By Telegraph.

NEW YORK, July 11.--Money on call easy at 1 percent. Prime mercantile paper 4@5. Foreign exchange dull at 484½ for sixty days and 485½ for demand.

Bank Statement--Loans decrease, $614,600; specie increase, $2,095,500; legal tenders increase, $937,300; deposits increase, $2,959,900; circulation decrease, $129,900; reserve increase, $2292,875; Banks now hold $26,046,075 in excess of the legal requirements.

Bonds--Government bonds have been more active, and quotations are firm. State bonds have been very dull and nominal. Railroad bonds have been very dull and generally lower. The total sales of bonds to-day were greater than any preceding day for many months past, the transactions footing up $4,677,000, but the sales of 4½s were 2 per cent. of the total, and of Erie second consols $1 063,000, leaving only $819,000 to be divided among the other issues dealt in. West Shore firts are up 2¼ at 40, and Erie second consols are advanced to 56½. Prices are generally higher.

Stocks--The stock market has been steady all day for the general list, while there has been a decided boom in the Vanderbilts and Western Union. The Vanderbilts were influenced by the constantly growing belief that the negotiations for a settlement of the railroad troubles, so far as the trunk lines are concerned, at least, are making steady progress, while Western Union had the benefit of the commencement of the movement in the downfall of another of its rivals and the transfer of the American Rapid Wire to the Western Union. The course of the price of these stocks was steadily and pretty rapidly upward from 10 until 2 o'clock, the slight reactions which occurred not exceed ng ½ per cent., and being followed immediately by higher prices again. In the last hour there was a grand rush, during which the stocks mentioned scored further gains of over 1 per cent., but there was more feverishness than in the early dealings in the movement of New York Central. Between the opening and 2 o'clock that stock had made a net advance from 88½, at which it opened, to 90 in the last hour it rose to 90½, and by noon 90 to 91, broke to 90¾, rallied to 91½, sold again at 90¾, and closed on a final rally at the highest price of the day, 91½, an advance from last evening of 2 per cent. Throughout the day the sales were in most cases in small lots, but especially so in the last hour. The feverish conflict in New York Central was not imparted to Lake Shore, which was dull and strong after 2 o'clock, and closed at the highest point of the day, with an advance of ½ per cent. Between the opening and 2 o'clock Western Union rose from 83 to 83¾, and in the final hour to 84⅛, closing at 84, a gain over last evening of 2¾ per cent. The sales of the three stocks mentioned amounted to 112,000 shares, while the total sales of all stocks dealt in were 247,400 shares. Six other stocks--Lackawanna, St. Paul, Northwestern, Louisville and Nashville, Union Pacific and Erie--contributed 90,800 shares more, leaving 41,200 shares to be divided among the remainder of the list. New Jersey Central is ½ per cent. below the highest price reached, at 93½ with a net advance of ½ per cent., and Pacific Mail, which was not dealt in during the morning, and suddenly sprang into activity in the last hour, shows a gain of 1½ per cent.; Louisville and Nashville is up 1¼. Other features in the unusually active stocks are for less than 1 per cent. There was an extraordinary amount of business done in Erie, which rose ⅛, and Union Pacific made an equal advance on a very small business. On sales of only 9 0 shares Canadian Pacific shows an advance of 3½ per cent., and of the other inactive stocks Canada Southern is up 1 per cent. St. Paul also shows a net gain of 2¼ and New Jersey Central 2 per cent., the other advances in the active list being for less than this amount. The total sales were 1,56,800 shares, which is 74,000 less than for the preceding week of fifty five days. The sales of stocks to-day aggregated 347,300 shares, including Central Pacific, 48 0; Delaware, Lackawanna and Western, 22,122; Erie, 11,230; Kansas and Texas, 58,0; Lake Shore, 38 440; Louisville and Nashville, 16,970; Northwestern, 10,115; New Jersey Central, 4503; New York Central, 33,244; St. Paul, 24,040; Union Pacific, 8030; Western Union, 40,658. CHICAGO, July 11,--The fact that the government estimates as to the probable wheat yield exceeded the estimate of June 1st, making the probable crop 383,000,000 bushels, was contrary to the general expectation of the trade, and considerable wheat purchased yesterday in expectation of an advance was thrown on the market, which caused prices to break ½c from the latest figures yesterday. A reaction followed later in the day which carried prices up ½c, and the market finally closed about ½c under yesterday. Reports of bad weather in Europe had some effect in partially sustaining values, and was accountable for the later firmness. The receipts were fair and shipments moderate. Speculation in corn was again limited, and with larger receipts the feeling was easier and prices a shade lower, closing about ½c under yesterday. Trading in oats was slow, and prices averaged ¼@½c lower. There was no special feature of any character developed in the trading. Flour was dull and unchanged. Wheat opened ½c lower with free selling, declined ½c additional, rallied ¾c, fluctuated and closed ½c under yesterday. Sales ranged: July, 88½@87c, closed at 86½c; August 87½@88½c, closed at 88½c.
