BOLIVAR, August 5, 1869.—The election passed off quietly. Conservative majority in county will be about 1600.

FREZEVANT, August 5, 1869.—Heavy vote polled. At three precincts 692, of which number Senter received 559 and Stokes 133.

MILAN, August 5, 1869.—The vote polled here was 340, of which Senter received 306 and Stokes 31.

COLUMBIA, August 5.—Three precincts give Senter 600 majority.

HUMBOLDT, August 5.—The vote here to-day was heavy. Senter 465 and Stokes only 12.

NASHVILLE, August 5.—The city gives 6 majority for Stokes. Almost the entire negro vote in the county was concentrated in the city. The county will give about 2000 majority for Senter, and our entire legislative ticket elected by a like vote. Williamson gives 2500, Giles 2000, Montgomery 1500, Robertson 2000, Maury 2500 to 3000, Bedford 1000. Returns from Hickman, Humphreys, Benton, Stewart and the other counties are scattering, but indicate a clean sweep. Our information from your section indicates similar results. We count on a Conservative Legislature beyond a question. News from Hamilton, Knox, McMinn, Washington and Sullivan give Senter majorities. From other parts of East Tennessee our news is meager. From the best information we estimate Senter's majority at 40,000 to 50,000. In this city business houses were closed, and everybody turned out. There was no disorder of any sort. It was quiet, sober and earnest. Newspaper offices are thronged, and the glorious news received with enthusiastic satisfaction.

RALEIGH, August 5.—The vote large here to-day. Senter 193, Stokes 1. Tipton 197, Cubbins 196, Low 1, Sherrod 197, Townsend and Jones 197.

MASON'S DEPOT, August 5, 1869.—The vote at this place stands, Stokes 246, and Senter 85; Slaughter (Conservative) 76, Smith 248; Sherrod (Conservative) 87, Reeves 243.

At Covington the vote stands, Senter 310; Slaughter 288; Reeves 18.

At Vaughan's Store Slaughter has 45, and Smith 15.

NASHVILLE.

Election Returns---Senter's Majorities Very Large.

NASHVILLE, August 5.—The election in this city passed off quietly. No disturbance of any kind occurred. The business houses were generally closed to give those employed an opportunity to work at the polls. The vote is full, and the largest ever given. The returns are not yet in. The vote is close, with probably 100 majority for Senter in the city.

The country districts go almost unanimously for Senter, and will swell his majority to 1500 in the county.

Partial returns from other counties are as follows: Washington—Senter's majority, 200; Bradley—Senter 709, Stokes 570; Gibson, Humboldt precinct gives 400 majority for Senter; Maury, Spring Hill precinct gives 155 majority for Senter; Obion, Union City precinct—Senter 505, Stokes 30; Hamilton, Chattanooga precinct gives two to one for Senter; Coffee—Tullahoma precinct gives 192 for Senter, and 43 for Stokes; Bedford; Stokes' majority at Shelbyville is 192; Weakley—Senter's majority in three precincts is 611. His majority in the county will be about 2000. Giles—Senter's majority 1500. D. G. Slaughter, Emerson Etheridge, Edmond Cooper and Baillie Peyton are elected to the Senate in their respective districts.

The full vote of Nashville is, Senter 1272, Stokes 1280. In the county 8 districts give Senter 1143, and Stokes 41. The remaining districts will increase Senter's majority to 2000. Montgomery, Senter's majority 1200. The Conservative ticket is elected to the Legislature. Bedford, Senter's majority in 10 districts is 832. It will be 100 in the county. The Conservative Legislative ticket is elected. Madison, Senter's majority is 2000. Most of the negroes voted the Conservative ticket, which is elected. Knox, Senter's majority in Knoxville is 500 and in the county 800. Williamson, Senter's majority is 2500. Gibson, Senter's majority in two precincts is 981. The county will go from 3500 to 4000 majority for Senter. Sullivan, 7 districts give Senter 1008 and Stokes 103. Senter's majority in the county will be about 1500.

Robertson, Senter's majority is 2000; Haywood, Senter's majority is 200; Sumner, Senter's majority is 2500; Henry, Senter's majority is 500; Humphreys, Senter's majority in two precincts is 273; McMinn, Senter's majority is 100; Hampton, Senter's majority is 277, with ten precincts to hear from; Marion, Shell Mound precinct gives 105 for Senter, and none for Stokes. The returns show that Senter has carried Middle and West Tennessee by sweeping majorities, and making an allowance for Stokes' probable majority in East Tennessee, the State has gone for Senter by 25,000 to 30,000. The Conservative tickets for the Legislature have been elected in all the districts carried by Senter, and it is probable that the Conservatives will have a majority in both branches.

ALANTA.

ATLANTA, August 4.—The motion for a new trial for the incendiaries Beals and Duke, after an able argument was overruled and the prisoners sentenced; Beals to ten years and Duke to five years and six months in the penitentiary.

GETTYSBURG, PA.

Meeting of Confederates and Federals to Designate Positions of Armies at Gettysburg Postponed till the 23d inst., etc.

GETTYSBURG, August 5.—Notwithstanding that the time for the reunion of the Union and Confederate armies to designate the positions of the forces at the battle here had been postponed until the week commencing the 23d of August, many members not aware of the change are already on the ground, and others are arriving by every train. The first stakes were driven to-day to show the positions of the Iron Brigade, which was engaged on the first day's battle under the direction of Gen. Sol. Meredith. Other parts of the field will be examined to-morrow. Letters and telegrams have been received from all parts of the country giving assurance that a full attendance can be expected on the 23d inst. The exercises of that day will be closed with a banquet at the Springs Hotel.

PHILADELPHIA.

Great Fire in Philadelphia---$5,000,000 Worth of Property Destroyed.

PHILADELPHIA, August 5.—The United States bonded warehouse on Lombard street wharf, better known as Patterson's storehouse, a six story brick building, 250 by 150 feet, and containing forty thousand barrels of whisky, and other goods valued at ten or eleven millions of dollars, took fire at 7 o'clock yesterday evening, and has defied all efforts of the firemen to subdue the flames. The burning liquor is running through the streets like rivers, destroying the hose, thus interfering with the firemen. It is impossible to say how far it will extend. A large number of minor casualties have occurred, but no lives lost except four children, who were killed by falling bricks.

The origin of the fire is stated as follows: The immense weight of whisky stored in the south end of the building, directly over the engine room, caused the upper part of the building to give way, thus letting the whisky down into the engine room. In an instant the fire spread throughout the six stories. The firemen directed their efforts to save the surrounding property, it being impossible to do anything with the warehouse. Most of the whisky was that on which duty has been paid under the extension act of Congress. This fire is the most destructive that has occurred in this city since the great fire of 1850. The principal losers are the Haneys, Castlewood, and John Gibson & Sons. At this time it is impossible to state the amount of insurance.

LATER.

1:15 a.m.—A heavy thunder storm has set in, which will aid in reducing the fire, but it is still burning unchecked. The great heat prevents a close approach to ascertain infinite particulars, but the streets are full of rumors of lives lost by falling walls. The stores destroyed were considered to be entirely fireproof, having iron doors and shutters. There were eighteen inch walls between each of the eight stores, but they burned almost as if made of wood. The burning whisky ran in rivers, causing explosions and panic among spectators. The fire was not lessened by reports that the building contained powder, saltpeter, etc.

These buildings were erected some fifteen years ago, and were considered among speculators the finest of the kind in the country. They were formerly used by the Government for storing sugars, cigars, etc., but recently were entirely devoted to the storage of whisky in bond.

LATEST.

2 a.m.—The fire will not spread any further. The heavy rain continues, and is checking the flames.

THE VERY LATEST.

PHILADELPHIA, August 5.—The fire is still burning, but has not spread beyond the ruins. During the night various adjoining stores took fire from the sparks and were more or less damaged. The loss is generally estimated at over $5,000,000. It is believed that no lives were lost. All accounts agree that the fire was caused by the falling of the floors from the weight of the whisky.

CINCINNATI.

The Exposition of Textile Fabrics---Meeting of the Wool Growers' Association.

CINCINNATI, August 5.—The attendance at the Exposition of Textile Fabrics increased greatly to-day. It would have run a week with profit. Great multitudes poured in a steady stream through the building all day. The premiums will be awarded to-morrow, after which the sale of goods will commence. Two days will be required to close it out.

A special meeting of the Northwestern Wool Growers' Association was held this morning. The following resolutions were adopted:

WHEREAS, The frequent changes in legislation in regard to tariff and taxes create fluctuating and uncertainties highly injurious to business men; and

Whereas, The tariff on wool and woolens was agreed on by representative wool growers and manufacturers, and adjusted for mutual justice; therefore

Resolved, That we approve of the present wool and woolen tariff, and consider any agitation or radical change injurious and ill timed.

Resolved, That we are opposed to any renewal of what is known as the Canadian Reciprocity Treaty.

Resolved, That as the interests of the wool growers and manufacturers of the United States are identical, it is right and highly proper that they should cultivate more friendly relations, and to that end should attend our Expositions more frequently.

Mr. Stebbins, of Detroit, also offered the following, which was adopted:

Resolved, That we rejoice at the unexpected and varied excellence of the work sent from the South and welcome the presence of visitors from that region, which we trust may be an omen of growth in commercial and social intercourse, not only for the mutual benefit of our material interests, but of cordial amity and good feeling between the people of these portions of our common country.

The following were offered by Jesse McAllister, of Chicago, and adopted with enthusiasm:

WHEREAS, The gratifying success of this Exposition and the extensive variety and excellence of the fabrics on exhibition have been materially increased by the efforts and presence of a large number of manufacturers from the Southern States, therefore be it

Resolved, That it is the sense of this meeting that the sphere of usefulness of the Western Wool Association would be most beneficially increased by such modifications of the Constitution and By-Laws as would admit our Southern brethren to all the rights and privileges of the Association now enjoyed by the Western and Northwestern members.

Resolved, That we fully concur in and appreciate the efforts now being made by Southern manufacturers to co-operate with us, and shall be most happy to receive them into membership with us.

Resolved, That it is the sense of this meeting that the name of this Association should be so changed at its next annual meeting to be holden in Chicago, in February next, as to include the Southern, with the Northwestern States, in all objects and rights of the organization.

H. R. Gardner, of Michigan, moved the appointment of a Committee of Three to visit the Southern manufacturers who, at the time of holding the meeting, were at the Burnett House, to tender them an invitation to be present with the Association before its adjournment.

Money.—The demand for money is very moderate, and the market is very easy at 5 to 7 per cent on call, with Governments and mixed collaterals. Prime business notes 8 to 10 per cent; but the discount market is generally very dull. Foreign exchange very dull and nominal at 9½ to 10 for prime bankers' bills at 60 days, and 10¼ to 10½ for sight. The steamer Eagle to-day for Havana took 27,000 in specie. The dullness of the Gold Room was relieved by an increased activity and firmness to-day. The feeling and change was due to private telegrams from Europe, reporting lower prices for bonds at London and Frankfort, than those of the press. This decline in bonds was attributed to an uneasy feeling in the money centers of Europe about the Egyptian question. Gold opened at 36, fell to 35¾, advanced to 36¼, and closed at 36¼. The carrying rates were 5 to 7 per cent. Clearances 42,000,000. Governments are firm, but business is quite moderate. State bonds dull and lower; old Tennessees 61¼; new 58¾.

NOTICE.

To the Merchants of Memphis and Merchants and Planters on White River.

I HAVE this day sold the White River Mail Contract, with all my interest in the White River trade, to the Memphis and Arkansas River Packet Company, of which Major John B. Adams is President. To the old citizens of Memphis and on White river, by whom Maj. Adams has been so long and favorably known, I need say nothing, as he is no stranger to them, having successfully carried their mails and done their river business for them for many years before the war. To the new settlers I take pleasure in recommending the new line as peculiarly every particular, and ask for them a cordial and hearty support.
June 16, 1869. JOHN B. DAVIS.

IN taking charge of the Memphis and White River Mail Line, I can only say that we will endeavor to conduct the business in such a manner that it will be satisfactory to the merchants and planters on our route, and to the traveling public.

For the present we will run two boats—leaving Memphis every TUESDAY and SATURDAY; and as soon as the business will justify it, will put on a boat on Thursday, making a tri-weekly line. I will here say to the Memphis merchants, that it will be my aim to give them as low a rate of freight as it is possible to do without injury or loss to the Company which I represent, and would ask of them a a hearty co-operation.
