PERSONAL AND GENERAL.

THE opening of the Dardanelle and Russellville railway was to have taken place at Dardanelle yesterday, for which preparations were made for a good time.

AT Paducah, Ky., fifty acres of land have been purchased by the Chesapeake, Ohio and Southwestern railroad, on which the company will proceed to erect immediately machine shops and an enginehouse, with twenty-five stalls, and will, within a year, give employment to 2000 men. The City of Paducah gave $20,000 to secure the location of the shops at that point.

ONE of the conductors of the Louisville and Nashville, who cannot move the sun around to suit everyone, has been worried a great deal lately by excursionists complaining of the lack of shade, says he has made a contract to have willow trees planted on each side of the track. Aside from this he has patented a machine to be attached to the cowcatcher, which will sprinkle the track as the train goes along.

THE engineering department of the Pittsburg, McKeesport and Youghiogheny railroad on Wednesday presented Chief Engineer Wainwright with a handsome gold watch. P. F. Brendinger made the presentation speech, and here is the way they do such things in a railroad office:

Brendinger—Here is a watch.
Wainwright—Is this a watch?
Brendinger—It is.
Wainwright—Thanks.
