PERSONAL AND GENERAL.

We have before us a photograph of a new invention in the way of a safety passenger-coach, constructed entirely of iron in the form of a cylinder. Its great advantages are its security against fire in case of derailment or other accident. We learn that it will also be supplied with Flunerty's patent ventilator—a Memphis invention. The car was invented by E. Y. Robbins, of Boston, Mass.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, etc., I will send a recipe that will cure you, FREE OF CHARGE. HAIR VIGOR.

Various Causes—

Advancing years, care, sickness, disappointment, and hereditary predisposition—all operate to turn the hair gray, and either of them inclines it to shed prematurely. AYER'S HAIR VIGOR will restore faded or gray, light or red hair to a rich brown or deep black, as may be desired. It softens and cleanses the scalp, giving it a healthy action. It removes and cures dandruff and humors. By its use falling hair is checked, and new growth will be produced, in all cases where the follicles are not destroyed or the glands decayed. Its effects are beautifully shown on brashy, weak, or sickly hair, on which a few applications will promote the gloss and freshness of youth. Harmless and sure in its results, it is incomparable as a dressing, and is especially valued for the soft lustre and richness of tone it imparts.

AYER'S HAIR VIGOR is colorless; contains neither oil nor dye; and will not soil or color white cambric; yet it lasts long on the hair, and keeps it fresh and vigorous, imparting an agreeable perfume.

NEW YORK, March 2.—Money, 4@6½ per cent.; closed at 3@4 per cent. Prime mercantile paper, 6@6½ per cent. Sterling exchange—bankers' bills steady, 481½; demand, 484.

Bonds—Government irregular. 5s 1 lower, 4s ¼ higher, 4½s and 6s unchanged. Railroad bonds active and higher. Texas Pacific incomes advanced to 67 from 58, and reacted to 60. State securities dull and without feature.

Stocks—The market was dull during the forenoon, with light volume of business, and continued dull until 2 o'clock, when the market became stronger, and later buoyant, the advance being led by Northern Pacific, the stocks of which advanced in a few minutes from 48¾ to 49¾ for common, and from 85¾ to 85¾ for preferred; also Oregon and Transcontinental from 82¼ to 86½. In the remainder of the general list the advance was ¼ to 1 per cent., the latter Michigan Central, to 1½. The cause of the sudden upward movement in Northern Pacific stocks was through the report of greatly improved prospects for an early resumption of spring work on the construction of the road, and also for increased earnings. At the close the market was strong at the highest prices of the day, the general range being ¼@¾ per cent. higher than the closing prices last night; the advance, however, being mainly in Northern Pacific, Western Union, Oregon Transcontinental and Lake Shore
