Want an Outlet to New Orleans.

DALLAS, TEX., May 25.—It has transpired here that the Houston and Texas Central railroad company has purchased the Dallas and Wichita railroad franchise, and that the road is to be immediately extended northwestwardly through the populous and generating fine rich mineral regions of Texas. It is confidently that the purchase was made at the instance of the Atchison, Topeka and Santa Fe folks, who want to get a direct short line to New Orleans. It also helps the Texas Central out of its unpleasant position of being flanked by the Missouri Pacific.

Gobbling Up Florida.

The Louisville and Nashville seem determined to have the business of Florida, and it looks like they had secured control of the Pensacola and Atlanta, which now runs across the state. The Pensacola Advance says: "The board of directors of this road met Monday, when Mr. T. T. Wright, who goes to Europe in a few weeks, resigned as a director and General E. F. Anderson was selected as his successor. Mr. W. D. Chipley was made president and consulting engineer. Mr. W. D. Chipley was then elected vice president and general superintendent. This places Captain Chipley in direct charge of the construction of the road, and he resigns his position at Montgomery, and returns to Pensacola at once to push forward the work. The survey heretofore mentioned as in other columns still progresses. The engineers passed their camp to Escambia bay, near Gulf Point, yesterday."

The Texas Pacific Extension

Dallas *Herald*: "The track is now laid to Weston 12½ or 20 miles west of Dallas, and is within six miles of Big Spring, in Howard county, which place will be the end of a terminal point, depot for construction material, and to which point daily passenger trains will run after June 1st. The road plans to feed Dallas by two factories for the last 100 miles to the west, and will be reached by March last May, near Colorado by April, both the result of awkwardness and some whisky. Only two deaths on the track train in the past year, one at Trent by a negro child and one at Colorado by pneumonia. Water is found in abundance and of excellent quality on the plains by digging wells twenty feet deep."

FINANCE AND TRADE.

FINANCE.

There was only routine business to be heard of at the banks yesterday, and rates continued unchanged all round. Some Home Insurance company stock changed hands at 75 bid, without a quotation; stock was held very firm in expectation of its reaching par very soon; a bid of 91 was refused; later in the day however, there was a decline in New York, the closing quotation was 87½. At our banks exchange quiet on New York and principal eastern points, demand, at par, ¼ premium selling; New England and other points, carrying 2 days' grace, ¼ discount; New Orleans, ¼ discount. Money is loaned at 6@8 per cent.

In the railroad bond market the special features were Boston, Hartford and Erie first, which advanced to 88½ from 88, reacted to and closed at 88; Rome, Watertown and Ogdensburg first, which advanced to 99½ from 92, and closed at 98½; Ohio Central incomes, which declined to 65 from 67½, recovered to 67½ and closed at 67; Lake Erie and Western incomes, which advanced to 81¼ from 79½; Chesapeake and Ohio currency sixes to 66½ from 65½; Milwaukee and St. Paul, Chicago and Milwaukee division, firsts to 131 from 127½; Milwaukee and St. Paul consols to 130 from 127½, and Illinois Pacific sinking fund eights to 126 from 125. Stock speculations opened generally strong and higher and after a fractional decline assumed a strong tone, and an advance of ¼@1 per cent, was recorded, in which Lake Erie and Western, Northern Pacific preferred, St. Paul, Union Pacific and trunk line shares were the most prominent. This was followed by a reaction of ¼ to 1½, the latter for Lake Erie and Western. The depression was of brief duration and prices again took an upward turn, St. Paul 6 and selling up 10⅞, and the general list ¾ to 1. The dealings were on a large scale and at times attended by considerable buoyancy. St. Paul was higher on a revival of the rumors regarding a scrip dividend. The great advance in Boston, Hartford and Erie bonds was assisted by the failure of a Boston banking house, short some $500,000 of these bonds, which had to be bought in. The *Public* says: "Last week the strong upward movement in the stock market continued, and the general reaction which many expected on Monday and Tuesday did not come. Prudent men, when asked for an explanation of this long-continued buoyancy, answered, 'Windsor and Europe.' There is large buying on account of former holders of government bonds who have sold out in order to escape a reduction of their yearly interest to 2½ per cent, and there is also large buying by the agents of foreign houses. Transactions aggregated 501,000 shares, of which there were of Chesapeake and Ohio 26,000, Canada Southern 9800, Central Pacific 7800, Cleveland, Columbus, Cincinnati and Indianapolis 2100, Chicago, Columbus and Indiana Central 10,000, Delaware, Lackawanna and Western 500, Delaware and Hudson Canal 3900, Denver and Rio Grande 12,000, Hannibal and St. Joe 6000, Houston and Texas Central 5000, Indianapolis, Bloomington and Western 1000, Lawrence and Texas 17,000, Lake Shore 57,600, Louisville and Nashville 2300, Lake Erie and Western 11,000, Michigan Central 5000, Mobile and Ohio 1800, Memphis and Charleston 6300, Northwestern 2000, New Jersey Central 3000, New Jersey Central 11,000, New York Central 14,000, Northern Pacific 21,000, Ohio and Mississippi 500, Ontario and Western 6000, Ohio Central 5300, Pacific Mail 9800, Peoria, Decatur and Evansville 2000, Reading 900, St. Paul 43,000, St. Paul and Omaha 6000, Sutro Tunnel 2500, Union Pacific 50,000, Wabash Pacific 6700, Western Union 11,000, Texas Pacific 7100, Rock Island 2700. COTTON.

The telegrams yesterday reported no change in the cotton market: the tone was generally quiet, but there was some firmness. In our market there was a satisfactory demand, and sales were to a fair amount; there was a firm feeling and cotton brought up to quotations, which were unchanged. The New Orleans *Bulletin*, of Monday, reports: "There has been quite a lively trade in futures to-day, with a couple of sharp changes in value, an advance of some 9@10 points early in the day, subsequently melting away about as rapidly as it developed. The influences were apparently principally of a local character, and no operations based upon the belief of an immediate radical change in the situation could be traced. At the outset the cable reports were firm and the advance movement very good, and these features were used with much effect in keeping up the alarm among the 'shorts,' their nervousness leading to further covering on both the old and new crops, with the advance made as above noted. After a while, however, it became evident that the demand was gradually relaxing, and finally the outlet fell to small proportions, while on the other hand the offering was increasing and soon showed considerable weight, under which our gain gave way until sales were made at last evening's figures."

GENERAL TRADE.

Business was quite dull yesterday; the country people are busy on their farms, and the Fair grounds drew many citizens. Some cotton changed hands at previous rates; hay continues to be very heavy; choice timothy could be had at $20; but there were no sales. Few strawberries arrived and the quotation was nominal. Eggs were very scarce, with no settled price; a round lot brought 12½c. Cornmeal was firm at $3.

Quotations below are for round lots at the landing and at the railroad depots, and include neither drayage, storage, nor other expenses outside of the bare freight and charges up to the time of arrival. Jobbers and other sellers are at higher rates, as they include drayage, storage and profit of the dealer.
