WOMEN DISCLOSE SERVICE IN STATES

48 Club Presidents at Chautauqua Session Tell of Work Done Throughout Country

PLAUDITS FOR WORKERS

Chautauqua, N. Y., June 28.—State Presidents' night, that most satisfying event or section in a convention program, was staged last night. The pageant of presidents, when women from forty-eight States advanced in procession to the platform, each carrying her State banner and singing in concert "Onward, Christian Soldiers," was the climax of impressiveness as a picture. But when later each of these women told in concise phrases the separate records of the club work in her State the practical mind was satisfied. Then the question as to the usefulness of women's clubs was answered; in fact, the question no longer remains, and in its place are plaudits for the earnest, unselfish service given.

In the morning session the resolutions previously introduced were acted upon. Those adopted related to Indian welfare, construction of a dam on the Colorado River and reaffirmation of the federation's attitude on the Towner-Sterling bill.

It was voted to adopt as the official song "America, the Beautiful"—the words by Katherine Lee Bates with setting of the old hymn "Materna." With a mighty vim that song was given as soon as the resolutions were adopted.

From Mrs. Winter came the resolution calling for the substitution of conference methods in settling national and international questions. It called also for the teaching of history in terms of achievement rather than in terms of war. It called for renewed energy in educating popular thought toward arbitration.

The final report of the Credentials Committee showed the total voting strength of the convention to be 1228. Illinois with 108 has the largest voting delegation. Pennsylvania ranks high with eighty-eight of its delegation of 240 eligible to vote.

The names put in nomination for election later in the week carry Mrs. Winter unopposed for the presidency. The unrestrained applause following the announcement indicates the election will be only a matter of form; the result is assured.

The Department of Fine Arts in the morning session presented the case for music, literature and art, each under a separate division of the department under Mrs. Rose V. S. Barry, of California. For music, Mrs. Marx Oberndorfer, in outlining its power in the community, told of the changed attitude to encouragement and appreciation of music and for American music in particular. For establishment of an American opera house and support of the David Bispham Foundation she made a strong appeal.

Art for its practical as well as cultural beauty was the subject of Mrs. Walter T. Little, of Massachusetts, who definitely indicated why art is a necessity in everyday life. The billboard nuisance came up for a scoring in this symposium, garden craft, school grounds and home-making art receiving justifiable encomiums in equally vehement description.

Literature outlines were given from the platform, and a wealth of suggested reading that depicts the rise of literature was distributed. That 64 per cent of the population have no library facilities was given out as challenge, as the women were asked to stand for better books and for more readers of such books.

Prison problems and prison reform constituted a conference topic in the afternoon. The value of these State-to-State meetings is ever apparent when such country-covering topics come up.

DR. W. H. THEEL MAY REGAIN HIS PHYSICIAN'S LICENSE

Attorney General Rules Board Had No Right to Punish Doctor

The Bureau of Medical Education and Licensure exceeded its authority in revoking the license of Dr. William H. Theel, of this city, who pleaded guilty to a charge of illegal advertising, the Attorney General's office ruled today.

Dr. Theel never was sentenced, and raised the point that his plea of guilty was not a conviction and that violation of the Advertising Act of 1919 did not constitute an offense involving moral turpitude.

"In view of the fact that there was no sentence in this case," says the opinion of the Attorney General, "I do not believe there was such a conviction as would sustain a revocation of a license to practice medicine.

"I am doubtful, also, if the misdemeanor of which Dr. Theel was convicted is one involving moral turpitude."

Striking of the case from the records is recommended.

WIFE'S AVENGER ACQUITTED

John C. Anderson Killed Man Who Made Insulting Remarks

Media, Pa., June 28.—John C. Anderson, of Juniper and Race streets, Philadelphia, who shot and killed J. C. Kohler, Darby Creek, on May 10, was acquitted yesterday. The shooting followed alleged insulting statements by Kohler, reflecting on Mrs. Anderson. There were twenty-two character witnesses called by the defense.

The courtroom was filled with several hundred friends of Anderson and they cheered the verdict of acquittal. One woman occupied a seat on the jury.

G. B. SHAW GETS $500,000 FILM OFFER FROM U. S.

Two Scenarios a Year for Five Years Are Asked

London, June 28.—George Bernard Shaw has been offered $100,000 a year for five years by an American syndicate to produce two motion-picture films each year. The author made this announcement himself at a dinner of the Society of Authors in London.

Declaring that the cinema rights of a single story might be worth $50,000, he urged young authors not to be too ready to give concessions to cinema producers or literary promoters, among whom, he said, there was, unfortunately, no absolute standard of honesty.

"A man who sells a table or a chair charges no more than the cost of the article plus a reasonable percentage of profit," he said, "but nothing of the kind applies to the publishing, theatrical or cinema business. The truth is the whole thing is a gamble, and producers who make perhaps one success in ten or twenty ventures want to make that success pay for all failures."

BANKER APPOINTED TO N. J. CANAL COMMISSION

Governor Edwards Names E. L. Young as Third Member

Trenton, June 28. — Edward L. Young, of Jersey City, has been appointed by Governor Edwards to succeed Judge William H. Speer as the Hudson County member of the commission of three appointed to investigate and approve terms for the abandonment of the Morris Canal. The other members are Frank H. Sommer, of Newark, dean of the New York Law School, and Louis A. Fecht, engineer of the State Tax Department.

Thomas L. Raymond, City Commissioner of Newark, who has been mentioned as a possible aspirant for the Republican nomination for United States Senator, was appointed by the Governor to fill a vacancy on the North Jersey District Water Supply Commission. He will continue to serve as City Commissioner.

The Governor also appointed William H. Smathers, of Atlantic City, to succeed Robert H. Ingersoll as Common Pleas Judge of Atlantic County. Judge Ingersoll resigned to become Vice Chancellor and will assume his new office next Saturday.

SOMERSET COUNTY HOPES HARDING WILL FARM THERE

Much Interest Shown In Evening Public Ledger Announcement

Special Dispatch to Evening Public Ledger

Somerset, June 28.—Somerset County manifested a lively interest in yesterday's EVENING PUBLIC LEDGER announcement that President Harding has decided he wants to be a farmer. Somerset, the county seat, is agog with enthusiasm at the prospect of the President locating in this neighborhood, since the EVENING PUBLIC LEDGER stated that the Nation's Chief Executive wants his farm in Western Pennsylvania, somewhere near Somerset.

The story is given credence here specially from the fact that the magnificent country estate of Andrew W. Mellon, of Pittsburgh, Secretary of the Treasury, is just across the Laurel Hill mountain from Somerset, near Ligonier. President Harding has been entertained at the Mellon country place, and is understood to have been particularly impressed with environment, natural scenic beauty of the mountainous regions of Western Pennsylvania, all the surroundings being admirably adapted for a presidential country home.

Somerset is not inexperienced in entertaining Presidents, having had that distinction when the late President William McKinley spent part of his summers at the Somerset home of his brother, the late Abner McKinley, and permitted to repeat her hospitality in is thrilled at the prospect of being case President Harding comes here.

OCEAN CITY
NEW JERSEY
—the resort whose fame is fast spreading as the Mecca for enthusiasts of rod and reel. Nowhere along the coast will the followers of Izaak Walton find superior fishing grounds.
Then there are sailing parties, motor-boating and yachting regattas that offer the thrills and exhilarating sports to those who revel in real seashore pleasures.
