Free reclining chair cars. No. 31 Madison street.

A Safeguard.

The fatal rapidity with which slight Colds lead to organic troubles should induce the greatest assiduity of the throat and lungs, to a consideration which should impel every prudent person to keep at hand, as a household remedy, a bottle of AYER'S CHERRY PECTORAL.

Nothing else gives such immediate relief and works so sure a cure in all affections of this class. That eminent physician, Prof. F. Sweetzer, of the Maine Medical School, Brunswick, Me., says:—

"Medical science has produced no other single expectorant so good as AYER'S CHERRY PECTORAL. It is invaluable for disease of the throat and lungs."

The same opinion is expressed by the world-renown Dr. L. J. Addison, of Chicago, Ill., who says:—

"I have never found, in thirty-five years of continuous and laborious practice, any other preparation of so great value as AYER'S CHERRY PECTORAL for troublesome affections of the throat and lungs. It is not only beats up colds and cures severe coughs, but is more effective than anything else I know of in the treatment of serious bronchial and pulmonary affections."

AYER'S
Cherry Pectoral

Is not a new claimant for popular confidence, but a medicine which is today saving the lives of the third generation who have known how long since it was first offered to the public.

There is not a household in which the Ever-ready Pectoral has not been prescribed, where it has not proved beneficial, and there is not a person living who has used it to whom it is not a pleasure to bear testimony to its virtues for any throat or lung disease, accompanying a cold, or, who has not been made well by it.

AYER'S CHERRY PECTORAL has, in numerous instances, saved the lives of persons afflicted with Bronchitis, Laryngitis, and even some Pneumonitis, and has proved a wonderful relief in the early stages of Pulmonary Consumption. It is a medicine that only requires to be taken in small doses, is pleasant to the taste, and is needed in every house where there are children, as they will take it when so good a medicine is offered them.

AYER'S CHERRY PECTORAL for treatment of Croup and Whooping Cough.

These are all plain facts, which can be verified by anybody, and should be remembered by everybody.

Ayer's Cherry Pectoral

PREPARED BY
Dr. J. C. Ayer & Co., Lowell, Mass.
Sold by all druggists.

CANCER FOR MANY YEARS

A family servant has been afflicted for many years with a cancer on her nose, and was treated by several of our best physicians, but it kept on spreading and without benefit. Finally we gave her Swift's Specific, and, to our surprise, it cured her.

THOMSON, Ga., August 18, 1884.

NOSE EATEN OFF!

John Nance, a young man near here, had a cancer on his face which had eaten away his nose and ulcerated his mouth, and was extending up to his eyes. As a last resort he was put on Swift's Specific, and it has cured him, and his face is healed over with new flesh, and his general health is excellent. He is now a healthy young man.

W. F. CROMLEY, M.D.
Oglethorpe, Ga., August 16, 1884.

CANCEROUS FACE.

I have for many years suffered with a cancerous affection on my face, which baffled all skill. It spread by the use of caustic potash, and was a terrible sore.

R. W. CHILDRESS,
Indian Springs, Ga., Aug. 30, 1884.

CANCER FOR 5 YEARS.

A woman with a cancerous ulcer of five years' standing and five inches in diameter, has been cured by Swift's Specific. The ulcer healed up in a wonderful manner. Her general health improved from the time she began the use of the S.S.S.

COLUMBIA, Ga., August 16, 1884.

We are every day receiving the most wonderful reports from the use of Swift's Specific in the treatment of Cancer. Sufferers from this class of diseases should not fail to send for our treatise on Blood and Skin Diseases and Cancer Treatment. Our remedy is entirely vegetable—no mercury, no potash, no other mineral.
