## FINANCE AND TRADE.

### Redemption of National Currency.

NEW REGULATIONS OF THE TREASURY DEPARTMENT.

The following regulations are adopted in lieu of all which have been heretofore issued by the Treasury Department in regard to the redemption of United States currency:

MUTILATED CURRENCY.

Mutilated currency is redeemable by the Treasurer of the United States, at Washington, D. C., and by no other officer.

UNITED STATES NOTES.

Notes presented for redemption, the abrasion of substance from which does not exceed ..... entirely of their original proportions, will be redeemed as whole notes.

1. Fragments of notes will not be redeemed in full, except when proof is adduced by affidavit that the missing parts of such notes have been totally destroyed, and stating the cause and manner of destruction. Less than half of a note is not redeemable at all, unless accompanied by such affidavit when presented by the holder. The character of the affiant must be certified to be good by a magistrate or other public officer.

2. In the absence of such affidavit, fragments of notes, exceeding by measurement one-half of their original surface, will be redeemed in their proportion to the whole note—reckoning as a general rule by twentieths.

3. Mutilated notes which have been torn, no matter how much, but of which all the fragments are returned, or detected, no matter how badly, so that it is certain they are genuine, will be redeemed at their full face value on presentation.

4. Fragments of legal tender notes for which less than the full value has been paid will be retained six months to enable owners to return to the Treasury missing parts of such notes and receive the amount previously withheld. Such return should give the date of the letter from this office transmitting the original remittance.

INTEREST-BEARING NOTES.

The rules for the redemption of mutilated United States notes are likewise applicable to mutilated interest-bearing notes.

Coupons of two years five per cent. Treasury notes separated from the notes of which they formed a part, are of no value except when presented for redemption with the notes to which they belong. Coupons should not be detached from the five per cent. notes except by a Government officer authorized to redeem them at maturity. But this regulation does not apply to coupon notes or bonds other than five per cent. notes.

FRACTIONAL CURRENCY.

Defaced fractional notes, if whole, are not counterfeit, and are intended when presented for redemption, nor is an evidently accidental diminution reducing the note by not more than one-sixteenth of the size regarded as mutilation.

1. Fragments of a note will not be redeemed unless it shall be clearly evident that they constitute one-half or more of one original note, in which case a note, however mutilated, will be redeemed in proportion to the whole note, reckoning by sixths, except three cent notes, which will be reckoned by thirds.

2. Mutilations less than one-tenth will be disregarded, unless fraudulent; but any mutilation which destroys more than one-tenth of the original note will reduce the redemption value of the piece by one-fifth its face value, or if a three cent note, by one-third of its original value.

3. Fragments of a three cent note will not be redeemed, unless such fragments constitute only two-thirds of the note in its original form.

4. Mutilated notes presented for redemption must be in sums of not less than three dollars of their original value.

UNITED STATES SECURITIES.

FINANCE.

OFFICE OF THE DAILY APPEAL, MEMPHIS, Nov. 20, 1869.

There is no change in the aspect of local money matters. The supply and demand is about evenly balanced in the way of exchange, but it is not evenly distributed, some banks having plenty and others being bare. Rates are some firmer than yesterday, though it comes more from the scarcity of money than from the large offerings of bills. One prominent discount house advanced its rates on Eastern bills to ⅝@¾% discount and checked at ½ discount, while others continue to take all presented at ½ discount.

City Scrip is steady, and County Warrants are unchanged.

Gold is in some counter demand, and dealers bid ½@¾% over New York rates.

The Boston *Transcript*, in alluding to the present extraordinary demand for money, and the present high rates of interest, suggests that some of the reasons therefor are to be found in causes wholly independent of the short-sighted cupidity of bank managers or money-lenders, and in movements they are powerless to prevent, even if they were so disposed. The extensive railroad improvements now being pushed forward in the West and the South, involving, as they do, enormous outlays, necessarily call for large sums of money, in order to meet the heavy disbursements of the various corporations engaged in those enterprises, and the capital of Eastern cities is called upon to respond to the drafts which are continually made upon it, by reason of those gigantic projects. Another reason for the present unsettled condition in monetary affairs is, to a certain extent, be found in our business connections with the West. The yield of cereals this season has been abundant, if not unequaled in quantity, and of a fair average quality, and prices have ruled low when compared with former years, with probably little or no margin to the producer. With this state of affairs, the farmers have been slow in forwarding their crops to market, indulging the hope that as the season advances the markets will be more animated and better prices obtained, thus rendering unavailable for the present those resources upon which they had to rely to meet their real engagements. Consequently the advances made by the Eastern merchants have not been promptly responded to, and their money requirements have been increased by the delinquency of western correspondents. Another cause for the existing difficulty is found in the changes which have taken place in the method of doing business in the Southern states, which necessarily required an increased volume of currency in this section of the country. To these various causes may be ascribed some of the disturbing elements now appearing, adjusting the balance, and if to these we have to add a curious demand for money accommodations, the result may prove more than the wisdom of the most shrewd can now foretell. The Oracle is dumb, foresight, and administrative abilities.

[illegible] of the Gold Exchange [illegible] have been settled, [illegible] as reported by the [illegible]nt, were adopted:

[illegible] for clearing [illegible] heretofore used.

[illegible] 1pm per cent only the exchanges of the Clearing House will be made at the time that the statements are handed in; if currency, by certified checks; if gold, by coin, certified checks, or certificates of deposit.

4. In case of failure to make general clearings by 2 p.m., notice shall be posted in the Bank and in the Gold Exchange Room announcing such fact, and all checks, currency, coin, United States Treasury gold certificates, statements, and orders belonging to dealers, shall be immediately returned to them when called for.

5. None but members and associate members of the New York Gold Exchange shall be allowed the privilege of the clearing department, except the parties to whom such privilege has heretofore been granted.

6. The charge for clearing shall be at the rate of $1 for each $100,000 gold.

7. All dealers who have entered amounts due from or to them on their statements, will be held responsible for the same, and must, immediately upon notification, make good any amounts in default; and in case the statement of the dealers, with the balances due, be not presented at the Bank before 1 p.m., the dealer shall be considered to have failed for Clearing-house purposes, and shall be suspended from the privileges of the clearing department.

8. In case the dealer fails to present his statement by 12:30 p.m., with the balance due the Bank, a fine of $25 shall be imposed.

9. For each and every error in his statement, the dealer shall be fined $5.

10. The Bank shall pay all balances due its dealers in checks on the Metropolitan National Bank, payable to the order of the dealer, but in no case shall the Bank make any payment of balances due dealers until all balances due the Bank have been paid in.

COTTON.

No Liverpool advices were received today until late in the afternoon, owing to derangement of the cable.

Our market opened firm and active with large sales early in the day. Factors, as a general thing, were disposed to sell on a basis of 23½c for Low Middlings, and buyers were only limited by the stock. They also wanted to close out their shipments on this, the last day of the week. A few buyers had their orders incomplete in the morning, and they bought despite lists at full figures, but as the news came in prices weakened and the market closed quiet. The day's sales run up to about 1200 bales, and consisted in part as follows: 13, 4, 7 Good Ordinary 22½c; 12, 17, 7 Strict Good Ordinary 22c; 38, 28 Sly Low Middlings 23½c; 75, 18, 25, 25, 18, 9, 11, 40 Low Middlings 23½c; 39, 6 Strict Low Middlings 23½c; 100, 16, 78 Sly Middlings 23½c; 146, 12 Middlings 23½c; 6 Strict Middlings 23½c; 5 Good Middlings 24c. TRADE.

We have but few changes to note in our general markets to-day. Receipts are light from all quarters. The weather has again changed for the better after the heaviest frost of the season. All the little semblance of life retained by vegetables has fled, and dreary winter has set in with a vim. The ice this morning was fully half an inch thick, and the ground was frozen hard enough to bear loaded drays without breaking through to the mud beneath.

Messrs. William M. Farrington, C. W. Goyer and Ben. Eiseman have been appointed by the Committee having the matter in charge, to visit Nashville, relative to the Merchants' Tax. These gentlemen are prominent merchants, and we feel assured that they can present the matter before our Legislature in such a light as will have the desired effect, and [illegible]

## SPECIAL NOTICES.

"Who Would Suffer?"—It is now 22 years since Dr. Tobias first introduced the "Venetian Liniment" in the United States, and never in a single instance has his medicine failed to do all, if not more, than is stated in his pamphlet. As an external remedy in cases of Chronic Rheumatism, Headache, Toothache, Bruises, Burns, Cuts, sores, Swellings, Sprains, Stings of Insects and Pains in Limbs, Back and Chest, its wonderful curative powers are miraculous. Taken internally, for the Cure of Cholera, Colic, Diarrhea, Dysentery, Sick Headache and Vomiting, its Soothing and Penetrating qualities are felt as soon as taken. The cash with which each bottle is accompanied will show that there is nothing injurious in its composition. Thousands of certificates have been received speaking of the rare virtues of this valuable article. Any person after having used it once will never be without it. Every bottle of the genuine has the signature of "S. I. Tobias" on the outside wrapper.

Sold by the Druggists and Storekeepers throughout the United States. Price, 50 cents. Depot, 10 Park Place, New York.

THE CONSTITUTION OVERTHROWN.

The Constitution and Health may be ruined by a few applications of the lead or sulphur hair dyes now in the market. "Not a dye" may be the motto of such nostrums, but A *DIE* may be the result of using them. But ONE HAIR DYE has been

TRIED AND ACQUITTED

Of all deleterious tendency, under the infallibles of Science. Be it known to all, that

Cristadoro's Excelsior Hair Dye

Has been analyzed by the distinguished chemist, Professor Chilton, and his certificate of its wholesomeness may be seen at Cristadoro's, 6 Astor House, New York.

CRISTADORO'S HAIR PRESERVATIVE, as a Dressing, acts like a charm on the Hair after Dyeing. Try it.

The Secret of Beauty lies in the use of Hagan's Magnolia Balm for the Complexion. Bonaphenes, Redness, Blotches, Sunburn, Freckles and Tan disappear where it is applied, and a beautiful Complexion of pure, satin-like texture is obtained. The plainest features are made to glow with Healthful Bloom and Youthful Beauty.

Remember, Hagan's Magnolia Balm is the thing that produces these effects, and any Lady can secure it for 75 cents at any of our stores.

To Preserve and Dress the Hair use Lyon's Kathairon.

ALLCOCK'S POROUS PLASTERS.

*Sore and Lame Throat* cured by half a Plaster; usually in two or three hours.

Dr. Green, No. 564 Broadway, New York, informs us he sold on Monday, June 22, 1867, two Plasters to a young woman, suffering very severely from bandings. On Thursday she called to get two more for a friend, and then stated how the two she had purchased on Monday had relieved her immediately after putting them on, and *cured her in two days* of a most distressing pain in her back and loins.

Allcock's Porous Plasters have been found specifics for *Rheumatism of the Wrists.*

Impaired Digestion.—All the organs of the body are, so to speak, the pensioners of the stomach. In that living laboratory is prepared the nourishment required to sustain them, and by the vessels and ducts connected with the digestive apparatus, that nourishment is conveyed to every part of the system. Upon the quality and quantity of this element of life, and upon the manner in what it is distributed and apportioned, physical health mainly depends, and as the mind inevitably sympathizes with the body, the vigor of the one is absolutely necessary to the well-being of the other.

It is because HOSTETTER'S STOMACH BITTERS accomplishes this double object that it enjoys a reputation as a preventive and curative never heretofore attained by any medicinal preparation. But its strong beneficial influence upon the weak or disordered stomach is not its sole recommendation. It is the most comprehensive of all known remedies. It tones, strengthens and regulates the discharging as well as the assimilating organs; gently moving the bowels, promoting healthful evaporation through the pores, rousing the secretory liver from its torpor, and inducing harmonious and natural action in the whole animal machinery. This benign result is not produced by any of the reactionary drugs which are used so lavishly in the old school practice, founded by Paracelsus; but by mild, safe and agreeable vegetable medicines, with a pure, fragrant, mellow stimulant which diffuses their influence through the system and renders their sanitary properties active and effective.

In Remote Settlements of Untold Value. Good makes blood; blood makes the body. If the blood be pure, the body is healthy. So if we purify the blood, we know some impurities are lurking about which must be removed, and this work is the better.

*Brandreth's Pills render all from the causes which enfeeble and impair.*

The wonderful cures effected by Brandreth's Pills have received the praise of the most eminent physicians. Upwards of five thousand now use them in their daily practice, and have handed have given their written testimony as to their innocence and value, as cleansers of the bowels and blood.

Their mild value is to those living in settlement where doctors can only be had at great expense. For if you are sick, you have only to take one or more doses of Brandreth's Pills to get cured. Full directions are with each box. Sold by all druggists.

### TRUSTEE'S AUCTION.

BY virtue of a Deed of Trust, recorded in Book [illegible], pages [illegible] of the Register's Office of Shelby county, Tennessee, executed to me by Henry G. Dent and Alexander M. Ferguson, for the purpose of securing a certain indebtedness, therein set forth, I will, according to the terms of said deed,

On Wednesday, December 10, 1869,

Between the hours of 10 o'clock a.m. and 12 o'clock m., at the Northeast corner of Union and Second streets, in the city of Memphis, Tennessee, sell at public auction, to the highest and best bidder, for cash, free from the right of redemption, which is expressly waived—the following described real estate, lying in the county of Shelby, State of Tennessee, and in the city of Memphis, to-wit:

Lot Number fourteen (14), in block sixty-two (62), as laid down on what was formerly known as South Memphis, fronting one hundred and ten (110) feet on the north side of Beal street, and running back northwardly, between parallel lines, two hundred and forty-four (244) feet to the dividing line between the John Rice and the Ramsey grants, it being the same ground on which recently stood "The Botanico Medical College" building.

Also, another lot, being a part of lot ninety one (1), in block forty-six (46), on the plan of South Memphis, and bounded as follows: Beginning at a point on south side of Beale street, one hundred and forty-two (142) feet west from the intersection of the west side of DeSoto street with the south side of Beal street; and running thence southwardly, and perpendicularly from Beal street, one hundred and twenty-five (125) feet to an alley; thence westwardly and parallel with Beal street, along said alley, one hundred and fifty (150) feet; thence northwardly one hundred and twenty-five (125) feet to Beal street; thence eastwardly, with Beal street, one hundred and fifty (150) feet to the beginning.

I will sell by the lot, or in parcels to suit purchasers. The title is deemed good, but I will convey only as Trustee.

ANN M. CARMACK, Trustee.
