ANNOUNCEMENTS.

FOR REPRESENTATIVE.—EDITORS APPEAL: At the urgent solicitation of very many friends, I have consented to become a candidate for Representative in the next Legislature, subject to the nomination of the Democratic Convention.
Je25 B. TOWNSEND.

EDITORS APPEAL: The MATERIAL interests of this district need special looking after in our next Legislature. On that account solely I have been induced to become a candidate for the State Senate, and shall run upon the platform of "reduced taxes, Senter and suffrage." Very respectfully,
Je16 WM. H. MOORE.

FOR SENATOR.—In compliance with the request of many friends, I announce myself as a candidate for Senator in the next General Assembly from the counties of Madison, Haywood, Lauderdale and Tipton.
Covington, June 21, 1869. D. C. SLAUGHTER.

FINANCE AND TRADE.

OFFICE OF THE DAILY APPEAL, MEMPHIS, July 10, 1869.

FINANCE.

An effort is being made to revive the Planters' Insurance Company of this city, and we are glad to say the effort has now become successful beyond all doubt. A subscription list has been opened, and already $110,000 of the $150,000 required has been taken. The names are those of our most responsible business men, and that the "Planters" will again resume its place among the best of our local Companies is, as we said before, an assured fact.

The currency balance in the Treasury has been reduced about six million since the 1st of July by the withdrawal of the necessary amount to purchase three million dollars of bonds, and $2,500,000 for the use of the army.

There is considerable difference of opinion among our bankers relative to the status of our money market. While the majority assert that money is moderately easy at least one or two state to the contrary, and claim that the market is stringent. We can learn, however, of no advance in rates, which range from 10 to 12 per cent on first class paper. Exchange is scarce, but rates are also steady. The demand for New Orleans bills has increased within the past day or two with no offerings on that point. New York bills are selling in New Orleans at ½ premium instead of ¼ as erroneously stated in our telegraphic report yesterday.

County matters are about to get into a muddle. An injunction was issued today preventing the Commissioners from issuing the $400,000 in bonds for the purpose of absorbing the outstanding warrants of the county. It is probable that this injunction will be followed by another preventing them from issuing any more warrants until at least an investigation is made into the modus operandi by which so many of these promises to pay find their way into circulation. There is a very pretty fight brewing in this quarter and the parti-colored board will soon be in a bad predicament.

City Scrip is not in demand by dealers. They all seem to have as much on hand as they need.

Police Scrip is steady.

There is a fair demand for gold for shipping purposes, but very little is presented. As the season advances more of it will be developed, owing to the growing stringency in currency. We quote as follows:

COTTON.

The Liverpool market at the close was active, with sales of 12,000 bales; Uplands 12¼d, Orleans 12¾d.

The New York market opened dull and nominal, with Low Middling, 33¼c, Middlings 34¼c, Good Middlings 35¼c, and was unchanged throughout. Sales to spinners, 450 bales; to speculators, 350 bales; 1750 bales Low Middlings were sold for future delivery, including December, at 26@26½c, and January at 25¾@26c.

In this market a few bales changed hands at about former rates, though the demand is very small, and only two or three buyers were on the street. We quote without change:

TRADE.

Business was very fair to-day for the season and prices are steady with light receipts, both by river and rail. The weather continues hot and favorable for corn and cotton, while the crops that depend upon through exchanges in relation to the crops is very flattering indeed. Now that there can be no possibility of an overflow we may look for good times along the river, and our merchants should bestir themselves about putting in at least two good boats hence to Vicksburg during the next season to run in connection with the large lines of the Dry Goods and Boot and Shoe markets but little can be said. Both branches of trade seem to be fairly active for the season. The *Commercial Bulletin* says of Dry Goods in New York: "The continued high and advancing rates of the raw material and the disposition among manufacturers to curtail consumption, have tended to strengthen the views of holders of goods, believing that in the end if not immediately, consumers will be forced to accept their rates. Consumers on the other hand are looking anxiously at the cotton crop reports, believing that if they are favorable during July they can anticipate easier prices early in the fall. To a certain extent both sides are undoubtedly correct in their reasoning. But yet we do not think that even with a good crop we can look for low priced cotton immediately, even with a favorable season. From twenty-three to twenty-six cents is the lowest point good judges expect the market will touch, at least until after the new year, and the majority incline to the higher figure. Their opinion is based upon the very small stocks of the raw material now held throughout the world, and the ability and disposition of the South to hold their cotton until they realize what they think it is worth. Then again stocks of goods are small, not only here but in Europe and everywhere. There has been during the past year a forced curtailment of shipments to the consuming markets of the old world, while our own retail merchants have only bought from hand to mouth, so that in almost every quarter of the globe stocks of goods in distributors hands are small, and with a fair reduction in price, large orders would be likely at once to flow in. Cotton goods are an increasing necessity to the world. Consumption can be for a time held in check by high prices, if there is good reason to anticipate lower rates soon. The past year has been an illustration of this idea; but it does not look now as if the demand could thus be curtailed the coming season, and hence our manufacturers and jobbers appear to anticipate a good fall trade."

It will be seen by a card elsewhere that an important change has taken place in one of our best known grocery houses of Front street. We allude to the purchase by Messrs. Schoolfield & Hanauer of the entire stock of Messrs. Mart Walt & Co., comprising one of the largest and best selected assortments of groceries and plantation supplies in our city. In retiring from business Maj. Walt takes with him the best wishes of a legion of friends as well as a name second to none in our commercial circles. The purchasers are well known, not only throughout this section but in Arkansas the names of Schoolfield & Hanauer are as household words. Solid evidences of prosperity of this kind we are proud to chronicle.

The FRUIT market is well supplied, and prices are weak and irregular. Choice Green Apples, not bruised, are taken at $1 75 per barrel, while inferior sell as low as 75c per barrel.

The demand for BUTTER is very light, and prices are irregular. Good Western, 28@32c; Common, 20@25c.

There is a fair demand for PROVISIONS, and prices are some firmer. Mess Pork 34 25 to $34 50. Clear bacon sides, 18¾ in 19c; Shoulders, 14¾@15c. Country meats are about ½c lower. Plain Sugar Cured Hams, 19c; Sugar Cured Canvassed, 20@21c. Lard, in tierces, 19¾@20c; kegs, 20¼@21c; caddies, 22@22½c.

There is no change in COFFEE. The market is steady. Ordinary to prime Rio 20 to 23c; Java 35 to 38c.

In PRODUCE there is no material change. Potatoes are dull at $1 50@1 75 per barrel, Onions, $1@1 25 per bushel. Sweet Potatoes, $1 50@1 75 per bushel in a retail way.

There is a moderate demand for CORNMEAL. Fresh 4 10 to $4 15 per bbl; Kiln-dried in lots 4 25 to $4 35. In a small way $4 50.

The FLOUR market is steady. We quote Superfine at $5@5 50, as to quality; X, $5 75@6 25; XX, $6 75@7 50; XXX and fancy brands, $8@11.

There is a light inquiry for EGGS in small packages at 18@20c.

In FEED prices are steady and receipts light. We note sales of corn on levee at 90c and oats at 80c. Bran has advanced to 24 to 25 per ton in store. Hay is firm at 25 to 27, as to quality.

In HIDES there is no change. All kinds are dull. Green 5c; Salt 10; Dry Salt, 17c; Dry Flint, 20c.

Cape and Alabama LIME held at 1 60 to $1 80 per barrel. Utica $1 75. Cement 2 75 to $3.

There is no change in SUGARS and MOLASSES. Stocks are very good. We quote Louisiana yellow Sugars 11 to 15c; New Orleans Y. C. 15½ to 16c; New Orleans W. C. 16½ to 17c; soft white 16½ to 17c; hard white 17 to 17½c. Molasses range from 50 to 90c, as to quality.

POULTRY is in fair demand. Young Chickens $3 00 to $4 50; old $5 to $5 50.

There is a fair butchers' demand for LIVE STOCK and beeves range from 3½ to 8c as to quality.

In SALT there is no change. Large dairy (seven bushel barrels) $4 50; small dairy (five bushel barrels) $3 50; large common (seven bushel bbls.) $3 50 to 3 50; small common (5 bushel bbls.) $2 50 to 2 75.

There is a good demand for TOBACCO, and prices are steady.

WHEAT is in demand at the mills at $1 10 to $1 50 per bushel, as to quality.

The WHISKY market is dull. Highwines 90c. Proof Whisky 1 00 to $125 Common 65 to 85c. Imitation Bourbon 1 20 to 1 30.

COMMERCIAL, FINANCIAL AND CROP ITEMS.

—The Cuban bonds, to be put upon the market before long, are made payable "twelve months after date of the independence of the Republic of Cuba," and are said to be secured by real estate in New York.

—A correspondent of the New York Evening *Post* shows, by an analysis of income tax returns, that in the district inhabited by the wealthiest class of citizens the number of income tax payers slightly increased from 1867 to 1868, but the average amount of incomes has largely increased. At the same time he shows—or rather the *Tribune* figures, which he adopts, shows—that in other districts, inhabited by a population of moderate means and smaller incomes, both the average income and the number of those who make enough to report an income, have considerably decreased. The *Post* insists that the figures paraded by the *Tribune* as evidence that the masses of the people are amassing wealth, demonstrate that "the protectionist laws, from which we now suffer, are the rich man's laws and the poor man's loss."

—The statistical record of the Government Bureau shows that in thirteen years ending with 1868, over two and a half millions of Europeans emigrated to this country, the greater number coming from the British Isles—as is still the case. Great as is the German influx, it is surpassed by that of the English speaking population, which in this year up to the present month, amounts to 54,000 heads, while the German only reaches 47,000. With respect to those set down as coming from England—over 20,000 in this year—it is beyond a doubt that great numbers of them are Irish, who come away from the port of Liverpool. The persistence of the Irish exodus is a very remarkable thing, considering that it proceeds from a population not much larger than that of New York State.

The Legislature of New Hampshire has passed a bill allowing nine per cent. or any less rate of interest, by special contract. The bill is to go to the voters for approval or disapproval at the next election. It is not easy to see why "nine per cent." should have been fixed as the maximum to be allowed by "special contract." If the parties are to be allowed to contract at all, why should not the amount be left to their own discretion, and to their exclusive knowledge of the necessities upon the one side and their ability to lend without inconvenience on the other? If six or seven per cent is arbitrary, nine is no less so; and any limit whatever takes money out of the rank of a commodity to be bought or sold in market overt. No Legislature would think of placing a statute irrevocably fixing the price of wheat, cotton, or any other thing, and yet money is a different matter. Very well, if this be so, the question arises whether six or seven per cent. is not about as much as any ordinary business can afford to pay. If any makers are, to stop anywhere why not stop there? or why stop at nine? If hard-up men are to be protected, why not fix the rate at five or six? Why not allow "special contracts" without limitation?

It gives a pure Blooming Complexion and restores Youth and Beauty.

Its effects are gradual, natural and perfect.

It removes Redness, Blotches and Pimples, Tan, Sunburn and Freckles, and makes a lady of thirty appear but twenty.

The Magnolia Balm makes the Skin Smooth and Pearly; the Eye bright and clear; the Cheek glow with the Bloom of Youth, and imparts a fresh, plump appearance to the Countenance. No lady need complain of her complexion when 75 cents will purchase this delightful article.

The best thing to dress the skin with is Lyon's Kathairon. jel1

Important Fact.—We see that persons of strong constitutions, and young, suffer for days with pains of the limbs, loss of appetite and fever, who suddenly get well after a cholic followed by slimy, bilious stools. The relief produced by these evacuations were the original guide to the idea and practice of purgation, and which, when enforced by Brandeth's Pills, always benefits, usually cures, and often prevents disease, especially Scarlet Fever and diseases of similar character.

L. L. Cook, publisher of the "State Banner," Bennington, Vt., says Brandeth's pills cured him of Dyspepsia, after being afflicted with it over five years. His friends and doctors considered his recovery impossible; but six boxes of Brandeth's Pills restored his health perfectly.

A young lady of Mount Pleasant was sorely troubled with Tape-worm. All advice and medicine failed to help her. She had no rest. Thin, careworn and unhappy, she looked the picture of misery. At last she concluded to try Brandeth's Pills. In one year she took seventy-two boxes. They brought away, according to her computation, over two hundred yards of tape-worm. At length all her bad symptoms left her; she slept and ate naturally, and her health became fully restored.

"A Word to Horsemen."—DR. TOBIAS' CELEBRATED VENETIAN HORSE LINIMENT has been tested by the first horsemen in this country, and proved to be superior to any other. The late Hiram Woodruff, of "trotting fame," was never without a bottle in his stable. It is also used by Col. Bush, of the Jerome Park Course, at Fordham, N. Y., who has over twenty running horses under his care, among which rank some of the finest stock in America. It is warranted to cure Lameness, Sprains, Scratches, Bruises, Galls, Cuts, Wind Galls, Colic, Sore Throat, Nail in the Foot and Over Reaching, when used according to the directions. All who own or employ horses are assured that this Liniment will do all, if not more, in curing the above named complaints, as the horse need die of colic, if, when first taken, the Liniment is used according to the directions. Always have a bottle in your stable.

Price, in pint bottles, one dollar. The genuine is signed S. I. Tobias on the outside wrapper. For sale by Druggists, Saddlers and Storekeepers throughout the United States. Depot, 10 Park Place, New York.

And when Abraham and the people beheld the wonderful cures which were produced by this drink, Abraham said: "My children must not suffer; give me thy drink to drink, and I will give it a name."

And so Abraham drank, and said there was nothing like it, even in Sangamon county; that it was bitter to the lips, but good for the stomach; and because there were bitter times in fighting the masters of the plantations, it shall be forevermore called PLANTATION BITTERS; and so it has been.

And the wonderful work which it has performed is witnessed in this day in every town, parish, village and hamlet throughout all the world.

And he said: "Let it be proclaimed throughout the length and breadth of the land, from the valleys and mountain-tops, that all who suffer from fevers, dyspepsia, weakness, loss of appetite, nervous headache and mental despondency, will find relief through the PLANTATION BITTERS. They add tone to the stomach and brilliancy to the mind of which I, O people, am a living example."

MISCELLANEOUS.

Mr. L. D. Rucker has been appointed General Superintendent of the Erie Railway in place of Mr. Riddle, resigned.

The President of the Des Moines Valley Railroad reports that over $700,000 will be collected in duties on railroad iron at Keokuk during the present season.

A Commission has been appointed by the Secretary of War to consider the proposed location of the Hudson River West Shore Railway upon the public lands at West Point.

The returns of the several railroad corporations in the State of Massachusetts show that 24,916,021 passengers were transported by them for greater or less distances during the year ending Nov. 30, 1868.

Charges on the Pacific Railroad are being reduced as rapidly as can will be expected. A dispatch from Chicago states that through tickets from that city to San Francisco are now sold for $136 55 currency, or a little more than six and a half cents per mile. That is the rate the Union Pacific Company desired to fix the fare at, but already a disposition is manifested to demand a still further reduction. The Chicago *Tribune* holds that sixty dollars for the whole distance would be quite enough to pay; that is, about three cents a mile. The experience of all railroads shows that the profits of the company are in proportion to the cheapness of travel; and we have no doubt that the Pacific Railroad will pay better the lower its rates are fixed, consistently with prudence.

A road is being projected from Huntsville, Ala., via Guntersville to Gadsden, which will give Nashville rail connection with Rome, Atlanta and Charleston. Says the Huntsville *Advocate*: "We are glad to learn from Hon. J. W. Burke, of Jacksonville, that a new company has been formed to build the road between that place and Gadsden, twenty-two and a half miles; and that arrangements have been made with Mr. John Everitt, of London, (one of the company), by which means to be secured. The completion of this road may be assured. This new company, composed of able and responsible gentlemen, are now negotiating with the Guntersville road for a union of the two roads to insure the completion of the road to that point from Gadsden. We trust that this will soon be satisfactorily arranged, and that the public may feel assured that the road from Jacksonville to Guntersville will be a fixed, iron fact at no distant day. Gen. Burke is working with zeal to this end." The Decatur (Alabama) *Republican*, referring to the extension southward of the Nashville and Decatur Railroad, says: "Work on this end of the North and South Alabama Railroad has been commenced. A large force is now already in the field, and the work will be pushed forward as specially as possible. Twenty miles of the road is expected to be in running order on this end by the first of September next."

NOTICE.

To the Merchants of Memphis and Merchants and Planters on White River.

I HAVE this day sold the White River Mail Contract, with all my interest in the White river trade, to the Memphis and Arkansas River Packet Company, of which Major John D. Adams is President. To the citizens of Memphis and on White river, by whom Maj. Adams has been so long and favorably known, I need say nothing, as he is no stranger to them, having successfully carried their mails and done their river business for them for many years before the war. To the new settlers I take pleasure in recommending the new line as reliable in every particular, and ask for them a cordial and hearty support.

JOHN B. DAVIS.
June 10, 1869.

IN taking charge of the Memphis and White River Mail Line, I can only say that we will endeavor to conduct the business in such a manner that it will be satisfactory to the merchants and planters on our route, and to the traveling public.

For the present we will run two boats—leaving Memphis every TUESDAY and SATURDAY; but as soon as the business will justify it, will put on a boat on THURSDAY, making a tri-weekly line. I will here say to the Memphis merchants, that it will be my aim to give them as low a rate of freight as it is possible to do without injury or loss to the Company which I represent, and would ask of them a hearty cooperation.

JOHN D. ADAMS.

PILES.

WIGGS' BUCKEYE SALVE
—FOR THE—
CURE OF EVERY FORM
—OF—
Hemorrhoids or Piles.

WHETHER OF LONG STANDING OR RECENT origin, internal or external, whether attended with Prolapsus, Hemorrhage or obstruction, and all by

EXTERNAL APPLICATION

No internal adjuvants being required in any case, only to regulate the bowels, if constipated, or in Diarrhœa or Dysentery.

The PILES, while astonishingly prevalent in their various forms amongst all classes of both sexes, are, at the same time, the most distressing, frequently dangerous, and hitherto most difficult of cure.

Persons who suffer any length of time with the Piles generally try everything they can learn of promising to cure the disease, yet realize no permanent advantage therefrom. They have been told professionally, perhaps, there was no permanent cure for Piles, and consequently have despaired of any future cessation from pain and suffering.

To all such a SPECIFIC is offered for their relief. The

BUCKEYE SALVE

Is a strictly scientific combination of well known remedial agents, and the proprietors have no hesitation in saying the BUCKEYE SALVE is the

ONLY INFALLIBLE SPECIFIC

Ever discovered for that disease, and which cures by outward application only, and that in time to come, as in the past, it will stand the test of trial without a failure, to perform all the proprietors claim for it, if the directions are attended to.

A large number of gentlemen throughout the country of high character and influence have voluntarily attested to its efficacy in their own cases, not from hearsay, and whose certificates may be seen by reference to the publications.

The proprietors will forward to any address one bottle, postpaid, on receipt of the retail price, One Dollar per bottle.

A Liberal Discount to Druggists and Dealers in Medicine.

This Salve will keep in any climate for years.
