Railway Rights Through the Indian Territory to be Asked For.

GALVESTON, December 1.—The Gulf, Colorado and Santa Fe road will ask the coming Congress for railway, telegraph and telephone rights-of-way through the Indian Territory, beginning at a point west of the easterly boundary of Cook county, Tex., and ending west of Coffeeville, ks. Senator Coke will introduce a measure in the Senate to reserve the right to regulate the charges of the road, pay $50 a mile to the tribes owning the land and also after 100 miles are completed, to pay $2000 annually to the Secretary of the Interior. One hundred miles will be completed in three years, or the grant forfeited. This will make a line to St. Louis via the St. Louis and San Francisco railroad, and be within 50 miles of connection with the Atchison, Topeka and Santa Fe road, Burlington and Quincy, Chicago and Alton and others.

Executor's Sale.

WE will offer for sale on the 5th day of December, 1883, between the hours of 10 o'clock a.m. and 5 p.m., the splendid plantation of Dr. D. E. Gibson, deceased, situated in Lafayette county, Ark., on the Memphis and Little Rock railroad, and five miles from the Mississippi river. The place contains over 800 acres; between 300 and 400 acres under a high state of cultivation. The balance well timbered with oak, ash, gum and cypress, considerable of the latter, and superior in quality. The improvements consist of a dwelling house with six rooms, smokehouse and other buildings. The quarters are in fair repair. Good barn and splendid gin house. Six acres in an orchard, of well-selected apples. The ginhouse and dwelling are just one mile from Edmondson station on the railroad, where there is an express office, telegraph office, postoffice and daily mail, two passenger trains and several freight every day, all of which stop at this station, much to be appreciated, enabling parties residing here to visit Memphis early in the day and return home the same evening. Passenger trains leave Memphis at 5 o'clock a.m. and 4:40 p.m.

Terms of Sale—One-third cash, one-third in one year, and one-third in two years, with a lien on the place for the balance of the purchase money; the notes to bear legal interest.

Possession will be given immediately if required. I will make arrange at the station who may desire to see the place before the day of sale, if notified. This is a rare opportunity to purchase a fine plantation at a great bargain, for the title will positively take place on the day mentioned. For further information address D. E. Gibson, jr., Edmondson, Ark., or W. H. L. Duncan, Clark, Friar Point, Miss. MRS. E. GIBSON, Executrix.

FINANCE AND TRADE.

No change to report in the money market. The demand and supply continues as previously reported with no prospects of an easier condition as long as the stock of cotton continues to increase. The Clearinghouse reports for yesterday and the week indicate a heavy business, while that for the month just past exceeds by nearly $500,000 that of the same month last year, and $1,561,435 32 greater than November, 1881.

About the same conditions prevailed in the cotton market yesterday as reported the day before, excepting a somewhat weaker feeling on account of continued heavy receipts and unfavorable reports from foreign and Eastern markets. The day's sales were light, owing to still existing differences of opinion in the minds of buyers and sellers, and the additional variance of views as to classification. However, it is conceded that middling cotton is worth quotations, and yesterday's transactions were made on that basis. It will be seen by reference to the proper tables below that the decline in receipts at all United States ports, which set in about a week ago, is checking up gradually, and if the receipts of the present week hold up to last week's figures an increase will be shown at the close of the week. The local market closed with middling at 10c, and sales of 1700 bales—1300 to exporters and 400 to spinners. Receipts were 3292 bales, shipments 3349 bales, leaving stock on hand 89,160 bales. Of the receipts 113 bales were by steamer and 550 bales by wagon; and of the shipments 3002 bales were by rail. New York spots closed quiet and steady, with middling quoted at 10 9-16c. New York futures closed very dull, with December deliveries quoted at 10.61@10.62, and declines of 1 to 2 points on February, June and September, and other months unchanged. New Orleans spots closed easy, with middling quoted at 10 3-13c. New Orleans futures closed steady, with December quoted at 10.18@10.19, and other months declined 2 to 3 points. Liverpool spots closed dull and easier at 5 15-16@6 1-16d, with sales of 7000 bales, of which 5250 bales were American. Liverpool futures closed quiet, with December 5 55-64d. Stock on hand November 30th, 467,000 bales, against 432,000 same day last week. Total receipts at all United States ports yesterday, 33,852 bales.

There are no changes to report in general trade except what are shown in the revised price-list of live stock. Business was satisfactory yesterday and the tone of the market firm and steady. The produce market is looking up under the influence of the favorable weather. The market is pretty well supplied of all classes, onions and poultry being in excess of the demand. Reports from two prominent livestock dealers are at hand, from which it is ascertained that cattle is scarce again and strong at an advance of 10@15c all round. All the buyers want stock, from the smallest to the heaviest dealers, and are all to a greater or less extent disappointed. The quotations are revised, and represent very fairly obtainable prices. The future of the cattle market looks well enough for the most hopeful. Memphis anyway has shown and now shows an unrivaled record, and the demand is here for good, Sheep and lambs are also scarce, with good butchers grades in demand. Hogs are in very light supply, especially good packing grades. Owing to change of weather both prices and demand have experienced a much better feeling than existed last week, consequently the outlook for the present week is very good. The above is a synopsis of yesterday's circulars issued by J. LaCroix, of the Memphis, and Joseph Frey, of the National stock-yards. Merchants' Exchange quotations are given in detail below, leading articles ruling as follows: Corn, 57@58c; cornmeal, $2 50; flour, $3 50@7 25; chickens, $1 50@3; turkeys, $7@15; eggs, 27c; butter, 25@35c; meat, $14; lard, 06@9c by the tierce; butter, 15@22c for country, and 27@35c for creamery.
