ROBUST HEALTH

is not always enjoyed by those who seem to possess it. The taint of corrupted blood may be secretly undermining the constitution. In time, the poison will certainly show its effects, and withal the humor vitiates the juices, if it has been allowed to permeate the system. Each pimple, sty, boil, skin disorder and sense of unnatural lassitude, or debility, is one of Nature's warnings of the consequences of neglect.

Ayer's Sarsaparilla

is the only remedy that can be relied upon, in all cases, to eradicate the taint of hereditary disease and the special corruptions of the blood. It is the only alterative that is sufficiently powerful to thoroughly cleanse the system of Scrofulous and Mercurial inoculation, and the pollution of Contagious Diseases. It also neutralizes the poisons left by Diphtheria and Scarlet Fever, and enables rapid recuperation from the enfeeblement and debility caused by these diseases.

Myriads of Cures

Achieved by AYER'S SARSAPARILLA, in the past three years, should be cited, and there is no blood disease, at all possible of cure, that will not yield to it. Whatever the elements of disease may be, whether inherited from the severity of the Arctic circle to the Equator, or from the miasmatic, this remedy has afforded health to the sufferers by whom it was endured. Drugists everywhere can, in response to inquiries, write in their personal knowledge, of remarkable cures wrought in it, where all other treatment had been unavailing. Purchasers will do well to

Trust Nothing Else

than AYER'S SARSAPARILLA. Numerous crude compounds are offered to the public as "blood purifiers," which only shame the patient with the patent of many cheap quacks, and in which he fully experiences while disease is steadily becoming more developed and strong hold upon the victim. In such instances do much lasting harm. Bear in mind that the only medicine that can radically purify the vitiated blood is

Ayer's Sarsaparilla,

By Telegraph.

NEW YORK, February 10.—Money easy, 1 per cent. Prime mercantile paper, 4@5 per cent. Sterling exchange—bankers' bills dull, 483¼; demand, 486¾.

Bonds—Governments strong for the 4s and 4½ per cent. coupons. State securities quiet.

Stocks—There was little change in opening prices of the Stock Exchange this morning, and in some of the early dealings quotations in some classes yielded a small fraction, but after a few minutes the decided buoyancy and upward movement continued with slight interruptions until 2 o'clock. During this time an advance ranging from ½ to 2½ per cent. was established. The street was unusually free of news or rumors of any kind having influence on values, but the leaders of the advance attributed it to a portion of the support and a moderate reduction set in that continued until the close and resulted in materially reducing the amount of previous gains. The declines in the last hour from the highest prices amounted to ½ to 1¾ per cent. net. The result of the day's operations is an advance of ½ to 2½ per cent., except in a few instances where prices are lower. The market was unusually active. The total sales were 396,778 shares, being nearly 100,000 shares in excess of yesterday. As usual, Lackawanna led the list in amount of business done, sales being 92,540 shares, but there was a heavy trading in a number of other stocks, including St. Paul, 43,925 shares; Northwestern, 34,833; Union Pacific, 49,200; Western Union, 39,441, and Lake Shore, 36,225 shares. Unusual strength was displayed in Lake Shore and New York Central, and the advance was accompanied by a report that Vanderbilt was buying back these stocks. Lake Shore rose from 61¾ to 64¾, but in the last hour broke to 63¾, while Central advanced from 88¾ to 99¼, and declined to 98¾ again from yesterday of 1¾ per cent. for the latter and ½ per cent. for Lake Shore. Lackawanna reached the highest mark in the present advance, selling at 97¾, but lost 1 per cent. in the last hour, closing at 96¾, a gain over yesterday of 1 per cent. Delaware and Hudson was up 1¾ per cent., at 75, after selling at 75¼, and New Jersey Central only ¼ per cent. higher, at 38¾, on very slight business. Among other important advances are Northwestern ¼ per cent., at 94; Chicago, Burlington and Quincy 1 per cent., at 122¼; Rock Island ¾ per cent., at 112; Central Pacific ¼ per cent., at 30¾, and Omaha preferred ¼ per cent., at 89¾. St. Paul was an exception to the general rule, being comparatively weak in early all day. Its extreme advance from yesterday was only ¼ per cent., at 75¾, and in the afternoon sold down to and closed at 74¾, a net loss of ¾ per cent. After noon a decline followed the publication of a synopsis of the company's business last year, showing a decrease in the surplus at the end of the year of $1,90 ,77 2. Missouri Pacific and Pacific Mail were each ½ per cent. lower, at 96 and 29¾, respectively, unlimited transactions. There was a well distributed business in railway bonds, but less activity in some of the speculative issues than for several days past. Prices were generally higher, but gains in most cases were fractional. Among the exceptions are Texas Pacific land grant incomes which are up 2 per cent., at 39; Evansville and Terre Haute first ¼ per cent., at 100; Louisville and New Albany first ½ per cent., at 90½; Chesapeake and Ohio currency 6s ½ per cent., at 25; and series B ½ per cent., at 12½; and Missouri Pacific third ½ per cent., at 101. Gains of 1 per cent. were Metropolitan Elevated first 3s, at 107½; Colorado Coal and Iron 6s, at 60; Canada Southern second 5s, at 70, and Ohio Southern first 4s, at 56. Nickel-Plate first opened at 84½, and after selling at 83½ rose to 85, but a sale of $10,000 was reported after the close of the board at 86. The recent break in these bonds remains as much a mystery to the street as ever. Erie seconds now are up 1 per cent., at 54½, and West Shore first are ½ per cent. lower, at 3½. Among the other bonds that show declines Ohio and Mississippi seconds at 108, and Northwestern consol coupon gold 7s, at 127, are down 1 per cent.; Chicago, Burlington and Quincy debentures 5s, ½ per cent., at 99, and International and Great Northern firsts ½ per cent. at 105. Transactions aggregated 397,900 shares, as follows: 92,000 Lackawanna, 36,000 Lake Shore, 45,000 Northwestern, 23,000 New York Central, 41,000 St. Paul, 40,000 Union Pacific and 40,000 Western Union.
