NASHVILLE.

House Proceedings Yesterday---Senate, No Quorum.

After the Superintendent of Education.

Bill to Abolish the Metropolitan Police System.

Bill for the Benefit of Delinquent Railroads.

Right of Way to the Cincinnati and Southern Railroad.

SPECIAL DISPATCH TO MEMPHIS APPEAL.

NASHVILLE, November 22.—There was no quorum in the Senate to-day.

In the House, Mr. Herrod introduced a resolution to pay the members of the Legislature in the notes of the Bank of Tennessee, issued prior to 1861. Laid over.

Also, a bill repealing an act to pay the Governor's staff.

Mr. Fleming offered a resolution providing for a select committee to investigate upon what authority the report of the Superintendent of Education was printed, involving an expense to the State of over $6000, and directing the Comptroller not to pay the same until the committee reports. Adopted.

Jones introduced bill repealing Metropolitan Police act for Shelby county, and creating new police, to be under control of the county.

Mr. Roache introduced a bill to enable delinquent railroads to reduce their liabilities to the State by paying their indebtedness in State bonds.

The Speaker submitted a communication from the Comptroller asking information regarding payment of taxes, by Collectors, in notes of the Bank of Tennessee, where taxes were collected in gold and silver, and suggesting the passage of a bill to prevent this.

Senate bill to revise the charter of Memphis passed first reading.

ASSOCIATED PRESS DISPATCH.

NASHVILLE, November 22.—The lower branch of the Legislature to-day passed on its second reading, and referred to a committee, the bill granting the right of way to the Cincinnati and Southern Railroad. It also passed on its first reading the bill to abolish the Memphis Metropolitan Police.

A resolution was offered to pay the members in the Bank of Tennessee money.

LITTLE ROCK.

Progress of the Railroad Imbroglio---Status of Belligerents.

SPECIAL TO MEMPHIS APPEAL.

LITTLE ROCK, November 22.—The new Board of Directors of the Memphis and Little Rock Railroad claim to have the sympathy and good wishes of the merchants and business men here, as well as the citizens along the line of the road. No threats or assaults have been made by any member of the new Board of Directors. Every step taken by them has been in strict accordance with the law. The new Board are in legal possession of the road.

B. D. Williams, Superintendent under the old Board, assisted by Gen. Catterson, of militia notoriety, headed the negro crew of the steamer Fort Smith on Saturday night, and drove the employes of the new Directory from the train and yard—overpowering the deputy sheriffs left there to preserve the peace.

Mr. R. C. Brinkley is here, and has been enjoined from interfering with the new Board.

PICKED UP.

The Survivors of the Crew of the Propeller Belle, of Milwaukee.

CHICAGO, November 22.—The burning of the propeller Belle, of Milwaukee, near Port Washington, on Saturday night, has already been dispatched, with no information as to the fate of the crew. Yesterday the brig J. Hutchison arrived at this port having on board the survivors of the disaster, viz.: Capt. C. Mayers and the first mate, of Milwaukee, Engineer George Wall, Second Engineer Dicker Tuthin, of Milwaukee, and George Dussia, a passenger from Monitomac. Patrick Barnes, Captain of the Belle, and Charles Minfers, wheelsman, were drowned. Only six persons were on board when the fire was discovered, and apparently beyond the control of the crew. They lowered the yawl, but the efforts of the men to get into it half filled it with water, and in attempting to get a puff from the propeller to bail it out, the yawl capsized, and all were thrown into the water. The Captain and wheelsman were not seen afterwards. The remainder of the crew, after being several times capsized, and suffering fearfully, were finally picked up by the Hutchison and brought to this port.

INSURRECTIONARY.

The Fenian Leaders Sympathizing with the Winnepeg Rebs.

NEW YORK, November 22.—At a meeting of Fenian leaders yesterday at their headquarters, a proposition from the Winnepeg insurgents was discussed with much animation. One member declared that as the insurrection was against the Canadian Confederation, and not against Great Britain, interference on the part of the enemies of the mother country would, probably, be unwelcome to the Red river half-breeds. Another urged that the coldness of the winter in the Hudson Bay region would prevent for some months, at least, extended military operations. Another speaker created an unpleasant impression by drawing a contrast between the conduct of the oppressed Irish, and that of the oppressed half-breeds, unfavorable to one former. After a brief but lively discussion, the further consideration of the subject was deferred to a future day.

We copy as follows from the Texas *Implacate* of the 21: A most distressing and deplorable accident occurred in this vicinity yesterday afternoon, across the bayou. Thomas Stansberry, Richard Taylor, and a little son of Mr. Johnson, the builder, neither of them over fourteen years of age, were out duck hunting. A flock of ducks flew near, and the little fellows cocked their pieces. Richard Taylor snatched at the muzzle of young Stansberry's gun, when it went off, discharging its contents into the left breast of the former, penetrating his lungs, and killing him instantly. The sympathies of the entire community are with the relatives of both the little boys in this most sad and melancholy affair.

NEW YORK.

Prisoners Attempt to Blow Up a Prison and to Escape.

NEW YORK, November 22.—Five notorious New York burglars and thieves, all under heavy sentences, together with one murderer of Jersey City, who were in the Hudson county jail awaiting transportation to-day to the Trenton State prison, concocted a plan of escape by blowing up the wall of the jail with gunpowder. They were aided by a gang of New York thieves and rougks, who waited outside the walls this morning the culmination of the plan. Carriages were held in waiting at three different places to convey the prisoners away upon the successful carrying out of the plan, which also included the release of all the prisoners in the jail. The jailor, however, became suspicious last night that something was going wrong and called in the Sheriff. At six o'clock this morning, while the prisoners were in the yard, a heavy explosion occurred, which shook the walls severely, but did not throw them down or make any aperture in them, the only damage being the demolition of the window in the washroom and a portion of a chimney flue, in which the scoundrels had placed the powder. The prisoners were unable to profit by the explosion, and have all been taken to the State prison. The roughs outside the jail returned here, disgusted at the failure.

BOSTON.

Robbery of the Boyleston National Bank.

BOSTON, November 22.—The Boyleston National Bank, on the corner of Washington and Boyleston streets, was entered between Saturday and this morning, and a clean sweep made of the valuables on deposit in the outer vault, mostly belonging to private individuals, whose valuables were mostly in United States bonds, and were contained in twenty-five or thirty tin trunks, belonging to as many different individuals. It is not possible, at the present time, to give the pieces and sums of money taken, as the bank officers do not know just what amounts the depositors individually had, but it is believed by the Cashier that from four to five hundred thousand dollars have been stolen.

ACCIDENT.

Six Negroes Killed and Fifteen Wounded.

LOUISVILLE, November 22.—The floor of the Second Baptist Church (colored) at Lexington, Ky., fell in yesterday while a crowd of negroes were listening to a funeral sermon, and about sixty of them were precipitated into the cellar, a distance of ten feet, killing six and mortally and severely wounding ten or fifteen.

Dr. Norvell Green, Vice-President of the Western Union Telegraph Company, has been elected President of the Louisville, Cincinnati and Lexington Short Line Railroad.

A freight train ran into another at Oakland Station, on the Louisville and Nashville Railroad to-day, smashing the caboose car of the foremost train and the locomotive of the rear train, and killing R. Thompson, of this city.

ST. LOUIS.

Proposed Convention of Steamboat Owners and Captains.

ST. LOUIS, November 22.—Capt. E. H. Gould, a highly intelligent and prominent citizen, steamboat Captain and owner, publishes a letter to steamboat owners, suggesting that a convention be held in St. Louis, say on the first Wednesday in January, of delegates representing all interested steamboat stock in the West and South, for the purpose of securing such Congressional legislation as will secure the separation of the laws regulating navigation on the seas, lakes, etc., from those governing the Western and Southern rivers, and to secure greater safety to life and property, and to remove such unnecessary burdens as now depress commerce on our rivers. Capt. Gould recites the disasters to the Stonewall, America and United States, as evidences of the necessity of a modification of the present laws.

MISCELLANEOUS.

PARIS, November 22.—Henri Rochfort has been elected to the Corps Legislatif.

MACON, GA., November 22.—The State Fair is a decided success.

The elections were continued today. No disturbance has occurred.

NEW CASTLE, DEL., November 22.—Five men, named Edward Smith, Andrew Chambers, George Jackson, James Gordon and Joseph Downs, were publicly flogged in the jail-yard of this place yesterday.

NEW ORLEANS, November 22.—The recent loss of life by the explosion of the Young America torpedoes has caused the city authorities to prohibit their use, as nitro-glycerine is used in their manufacture.

OSWEGO, November 22—The schooner Mary O'Gorman was found yesterday about nine miles below this port dismantled and abandoned. The anchors were dragging. The boat had come ashore and was capsized. The crew, it is supposed, were lost.

WASHINGTON, November 22.—The new Haytian minister was formally presented to the President to-day, by Secretary Fish. He was in full diplomatic uniform. The usual friendly salutations were exchanged. The President, in his remarks, alluded to as one of the results of the late civil war the right of colored people to appear abroad as well as at home in public service—a right which has been acknowledged by the appointment of one of the formerly proscribed race to represent the race in Hayti. He congratulated himself on having occasion to render homage to the change in public sentiment.
