KING'S EVIL

Was the name formerly given to Scrofula because of a superstition that it could be cured by a king's touch. The world is wiser now, and knows that

SCROFULA

can only be cured by a thorough purification of the blood. If this is neglected, the disease perpetuates its taint through generation after generation, entailing as its earlier symptomatic developments are Eczema, Cutaneous Eruptions, Tumors, Boils, Carbuncles, Erysipelas, Purulent Ulcers, Nervous and Physical Debility, Scrofulous Inflammation, Rheumatism, Scrofulous Catarrh, Kidney and Liver Diseases, Tubercular Consumption, and Virulent other dangerous or fatal maladies, are produced by it.

Ayer's Sarsaparilla

Is the only powerful and always reliable blood-purifying medicine. It is so effectual an alterative that it eradicates from the system Hereditary Scrofula, and the kindred poisons of contagious diseases or germs. At the same time it enriches and vitalizes the blood, restoring healthful action to the vital counts and rejuvenating the entire system. Tis great

Regenerative Medicine

is composed of the genuine *Honduras Sarsaparilla, with Yellow Dock, Stillingia, the Iodides of Potassium and Iron,* and other ingredients of great potency, carefully combined in the compound. Its formula is generally known to the medical profession, and the best physicians everywhere constantly prescribe AYER'S SARSAPARILLA as an

Absolute Cure

For all diseases caused by the vitiation of the blood. It is concentrated to the highest practicable degree, without any other preparation for which like effects are claimed, and is therefore the cheapest, as well as the best blood purifying medicine, in the world.

NEW YORK, February 27.—Money easy, 1@1½ per cent.; closing at 1½ per cent. Prime mercantile paper, 4@5 per cent. Sterling exchange—bankers' bills quiet, 484; demand, 487½. Government bonds steady. State bonds quiet. Subscription of registered 4½ per cents, which are 1 per cent. lower, or $1,000,000 of the 4½s and $1,000,000 of the 4s. Stocks generally more active than usual, and the tone was strong and higher. Sugars were active and advanced 1@1½ per cent. Western and Northwestern were active and strong. Lake Shore was strong and higher. Pacifics were active and higher. Rumors of a pool in Western Union were current. Closing sales were generally at the top. The market was very active and strong at the opening, and with the exception of a slight reaction at the second board, was strong and declining all day. After the remarkable strength displayed in the stock market during the forenoon yesterday that stock opened this morning 1½ per cent. lower and in the first hour sold down 2 per cent., lower than it closed, making the loss 1½, at 102½. The impression rapidly spread through the board that the decline was unwarranted by the facts, but after touching the price first mentioned it rallied and became very active, and sold up to 103 cents, and then again declined, and finally sold up to 2 o'clock p.m., and closed strong at the top, and until 3 o'clock it was very active and strong. The feature of the day. From this point there was finally a rally to 101¼ and a decline to 101, at which it closed, with the exception of the stock of Lackawanna, in which trading amounted to 74,852 shares, indicates the great drift of the market during the day. In early transactions St. Paul was also active and strong, and sold up to 74, but it rallied to 73¾, and late in the afternoon fell to 72. Jersey Central was active, and fell to 37¾ with a decline of 1½. Northwestern fell from 99 to 97½, and closed at 97¾, a loss of 2½. The sales of these three stocks here mentioned amounted to more than fifty per cent. of the business done. Lackawanna closed at 97. Rumors were current that the Omaha company would pass its next dividend, and that the Erie pool would be broken. It was stated that the bond had already acted upon the dividend, and that the decline of late the rumor was officially denied and a statement made that the annual meeting of the company for the purpose of declaring not be held until next month. No one was disposed to take the risk of forestalling what would then be done, but the stock was extremely weak all day, notwithstanding the denial, and closed at 26½, a loss from yesterday's closing price of 4½. Consolidated Gas was active, and fell 1½. Very active inquiry in New York Central and Lake Shore, and the latter fell in the afternoon to 94½. Lake Shore was also active and strong. New York Central is down 3½ after selling at 97½, a net loss of 1½ on small transactions. Rock Island and Hudson was also down 1½ at 128½, after selling at 130, a net loss of 1½. Western Union fell 1½ at 79½ for common, and 1 at 82½ for preferred. Other declines were less than 1 per cent. Louisville and Nashville was active and strong, and sold up to 75 after selling at 72½, a net gain of 2½. Manhattan consolidated was up to 77½, on light dealings. Total sales of stocks to day, 701,000 shares, including 74,852 shares of Lackawanna, 97,000 Lake Shore, 97,000 Northwestern, 72,000 St. Paul, 37,000 Jersey Central, 26,000 Erie, 26,000 Rock Island, 22,000 Louisville and Nashville, 19,000 Missouri Pacific, 72,000 Northwestern, 19,000 Ohio Central, 19,000 Texas Pacific, and 14,000 Western Union.
