35. Hot Rolled Oats Meal is in fair supply, and dull at $5 50 in store in round lots. Hominy, $5 50. Malta Sagging, $5 50. Cracked Wheat, $5 50. Rye Flour, $6@6½. Choice rye is in demand at 50@55c. KAVANAGH & DECKER'S

BILLIARD TABLES

THE most reliable Cushion used on Billiard Tables is the

Cat-Gut Cushion,

Manufactured by KAVANAUGH & DECKER, and patented December 18, 1866. (See Scientific American, Vol. 15, No. 11.)

All articles only Cushions that possesses all the qualities essential to a Perfect Cushion. It is the most elastic and most durable Cushion ever offered to the billiard-playing public, as is abundantly proven by the great demand for it since its introduction. The peculiarity which distinguishes the Cat-Gut Cushion and renders it superior to all others, is the tightened cord of cat-gut which overlies the face and edge of the rubber cushion, and by the elasticity of the cushion, which prevents the ball from bedding into the rubber and jumping from the table. The addition of the cord also adds much to the elasticity of the cushion.

The Cat-Gut Cushion has already been applied to over 1000 tables in the United States, and is applied to tables of any make, for 37½ per set.

Kavanagh & Decker's Factory, at the corner of Centre and Canal streets, N. Y., is the most complete of its kind in the world. The machinery is of the most improved character, the lumber drying room the largest in the United States, by the aid of which a perfect article can be purchased, and the workmen thoroughly skilled.

Billiard Cloth, Balls, Cues and Trimmings, all of the best make, constantly on hand.

Kavanagh & Decker are the only agents in this country for the Celebrated Cushion, adopted by component authorities to be the best Cement ever used.

Full size Tables cut down for $100.

Our Latest Improved

NEW SCALE PIANO-FORTE.

GROVESTEEN & CO.,

499 Broadway, N. Y.,

THESE instruments, after the most flattering testimonials from the first Pianists in the country, have received, and have received them in the severest manner possible, have been pronounced THE FINEST SQUARE PIANO-FORTE MADE IN THE WORLD.

It has always been our policy, during the thirty-six years that we have manufactured Pianos, to place instruments which are now in use in the United states and Europe, to give the finest instrument at the lowest price. Our system has proved satisfactory, and we now offer to three hundred dollars less than any other First Class House.

The tone of these instruments are remarkable for their peculiar Sweetness and Great Brilliancy, combining those rare qualities when found in third-class instruments, the power of retaining its positiveness, does not destroy the musical tone and agreeable quality when blending with the harmonious combination, the refined beauty of tone being equally delightful to the untutored ear as to the cultivated ear.

They are an entirely new style of Piano, finished in the most superb manner, *with four full round legs instead of the usual form*, and large and Lyre serpentine base richly moulded, and each instrument is fully warranted for five years. sep5 dawtp

To CONSUMPTIVES.

It is authoritatively stated that one-fifth of the inhabitants of this country and Europe die of Consumption. No disease has been more thoroughly studied, and its nature less understood; there has been almost as many different theories and diversity of opinion, and no disease which has none completely baffled all medical skill and medical agencies.

Some of the prominent symptoms are Cough, Expectoration, Shortness of Breath, Irritation of the Lungs and Chest, darting pains in the Sides and Back, Emaciation, and general negative condition of the whole system.

Persons suffering with this dreadful disease, or any of its concomitants, should lose no time in possessing themselves of the proper Remedy in order that they may stay its ravages, and be restored to health. The

Prepared Prescription for the Cure of

Consumption, Asthma, Bronchitis,

And all Throat and Lung Affections,

By the use of which he was restored to health in a few weeks, after having suffered several years with a severe lung affection and that dread disease, Consumption, has now been in use over ten years with the most marked success.

This remedy is prepared from the original Recipe, chemically pure, by the Rev. EDWARD A. WILSON, 165 South Second street, Williamsburgh, Kings county, New York.

A pamphlet containing the original prescription with full and explicit directions for preparation and use, together with a short history of his case, with symptoms, experience and cures, can be obtained free of charge of Mr. Wilson, as above, or by calling on or addressing

LIFE INSURANCE followed

No more, I thought, for the spell so wrought,
Till she kept by the lone sea shore!

For they said the flame of a dark despair, burnt
while in her sweet white face:
She wept, "My life for love, I had kept,
But death has a wondrous grace."

I broke from the coils of a deadly charm, and
flew to my lost Lucern,
And found her grave by the western wave,
Low down, where the dead days burn.

I sat in my gloom, and the midnight raves—a
crone to the infidel?
Aye, shivering o'er, I close my door,
As to shut out some horrid spell:

But it will not go—see the phantom pale!—and
I made to' door so fast,
And the day fast soft, white and fleet,
In the doorway gleam, (when passed

Is the lightning's glare, and all is still and dark
as the soul's dark night,
Her feet, like the tile of lilies sweet,
And through them the dawn's soft light.

At morn, at eve, when the sunset glows like a
heart in love's first bloom
Her face appears, nor bathed in tears,
And smiles with its tender gloom.

I would that the eyes might turn from me, I
would that the feet might go,
And steal no more to my chamber door
With their soft face, to and fro.

If I sink so low that I cannot reach my soul
unto here through prayer,
Then the fiends in hell may work their spell,
When they point to a maiden fair.

My lost Lucern, who died for the love I now
would die to give,
And never once will my soul adore
A heart of the hearts who live.
