MEMPHIS APPEAL

TUESDAY MORNING, DEC. 22, 1868

TENNESSEE PRESS ASSOCIATION.

A meeting of the Tennessee Press Association is hereby called at Nashville, on the second Monday in January, 1869 at the office of the *Union and American*, at 12 o'clock m., upon business of importance. A full attendance is requested.

THOMAS BOYERS, President.
HUNTER NICHOLSON, Secretary.

THE SELMA RAILROAD.

We published yesterday an address from the President and Directors of the Selma Railroad to the people of Memphis, which we think exhausted the reasons that might and should urge our people to a prompt succor of that enterprise. Every fact and figure that could truthfully be mustered in the service of the road was presented in colors that, while strong and telling, were yet no more glaring than the present necessities of town and country, and the future of both, would justify.

Memphis needs and must have this railroad to Selma, by Holly Springs and Okolona. The country through which it will pass was intended by nature to be tributary to her. It is now lost. The cotton and other productions from this favored region find a market by the Mississippi Central and the Mobile and Ohio Railroads, both working against the interests of Memphis, and for their initial points—the first for New Orleans and the latter for Mobile. If this road is constructed this will be reversed. All the trade of that region will be poured into our city, enriching her in profits, probably the first year, five times more than all the outlay she is asked to make to secure so great a boon.

We hope the people of the city, the voters especially, will give the address a careful reading and the enterprise the most searching investigation. If they do so, we feel assured the subscription ($300 000) asked for by the Company will be filled.

ATTEND the Orphans' Fair to-day.

WASHINGTON.

WASHINGTON, December 21.—The Committee on Reconstruction to-day examined additional witnesses in the Georgia and Mississippi cases, and without any definite action adjourned until the 5th of January.

The Supreme Court will adjourn on the 21th inst. until the 4th of January.

The President has approved the bill giving cannon for the erection of a monument to Gen. Kearney.

The Supreme Court to-day affirmed the decision of the lower court in the case of the Rock Island Bridge Company vs. Andrews. The Court adjourns Thursday until the 4th prox., when the docket of original mission, arising under the Constitution, will be called.

Secretary Seward replies as follows to a telegram from a New York firm making inquiry whether the United States Government will protest American vessels against the seizure of will protest American vessels & Engel's. nov22

"were necessarily rejected as illegal. "The negroes are certainly entitled to "vote in the precincts where they reside, "but they, as well as the poor whites of "that region, are very easily duped, and "a designing man could very readily persuade them that they had been "wronged. To those who know Dr. "LEFTWICH's high character, it is simply "incredible that he should have been "guilty of compassing an election by "fraud, and it is more in keeping with "known facts elsewhere, that these simple minded voters should have been led "to believe that they had the right to "vote when and where they did not possess that right, than that there have "been such frauds on the part of a man "of known integrity and principle. Dr. "LEFTWICH's large commercial transactions and thorough knowledge of the "wants and resources of the lower Mississippi valley, make him a very valuable representative in Congress, *and "he ought not to be unseated unless upon "clear proof of fraud invalidating his "election*"

We are happy to be able to announce in this connection—and we do so upon unquestioned Radical authority—that Congress has determined, notwithstanding the party pressure from without, "to leave Democrats in seats to which their right is doubtful, or made to appear doubtful, rather than be suspected of straining a point in favor of Republicans." In addition to this we learn that Gov. BROWNLOW has signified his intention of issuing a certificate to Dr. LEFTWICH. Putting this and that together we think the friends of our honored Representative-elect may rest satisfied that nothing can be done to wrest from him the seat to which he has for the second time been elected by the people of the Eighth District.

Bros. assert that they will be proved innocent of the alleged smuggling of silks through the customhouse, when the trial takes place.

Greeley has a three-column leader to Senator Morton on his recent speech upon the resumption of specie payment. Greeley differs from Morton in that the former believes that prompt resumption is practicable, and argues upon that point at length.

In his speech at the banquet at Philadelphia Saturday night, Speaker Colfax said, relative to the incoming administration, that there would be the most searching retrenchment, honesty, efficiency and high character in all connected with the public service; a rigid guardianship of the treasury against unwise and extravagant schemes and a financial policy which shall maintain our credit untarnished, will appreciate our currency and place us upon the firm rock of specie payments.

CONGRESSIONAL.

WASHINGTON, December 21.

SENATE.

The bill providing that any Supreme Court Judge seventy years of age may resign, and receive his salary thereafter, was referred to the Judiciary Committee.

Mr. Thayer presented a remonstrance against the ratification of the Osage Indian treaty, except on certain terms. Referred.

Mr. Sumner offered two resolutions, one directing the Secretary of the Senate to inform the Senate what had been done in pursuance of the resolution authorizing him to furnish each State a set of standard weights and measures on the metric system, and the other directing the Postmaster General to give information as to what had been done in furnishing postal balances of the same kind, which were adopted.

Mr. Patterson, of New Hampshire, introduced a bill to reorganize and increase the efficiency of the medical department of the navy, which was referred to the Naval Committee.

Mr. Rice called up his motion to add two more members to the committee on the Pacific railroad, as representatives of the South. Adopted.

Mr. Wilson offered a resolution which was adopted, directing the Secretary of the Interior to report what Indian agents or superintendents are absent from their posts.

Mr. Thayer offered a resolution requesting the President to instruct the special commissioners who have examined the Union Pacific Railroad west of Omaha, and the Eastern Division, to examine in the same way all Pacific railroads, so far as constructed, and to report what amount is necessary to complete them, according to the standard of a first-class railroad, as required by law.

Mr. Stewart objected to the consideration of the resolution, and it went over under the rule.

Mr. Howard offered a resolution requesting the Secretary of the Treasury to communicate to the Senate the reports of the Union Pacific Railroad and its branches, as already requested by a resolution passed last July.

The Senate then adjourned until the 5th of January.

HOUSE.

Mr. E. B. Washburne called the House, and Mr. Van Wyck made a report from the Reconstruction Committee on whisky frauds, when the House adjourned to the 5th of January.

Judge Barnard to-day issued an order upon the application of Isaac N. Jones, returnable December 26th, directing the officers of the New York Central Railroad to show cause why the company should not be restrained from issuing certificates of more than $23,000,000 of stock. Tendency has not been well observed. It concurrently with a former one, and it is said the Central company intend to strictly observe both. Between $12,000,000 and $14,000,000 has been already presented to the Union Trust Company, and the new issue of certificates commenced on the same.
