REAL ESTATE FOR SALE
PENNSYLVANIA—SUBURBAN

Why Buying a Home Now Is Advisable

All over the country there has been noted a recent increase in the number of home owners.

The reasons are manifold.

1. There is every indication that rentals will be higher than ever this winter.

2. Because of the abnormal economical conditions now existing, no investment is considered as secure as the purchase of a home.

3. Owning your own home raises your standing in the community. A householder is always regarded as a direct asset to his own neighborhood, to the city, and to the entire nation.

If you intend buying real estate, see WM. H. WILSON & COMPANY about it first.
