PERSONAL AND GENERAL.

R. T. BARKLEY, who for a number of years was passenger conductor on the Nashville and Chattanooga, died in Tyler, Tex., Saturday, of typhoid fever.

THE old-style box and cattle car of 24,000 and 30,000 pounds capacity are fast disappearing, while 40,000-pounder comes conspicuously to the front.

AN earnest effort will be made to have the coming Legislature vest all railroad conductors with police authority. This is certainly a much-needed law.

THE Chattanooga *Democrat* expresses regret that their State Commissioners were not sent to the Chicago Railway Exposition, to learn something about their business.

MR. B. F. MITCHELL, late freight agent Louisville and Nashville, will, on the 15th, assume the duties of general passenger and freight agent of the Chesapeake, Ohio and Southwestern, vice B. F. Blue, who retires.

MR. JAMES CARR, local passenger agent of the Louisville and Nashville railway, and Mr. Cliff P. Kennedy, travelling passenger agent of the Chicago, Milwaukee and St. Paul railway, were passengers down on the Will S. Hays yesterday.

STEPS will likely be taken at the next sitting of Congress to have conductors licensed, as are pilots of steamboats. They will likely appear before an examining board created by Congress, or a S S steamboat duly deputized for this express purpose. All applicants for this are calculated to improve the moral of men in like positions.

A NEW railroad, the Ultima Thule, Arkadelphia and Mississippi, articles of incorporation for which have been filed with the Secretary of State at Little Rock, will be pushed through. The projected road will commence at some point at or near Fordyce, on the Iron Mountain, in Dallas county, about 23 miles from Camden, and will run thence 40 miles northwest through Dallas county, via Princeton, the county seat of Dallas, to Arkadelphia. From Arkadelphia it will proceed west through the counties of Clark, Pike, Howard and Sevier to Ultima Thule, which is in Sevier county and immediately on the line between Arkansas and the Indian reservation. The length of the road will be about 123 miles. The stock already taken amounts to $215,000.

The New York "L" Suits Settled.

NEW YORK, July 10.—In the suit brought by the New York Elevated Railroad Company against the Manhattan and Metropolitan Companies, in which the New York Company sought to have a sale of the road several years ago, judgment was entered by Judge Truax, upon consent of all parties, declaring the tripartite lease agreement of October, 1881, to be a valid and complete settlement of all controversies involved in the action. A motion was made before Judge Freedman for leave to renew the motion to set aside the judgment, it having been previously denied. The motion was met on behalf of the Metropolitan Company and to day Judge Freedman gave a decision denying the motion.

By Telegraph.

NEW YORK, July 10.—Money market easy, 2@2½, closing at 2 per cent. Prime mercantile paper, 4@5½ per cent. Sterling exchange—bankers' bills weak, 484½ demand, 488.

Bonds—Governments lower for 3s and 4s. Railroads lower. State securities steady.

Stocks—The market was feverish and unsettled; with an increased volume of business in the forenoon with greater activity, there was a sharp decline about 2 o'clock. In the last hour the market was generally firmer, and in the last half of the hour there was a partial recovery of ½ to ¾, the Latter Northwestern. The net result of the day's business was a decline from last prices of yesterday of ½ to 1¾, the latter Pacific Mail. Northwestern shows a decline of 1¾, Manitoba 1¼, Omaha, Jersey Central and Pullman Palace Car each 1, Missouri Pacific 1, New York Central ¾, and the remainder of the list ½ ¾. In final dealings the market was weak, and New York Central sold at the lowest price touched for that stock, 117½. The *Evening Post* reported from Boston an informal meeting of the directors of the American Rapid Telegraph Company to consider the proposition of the Western Union Telegraph Company for lease on a basis of 3½ per cent on a capital of $300,000. The sentiment of the meeting was adverse to the lease. The Rapid has some 2500 miles of wire, and it is understood does but little more than pay expenses. Closing quotations:
