PERSONAL AND GENERAL.

THE plantations along the railroads between Rosedale and Tuscaloosa, Ala., are in better condition now than for several years. New fences are seen, repairing is general, and many fields grown up in pines have been cleared, well plowed and fe tilized, giving the country a thrifty and prosperous appearance.

OVER 200 railmen, going out of Chattanooga Monday evening on an east-bound train, "fired up high half" beans and sent word for further refreshments. Although the East Tennessee, Virginia and Georgia road had made ample accommodation by putting extra coaches on the train, there were about 20 who found it impossible to find seats. They demanded another train, but the conductor informed them it could not be had, and they then became very abusive to the train men. They swore it they did not get seats before they reached Oglethorpe they would stop the conductor and take the train. They were all more or less intoxicated and heavily armed, and appeared very ugly.

Col. Cole's Health.

NASHVILLE, April 11.—The rumor going the rounds of the newspapers regarding the ill health of Col. E. W. Cole is entirely sensational. He is in perfect health.

Iron Mountain and Wabash Changes.

ST. LOUIS, April 11.—Two circulars were issued this afternoon by R. S. Hayes, one as first vice-president of the Iron Mountain Pacific railroad, stating that under the new condition of things, H. M. Hoxie, third vice president, is relieved from attention to the assessment and taxation of properties, and will assist in general duties; further, that Jas. F. How, assistant secretary, will have charge of all matters pertaining to assessment and taxation, and also of the purchase of materials and supplies. The second circular, issued from the Wabash, St. Louis and Pacific office, announces John D. Gault having resigned, H. M. Hoxie, third vice-president, will assume charge of the freight and passenger traffic, and that Jams F. How, secretary, in addition to duties as secretary, will take charge of assessment and taxation and purchasing supplies. Report from Chicago states that arrangements, except as above stated, will continue as at present.

General Railroad Time Convention.

ST. LOUIS, April 11.—The General Railroad Time Convention met at 11 o'clock this morning with a very large attendance, F. P. Wright, of Cleveland, in the chair, and W. F. Allen, of Philadelphia, secretary. It was the general opinion that it would be another year, and the present time should be allowed to war rnsolved, and it was resolved that the changes go into effect May 18th. A resolution on the standard of time was adopted as follows: Resolved, that the time used by Washington and Iran p ln by the 75th meridian. On the eastern time between these points and Kansas City trains shall run by the 90th meridian or central time, or 1 hour slower than Eastern time; west of Kansas City by the 105th and 120th meridian or Western time—2 and 3 hours slower respectively than Eastern time. A committee was appointed to report at the next meeting a uniform signal system. The Convention adjourned to meet at Chicago October 11th.

By Telegraph.

NEW YORK, April 11.—Money, 5 to 6 per cent., closed offered 3 per cent. Prime mercantile paper, 5½@6 per cent. Sterling exchange—bankers' bills quiet but firm, 483¾; demand, 484.

Bonds—Governments strong and ¼ to ¾ per cent. higher, with the exception of extended 5s, which is 1 per cent. lower. Railroads generally higher on a large volume of business. State securities strong.

Stocks—Early speculation opened strong and prices ¾ to 1 per cent. above yesterday's closing quotations. During the first half hour a reaction of ¼ to ¾ took place, led by Union Pacific and New Jersey Central, after which the market became strong, and about midday recorded an advance of ¼ to 1¾. In which Delaware, Lackawanna and Western, Villard stocks and Hannibal and St. Joseph common and preferred were the leading features. In the early afternoon Denver and Rio Grande led a reaction of ¾@1 per cent., but this, about 2 o'clock, was succeeded by a recovery of ¼@1¼ per cent., Vanderbilt being the most conspicuous in the upward movement. From then until near the close the market was weak, and the improvement was lost, the last selling of ¼@1¼ per cent., the latter Union Pacific. The market closed steady, but the closing figures, compared with those of yesterday, were irregular, the general list, however, being ¼@1¼ per cent. higher, the latter Northern Pacific preferred. Closing quotations were as follows:
