FINANCE AND TRADE.

OFFICE OF THE DAILY APPEAL,
MEMPHIS, June 1, 1871.

FINANCIAL.

The local money market presented no new features worthy of comment to-day, and beyond a few transactions in bonds, and the usual daily routine of checking and depositing, nothing was done. The banks report an abundant supply of currency and only a light demand for loans. Rates of interest range from 10@12 per cent. on "gilt-edge" paper, the inside being an exception. In the open market there seems to be an ample supply of capital seeking investment, but brokers and capitalists report considerable difficulty in securing the desired class of paper. Rates range from 1½@3 per cent., the latter being the rate on "shy" notes.

In the exchange market little was done except in the way of cotton bills, $1500 of which was received by one bank and smaller amount by others. An accommodation transaction of $10,000 between banks was also reported at $1 50 premium for $1000. Rates remain steady and are unchanged. We quote as follows:

	Buying.	Selling.
New York	par@¼ prem.	¼ prem
Boston	par@¼ prem.	¼ prem
Providence	par@¼ prem.	¼ prem
Baltimore	par@¼ prem.	¼ prem
Philadelphia	par@¼ prem.	¼ prem
Pittsburg	par@¼ prem	¼ prem
St. Louis	par@¼ prem	¼ prem
Cincinnati	par@¼ prem	¼ prem
Chicago	par@¼ prem	¼ prem
New Orleans	—@¼ dis	par.

Transactions in gold were small, offerings were light and the demand limited. Brokers' purchases of $1000, $2000 and $250 are reported at 111¼, and sales of $2000 were made at 111¾. The opening rate at New York was 111¼, and closing 112.

Tennessee bonds were more steady in New York, closing at 70½ for both the old and the new. Local securities were quiet and without change. County warrants are bought at 75 and sold at 75. Bank of Tennessee money is bought at 80 and sold at 82. A dealer's sale of $700 was reported at the latter price. City bonds were in demand at 56 for the new currency issue and 60 for the gold issue, but few could be found. Ten thousand dollars of the latter were bought at 60, and 56½ was offered for $4000 of the former. Railway shares are dull. Mississippi and Tennessee stock could find a purchaser at 8, but not above that figure. Sellers are numerous at 2½. Memphis and Charleston railway shares are quiet at 36@37 buying and selling, with none offering and apparently no demand. Mississippi and Tennessee first mortgage are bought at 82@84 buying and selling, and seconds 72@74. Memphis and Charleston first mortgages are bought at 84 and sold at 86, and seconds at 78@80. Memphis and Little Rock railroad 8 per cents are 75@78 buying and selling. Mississippi State warrants are dull and nominal at 60@65, with but little inquiry and very few in the market. Shelby county bonds are in demand at 55; sold at 56, with none offering. Mobile and Ohio railroad first mortgage bonds are bought at 87 and sold at 89; second do at 67@69. Mississippi Central first mortgages are 82@83 buying and selling, and seconds at 73@75. Memphis and Ohio railroad shares are bought at 15½ and sold at 20.

THE NEW LOAN.

The *Bulletin* of the 29th ult. says: "The new loan makes slow progress. One of the city banks voted to-day to take $100,000, which will make the aggregate thus far worked off a little less than $68,000,000. The proposition made by Mr. Jay Cooke, who represents both himself and the banks in the matter, to take all that remains untaken of the $200,000,000 five per cents is still before the Secretary. The conditions on which the proposition is made, it is not believed will be accepted by the Treasury."

SECRETARY BOUTWELL'S POLICY.

A Washington telegram of the 30th ult. says: "The opinion of those in financial circles is that Secretary Boutwell contemplates making a *coup d'etat* in the money market next week or before. It is understood that he intends to redeem all 5-20s of 1862, of which there is about $185,000,000 outstanding, and thus create a market for the new five per cents. It is believed that this kind of policy on the part of the Secretary will bring the new bonds into great demand."

ARKANSAS BONDS.

Regarding the bonds issued by the State of Arkansas to different railroads and the amounts thereof, the *Stockholder* of the 28th ult. says: "The total debt of the State's credit to railway companies is $10,000,000. Of this sum bonds to the amount of $3,150,000 have been issued, as follows:

Memphis and Little Rock	$1,050,000
Little Rock and Fort Smith	900,000
Little Rock, Pine Bluff and New Orleans	750,000
Mississippi, Ouachita and Red river	450,000

These are the only roads entitled, under the law, to receive State bonds. The State bonds can be issued to the railways only as sections of ten miles are prepared for the rails."

COTTON.

The market opened firm, with a light demand and a small amount of desirable grades offered for sale. Factors were somewhat disturbed during the middle of the day by a decline of ½@¾c in New York, and were easier in their prices, as will be seen by the variation in the sales below, but were again made happy by a reaction in New York and an advance in prices to the opening rates, which was closely followed when on small lots. Buyers generally have about completed their unlimited orders, and are now working on pick-up lots, where they can get in at a profit. The decline in New York and its effect here gave them some hopes, but they were quickly dashed to the ground as prices dashed up again both there and here. Sales reported were 500, including a list of 238 bales Good Ordinary bought late yesterday at 15c. We also note 25 Middling, 16½; 16 do, 17¼c; 22 do, 16½c; 5 Low Middling, 15c; 12 do, 15½c; 2 Strict Middling, 17¼c; 4 Good Ordinary, 15c; 7 Receipts, 16@16½; 6 Stained, 15c; 60 Strict Ordinary, 13½c; 37 Low Ordinary, 12c; 59 Strict Good do, 15½c; 4 Good Ordinary Stained, and numerous smaller lots. Receipts were 224, shipments 317, and stock 6166. The Liverpool market opened strong at 7¾@8 1-16d for Uplands and Orleans, and closed steady. New Orleans opened and closed quiet but firm. Middling, 16¾@16¾c. Messrs. Gates & Wood, brokers of this city, in their circular issued to-day, referring to the acreage and crop prospects, state as follows: "As stated in our last, we cannot concede for this region a falling off from last year of exceeding five per cent. The condition of the crop, however, will not compare favorably with last year. Up to our June 3d report, last year, we had spoken in the most flattering terms of the then growing crop; then saying, we are still without one complaint detrimental to the cotton crop planted. This spring the crop was full two weeks later in planting, owing to wet weather; and until the past two weeks, the planting had to struggle through hard baked ground, the wet cold weather causing much to die and much replanting necessitated. While the past two weeks weather has been favorable, and done much toward reviving the plant, it is not what it should be at this season. From what we have seen ourselves, we must say that the condition of the crop lacks fully 10 per cent. of a parity with last season, at this date."

COTTON CROPS.

The Savannah *Republican* of a recent date, in commenting upon the prospects of the growing crop, says: "In Georgia, we are convinced that a less area is planted in cotton than was in 1870, especially in the southern and middle portions of the State, which are most productive of the staple. In the northern section, no doubt much has been put in as in 1870, though everywhere the plant is backward in its growth and sickly in appearance. The recent cold and wet weather has either killed outright or seriously damaged the crop, and we have no thought of its reaching that of last year by at least a fourth or fifth. Everywhere an increased breadth has been planted in grain, and, with anything like favorable seasons, production of breadstuffs will be abundant. In Cherokee, Georgia, where the wheat crop promised well a few weeks ago, it has been almost entirely destroyed on all the low and level lands by the late rains, and we have no thought that over half a crop will be made in that section. In Tennessee, North Alabama and North Mississippi, the reduction of cotton is even greater than in Georgia. It is a fact that we saw a cotton field on the line of the Memphis and Charleston road, while last year nearly the whole of that splendid country was devoted to the staple. Corn now prevails everywhere, and the crop bids fair to be most abundant. Throughout all that section the crops are in a bad condition as to culture. The entire spring has been so wet that the greatest difficulty has been experienced in both planting and working, and the rains still continued. In the Mississippi Valley, on the Arkansas and Red rivers, the same unfavorable condition of things exists, if not to a worse extent. We hoped to have been able to estimate of the crop of the present year than 3,000,000 of bales, and our own observations do not justify us in putting it beyond that figure. One additional fact is worthy of notice, commercial travellers have been sparingly used the present season throughout the South. This, of itself, would effect a material reduction of the crop, even were the same breadth of land in cultivation. In your locality we are the whole field, so far as we have been able to compass it, we are convinced of two things, viz: that the crop of cotton will fall far short of that of last year, and the crop of corn be amongst the largest ever raised in the cotton States.

TRADE.

In all its branches, was better to-day, and bids fair to be more active during the remainder of the week. The receipts of produce, though not large, were quite sufficient to meet the demand. Transactions, as well as the attendance on 'Change, were small, and sales confined wholly to grain, for which there was apparently an active demand, especially for corn, of which were 300 sacks mixed at 75c, 156 do at 75c, 193 do white in new gunnies at 72½c, 116 do 73½@74c. Oats were easy, but prices were maintained. Sales were 25 and 91 sacks mixed at 64c. Hay is in full supply, and prices, though not quotably higher, are well maintained. Sales reported were 25 bales choice at $21. Bran is held firmly, and receipts light. Sales on 'Change 100 sacks at $20 50. Provisions are decidedly dull, and prices tending downward. Mess pork was quoted to day at $17 in lots; bacon clearsides at 9¼@9½c and shoulders at 7c. Lard is dull, prices sympathizing fully with meats. Butter is quiet and receipts light. The market is fully supplied, however, and no advance is anticipated. Beans are dull and a shade easier. Bagging is dull and nominal. Cornmeal is steady at $3 25, at which price sales of 25, 30 and 20 barrels are reported. Eggs are a shade firmer, and receipts light; 13c was refused to-day for a lot of 500 dozen fresh. Green apples are in light supply and unchanged in price. Old dry are scarce, and prices nominally at $7 25@7 50. Oranges are firm at $7@8. Flour is steady and unchanged. Receipts were moderate and are about equal to the demand. Love seems to be quiet at our quotations below. Poultry is in good demand and moderate supply. Old chickens range from $4@5 by the coop, and young $2 75@4 50. New potatoes are coming in slowly, and are worth $3 from wagon. Sales to-day were 20, 40 and 30 barrels at $3, and 5 at $3 50. Shipments North continue large. Old are dull at $2 50@2 60. Cabbage are quiet at $30@38, according to quality. Sugars, molasses and other groceries are steady, but unchanged.

ALE AND BEER.—Ale, $10@10 50 per half barrel, Porter, $11. Lager, per keg, $5 00 Ale, per dozen, $2 76@3 for quarts; $1 70 @1 75 for pints. Porter, do, Guinness' & Young's Scotch ale, in pints, $2 25 per dozen.

BUTTER.—Is dull and unchanged. Choice new is quoted at 20c, while good can be found at 16@18c.

BEANS.—Dull. White mixed, $1 25@1 50; navy, $1 75@2 per bushel.

BAGGING AND TIES.—Dull; Kentucky and flax bagging, 20@22c, as to quality. Iron ties, 50@60.

BUILDERS' MATERIALS.—Louisville cement, per bbl, $2 75; Rosendale cement, $4@4 25; plaster paris, $4 25@4 50; Grider & Co's Alabama lime, $1 70@1 80; hair, in bales, $2 50@2 75; fire brick, per 100, $4 50 @5 00; common brick, $10@12 per 1000, delivered.

BROOMS.—$2 25@3 per dozen.

CORNMEAL.—Steady at $3 30@3 35 from store, $3 40@3 45 from mills, and $3 25 from the levee.

SPECIAL NOTICE.

A PITIFUL CONDITION.—IT IS A SAD thing to pass through life only half alive. Yet there are thousands whose habitual condition is one of languor and debility. They complain of no specific disease; they suffer no positive pain; but they have no relish for anything which should afford them or sensuous pleasure to their more robust and energetic fellow-beings.

In nine cases out of ten this state of lassitude and torpor arises from a morbid stomach. Indigestion destroys the energy of both mind and body. When the waste of nature is not supplied by a due and regular assimilation of the food, every organ is starved, every function interrupted.

Now, what does common sense suggest under these circumstances of depression? The system needs rousing and strengthening; not merely for an hour or two, to sink afterward into a more pitiable condition than ever (as it assuredly would do if an ordinary alcoholic stimulant were resorted to), but radically and permanently.

How is this desirable object to be accomplished? The answer to this question, founded on the unvarying experience of a quarter of a century, is easily given. Infuse new vigor into the digestive organs by a course of Hostetter's Stomach Bitters. Do not waste time in administering temporary remedies, but wake the system up by recuperating the fountain head of vitality and energy, the great organ upon which all the other organs depend for their nurture and support.

By the time that a dozen doses of the great vegetable tonic and invigorant have been taken the feeble frame of the dyspeptic will begin to feel its benign influence. Appetite will be created, and with appetite the capacity to digest what it craves. Persevere until the cure is complete—until healthful blood, fit to be the material of flesh and muscle, bone and nerve, and brain flows through the channels of circulation, instead of the watery putrilum with which they have heretofore been imperfectly nourished. m30

LEGAL NOTICES

Governor's Proclamation.

D. W. C. SENTER, Governor of State of Tennessee, to all who shall see these presents—Greeting:

WHEREAS, It has been made known to me, that certain parties in disguise, charged with having committed a foul and atrocious murder, on the 2d day of April, 1871, upon the bodies of Jake Turner and Henry Gardner (colored), late of our county of Weakley, have fled from justice, and are now running at large:

Now therefore, I, D. W. C. SENTER, Governor as aforesaid, by virtue of the power and authority in me vested, do hereby offer a reward of $500 five hundred dollars each, upon conviction, to any person or persons who may apprehend the said parties, or either of them, and deliver him or them to the sheriff or jailer of our county of Weakley, in order that justice in that behalf may be had and administered.

In testimony whereof, I have hereunto set my hand and caused the [SEAL] great seal of the State to be affixed, at Nashville, on the 19th day of May, 1871.

By the Governor: D. W. C. SENTER.
