Weather, Rivers and Business.

Yesterday was another very pleasant day, and was fully enjoyed by almost entire population, who turned out to get the benefit of the change. Promenaders lined the sidewalks, while the streets were well filled with vehicles containing representatives of our fair sex and children. The river declined two inches, and now stands seven feet three inches above low water mark. At all points above the rivers continue to retrograde. Business is improving.

Movement of Boats.

The Tom Jasper, for New Orleans, with a barge in tow, went south at daylight well laden. She also unloaded here. The Ste. Genevieve, from St. Louis, arrived during the forenoon with 300 tons freight, 300 barrels flour, 128 barrels potatoes, 200 barrels meal, 40 sacks corn, 612 sacks bran, 75 sacks wheat, 100 sacks apples and 100 sacks onions. She left near sundown with 250 bales cotton and 100 sacks of seed. The Cherokee, from the Cut, discharged 100 barrels flour and 50 sacks cotton seed, and departed for New Orleans, with 700 tons freight and a good trip up from the river. The Colorado arrived from Vicksburg last night with a fair freight.

Boats to Leave.

The good Anchor-line steamer Julia, Captain Wm. Blake commanding, will depart to-day at ten o'clock for Vicksburg. Wm. Shepherd has charge of the office.

The Capitol City will sail this morning at five o'clock for St. Louis and all points on the way. Captain O'Neill commands.

Boats Leaving Monday.

The Belle Memphis, Captain Crane, departs at five o'clock for Cairo, St. Louis and all the usual way landings.

The West Wind, John LaRose master, and J. W. Rhodes clerk, leaves at 4 p.m. for Osceola and the upper coast landings.

The Ella, with Captain Lewis and James Lee on the roof, slips her cables at five o'clock for Friars Point and all way landings this side. Frank Lee is her polite secretary.

News Drift.

Jimmy Thompson, who takes charge of the office on the Illinois, arrived from St. Louis yesterday ..... Tom Lewis, of Osceola, was a passenger on the Cherokee for New Orleans. He goes on the Belle Lee as pilot ..... The Robert Lee will be calked and ready to leave for Arkansas river next Saturday should there be sufficient water in that stream ..... The season for dalbouttom promises to be very remunerative.

Clippings.

From the Cincinnati *Commercial*: "Prime Emerson is in Madison, Indiana, and will take charge of the Belle of Louisville at that place ..... John Wiley, a Mississippi river pilot, died at Emporia, Kansas, the other day. He was a son of Captain Josh. Wiley, of the B. H. Hart ..... Several new boats have been put under contract since the last few weeks at Pittsburg, indicating that steamboat building is not entirely dead" ..... The Gazette of the eleventh says: "Captain W. W. Foster, after a long illness, died yesterday morning at his residence, on Second street, in Covington, Kentucky. He leaves a widow without children. Large numbers of our citizens will join us in expressions of sympathy in her sorrow. Business is moderately active on the season."

FINANCE AND TRADE.

AFFAIRS among bankers reflected neither change in the volume of trade nor the rate of currency or exchange. Some Memphis and Charleston railroad stock was offered at 15, but the amount on the market was small. Letters from New York urge the Wilson of that city for the presidency of the Memphis and Charleston railroad have been received by a number of prominent business men and merchants, and there seems to be an idea that he is "the coming man," so far as this corporation is concerned. There is much inquiry as to what progress the new managers of the Selma and Memphis railroad are doing toward the completion of a thoroughfare between this city and Holly Springs. A prominent banker informed us to-day that the directors would make the right kind of paper all the money necessary could be had in Memphis. Bonds issued by Columbus, Mississippi, in aid of the road were on the market to-day, and met no demand, which is not strange, as the bonds are selling in New York at a discount. Exchange on New York and New Orleans is easy, with commercial bills at par to 25 cent. Gold is offered in New York by movement at 111, and we quote 109@110¼, assimply a nominal rate for gold in buying and selling.

SALES of cotton were 400 bales, most of it the new crop, for which middling was sold for barely one-eighth of a cent less than middling. It seems to be of little consequence to buyers of cotton, whether it be called low middling at 15½c. Official quotations remain as annexed:

Low ordinary	11@12
Good ordinary	14@14½
Low middling	15@15½
Middling	15½@15¾
Strict middling	16@16¼
Good middling	16¾@17
