ROBUST HEALTH

is not always enjoyed by those who seem to possess it. The taint of corrupted blood may be secretly undermining the constitution. In time, the poison will certainly show its effects, and without the more obvious warnings of the danger it has been allowed to permeate the system. Each pimple, sty, boil, skin disorder and sense of unnatural languor, in humor, is one of Nature's warnings of the consequences of neglect.

Ayer's Sarsaparilla

is the only remedy that can be relied upon, in all cases, to eradicate the taint of hereditary disease and the special corruptions of the blood. It is the only medicine that is sufficiently powerful to thoroughly cleanse the system of Scrofulous and Mercurial Diseases, and the pollution of Contagious Diseases. It also neutralizes the virus of Diphtheria and Scarlet Fever, and confers rapid recuperation from the enfeeblement and debility caused by these diseases.

Myriads of Cures

Achieved by AYER'S SARSAPARILLA, in the past forty years, are attested, and there is no doubt of its power to heal, and cure, that will not yield to it. Whatever the ailments of life chase, and whatever found, from the scorching sands of the Arctic cold to the "malarious" of South Africa, this remedy has afforded health to the sufferers by whom it was tested. Druggists everywhere can cite numerous cases, within their personal knowledge, of remarkable cures brought by it, where all other treatment had been unavailing. People will do well to

Trust Nothing Else

than AYER'S SARSAPARILLA. Numerous crude mixtures are offered to the public as "blood purifiers," which only alarm the patient with the promise of many cheap doses, and with which it is folly to experiment, while disease is steadily undermining deep-seated and difficult or fatal. Some of these mixtures do match better their merits, but the truth is, the medicines that can radically purify the vitiated blood by

Stocks—The stock market opened strong this morning and further material advance was made for some of the most active stock, notably Western Union, Northwestern, Lackawanna and Michigan Elevated. Prices continued firm until about 2 o'clock, when leading bulls called a halt and thus checked the rise to comply with the market demands of prominent operators that a moderate reaction should be permitted to take place. This caused an average decline during the last hour of about 1 per cent. It was confidently expected that the market would be taken hold of again to-morrow and the advance continued, as there are large demands in store in Western Union as shown in the act that there was a difference to-day of as much as 1 per cent. between sales on one share in regular transactions and a regular way. Lackawanna loaned in the forenoon at 3 64, and New York Central at 1-64. Brokers say the good feeling in speculative business promises to become much more active with Union Pacific very shortly, and it is said the company is not satisfied with the funding bill now before Congress, and Gould and Huntington are opposed to it in its present shape. The market was very active to-day, especially during the last hour, total sales amounting to only 700,640 shares, of which 72,340 were Lackawanna, 37,820 St. Paul and 29,700 Western Union. After the notable funding the break in the afternoon Lackawanna closed unchanged from the final price of yesterday, 92, after selling at 93½; New Jersey Central 4 per cent. higher, at 34¾; Manhattan consols ¼ per cent. higher, at 73, and Omaha, Burlington and Quincy, Reading and Missouri Pacific each ¼ per cent. higher, at 124, 15½ and 96, respectively. The down 1 per cent. at 1¼; New York Central 87½, Union Pacific 49 and Lake Shore 106½, are each ¾ per cent. lower, while Lake Shore shows a decline of ¼ per cent., at 61½. Reports were freely circulated during the day that the Erie railway would have difficulty in resuming the interest which matures March 1st, and that some statement made found ready believers is indicated by the fact that Erie securities were active and materially lower, while stock declined ¾ per cent. on small transactions. New second consols were traded in to the extent of $12,115, 20. The price fell from 53¾ last evening to 51 regular, 50½ seller 60 days. They closed finally on a rally at 51¾, a net decline of 2¾ per cent. Erie gold mortgages down 0½ per cent. at 111, with sales of $61,000. West-shore firsts are also 1 per cent. lower, at 334. New York, Chicago and St. Louis firsts are down 1 per cent. at 93; Galveston, Harri-burg and San Antonio firsts ½ per cent. at 91½; and Elizabeth, Lexington and Big Sandy 6s 1 per cent. at 90. The number of comparatively inactive bonds, on the other hand, that are bought principally for investment account, are somewhat higher to-day. Louisiana 1 on Mountain 5's are no 1 per cent., at 7½; Houston and Texas Central, seconds, main line 2 per cent., at 70; Mobile and Ohio, 1 per cent. (Chicago division) 1 per cent., at 74; Louisville and Nashville (New Orleans and Mobile division) 2 per cent., at 74, and Central Iowa firsts (consols of 1) 1½ per cent., at 91½. Northwestern issues traded in were steady, except registered consolidated gold bonds which are 1 per cent. lower, at 127, and of St. Paul issues firsts (LaCrosse division) sold at 117¾ and Chicago and Pacific (Western division), at 93¾, decrease in each case ¼ per cent., with firsts (Wisconsin and Minnesota division) unchanged; Union Pacific firsts ¼ per cent. lower, at 111¾, and Central Pacific gold bonds ¼ per cent. lower, at 110. Transactions aggregated 252 000 shares, as follows: Lackawanna, 74,000; Erie, 10,400; Lake Shore, 13,000; North-western, 28,000; New York Central, 10,000; St. Paul, 38,000, and Western Union, 30,000.
