CITY NEWS.

TOWN TALK

Frederick Roach sells Rambler bicycles on easy terms. 519 Hennepin avenue.

Bart's Cartoons for 1902 on sale at The Journal counter for 25c; by mail, 35c.

Hennepin camp No. 44, W. O. W., has elected Paul C. Hirschy banker and treasurer for the remainder of the year.

Subscribe for all magazines, papers, etc., and get your binding done at Century News Store, 6 Third street, near Hennepin avenue.

Before leaving the city for the summer protect your jewels, valuable papers and silverware by depositing them in the vaults of the Minnesota Loan & Trust Company.

Albert Arnold in police court this morning was charged with stealing a sealskin coat from Miss Gowdy of the Washington school. He asked for an examination and the hearing was set for Monday.

Fowler fraternity will have an open meeting in Fowler church Sunday morning when T. B. Walker will speak on "Why Does Providence Hide His Individuality From Us and What Has He Given in Its Place."

Minneapolis Lodge No. 1, K. P., will hold an informal reception for Judge M. A. Spooner, an enthusiastic member of the order, in the Masonic Temple this evening. The second rank will be conferred upon several candidates.

A meeting of the police emergency fund committee will be held in police headquarters Monday at 3 p. m. The principal matter of business to come before the meeting is to arrange for the annual picnic of the department.

The university musical department under the direction of Professor Emil Oberhoffer will present Haydn's oratorio, "The Creation," in the university chapel Friday evening, May 15. The musical department was installed but a year ago and this is the first time the students have attempted any concert work on a large scale. They will be assisted in the solo work by a number of the city's best singers.

From Spring Overcoats to Fancy Vests. Everything at the "Plymouth Corner."

$2,500 For an Injured Toe.

William F. Jurish stubbed his toe on a nail in the sidewalk recently and brought suit against the city for $2,500 damages. The case is now on trial before Judge Brooks.

Oxfords—Oxfords.

More popular this season than ever. The practical, comfortable summer shoes. See our tremendous assortment and get fitted while we have all styles and sizes. Nickel Plate.

Do you want to buy, sell or exchange anything? If you do, you must tell folks. The best way is to insert an ad in The Journal's Classified Columns.

SIMPLY BREATHE IT.

A Few Minutes' Use of Hyomei Four Times a Day Cures Catarrh.

The pleasantest, most convenient and the only scientific method for the treatment and cure of catarrh is Hyomei. Simply put twenty drops of Hyomei in the inhaler that comes with every package and then breathe it for a few minutes four times a day.

It seems remarkable that so simple a way of treating catarrh will effect a cure, but the most important discoveries of science have always been the simplest. By breathing Hyomei in this way every particle of air that enters the air passages of the throat and head and goes into the lungs is charged with a healing balsam that kills the germs and bacilli of catarrh and soothes and allays all irritation.

The first day's use of Hyomei will show a decided improvement, and in a short time there will be no further trouble from catarrh. Its action is rapid and lasting.

You take no risk in buying Hyomei. A complete outfit costs $1, and if after using you can say that it has not helped you, Voegeli Bros. will return your money. What other treatment for catarrh is sold under a guarantee like this? None other has sufficient merit.

NO WAY TO PAY THEM

Sheriff Expected to Pay New Assistants from Funds That Do Not Exist.

C. L. Smith Indicates Apparent Flaws in Other New Laws Affecting Hennepin.

Sheriff J. W. Dreger's new assistants, authorized by the last legislature, may go begging for their pay. A test by the first of next month, if not sooner, will thoroly define the situation.

C. L. Smith, attorney for the board of county commissioners, has given the opinion that the law providing that salaries of these employes shall be paid from funds in the treasury not otherwise appropriated is not effective because there are and will be no such funds. He has informed the two appointees of his opinion, and, acting upon his advice, the county commissioners will undoubtedly refuse to pay this month's salaries, and then will come the test.

This lack of unappropriated funds will affect other bills passed at the last session of the legislature. Among them is "an act providing for a contingent fund in each county of the state for the use of the county attorney for the payment of such expenses as necessary and not otherwise provided for in the trial and preparation for trial of criminal cases," etc., and also "an act relating to the act of probation officer," and increasing his salary.

The lack of funds not appropriated is explained by Assistant County Smith in a report made to the board of county commissioners as follows:

"Inasmuch as the moneys appropriated under the present and prior existing laws for expenditures for the present year is $422,000 and according to law these amounts cannot be used for any other purposes than to which they were appropriated, and inasmuch as in estimating the balance to be brought over into this year it was estimated at about $10,000 more than actually remained to be brought forward, and inasmuch as by another law hereinbefore cited, the revenues from penalties and interest on taxes for the amount for this year will be, according to the auditor, about $15,000 less than was estimated, which for all other items were exactly estimated, there will be a deficiency of some $25,000 in the moneys that will be collected, to meet the expenditures hereinbefore provided for and inasmuch as there has to the present time been collected only the sum of $146,000, which is apportioned to the funds aggregating $422,000. To date this leaves a deficiency of $276,000 yet to be collected for the moneys heretofore apportioned. There are no funds in the county treasury 'not specially appropriated or set aside for other purposes,' and it is possible that there will be none and until there are such funds this law cannot be made operative for this year."

New Laws With Flaws.

In the list of laws directly affecting the board of county commissioners as prepared and discussed by Mr. Smith, several are set down as being unconstitutional and incapable of enforcement. Among these probably the most important is:

"An act requiring county commissioners in all counties of this state having a population of 200,000 inhabitants or more to give a bond to the state of Minnesota for the faithful performance of their duties as county commissioners." The question of unconstitutionality is raised on the grounds that the law is special legislation and that a classification on population in order to be legal must have some other reason behind it. Notwithstanding this fact the commissioners intended giving the bonds until it was suggested that there was nothing in the bill to show whether the bond was penal or a bond for liquidated damages. If the latter, any mistake made would result in the forfeiture of the whole $10,000 and when advised along this line the commissioners refused to give the bonds until the matter was tested. The act is effective May 1, but no bonds have been given and will not be until something further is done and a test case is made.

The act compelling Hennepin county to refund money paid in as inheritance taxes is also classed among the unconstitutional laws as being special legislation and will probably be tested.

"An act to provide for the care and control of the courthouse and city hall building erected pursuant to chapter 395 of the special laws of 1887," is one of the branded and according to Mr. Smith is unconstitutional because it is an amendment to a special law and also because its title is faulty. A test will probably be made.

Another law believed to be faulty is that providing for the establishment and maintainance of the law library in the courthouse. This, however, is believed to be a good thing and will not be fought.

Laws Affecting Hennepin.

Other laws passed which affect the county commissioners and the county government are given as follows:

"An act for the election of a vice chairman of the board of county commissioners. Andrew J. Smith has already been elected.

"An act to amend section 673 of the general statutes of 1893, relating to the change of school boundaries."

"An act fixing the salaries of county commissioners." No change for Hennepin county.

"An act to provide for the payment of expenses incurred in the control of infectious or contagious diseases." This law is a radical change and provides that the county shall pay only half of the expenses thus incurred, and has rendered necessary the dispensing with the services of Dr. Kistler, as county health officer.

"An act providing for the disposition of money received for liquor licenses in townships outside of the incorporated cities and villages." Chapter 201 gives to the county only one-half of the liquor licenses and chapter 265 requires the county to pay licenses refunded.

The new fee bill for the clerk of the district court, increasing the income of his office.

An amendment to the law relating to the distribution of penalties, costs and interest on real estate taxes. Under this law the revenue of the county will be decreased according to the estimate of the deputy auditor, $15,000 per year.

The act regulating the salaries, duties and help of county officers.

An act permitting counties to wage a war of extermination upon crows.

THE WEATHER PREDICTIONS

Minnesota—Partly cloudy to-night and Saturday with possibly showers in east and south portions; warmer in east portion to-night; fresh southerly winds. Wisconsin—Generally fair to-night and Saturday except possibly showers in west portions; warmer Saturday and in west portion to-night; fresh southeast winds. Upper Michigan—Generally fair to-night and Saturday; fresh northeast to east winds. Iowa—Partly cloudy with probably showers Saturday and in west portion to-night; warmer in east portion to-night; fresh to brisk southerly winds.

North Dakota—Partly cloudy to-night and Saturday, with possibly local showers; variable winds. South Dakota—Partly cloudy to-night and Saturday, with possibly local showers; cooler to-night in north central portion; variable winds. Montana—Cloudy to-night and Saturday, with probably showers in eastern portion; variable winds.

Knox Hats—Hanan Shoes. Plymouth Clothing House, sole agents.

TWO CHURCHES ADMITTED

Minneapolis Baptist Association Two Churches Larger Than Before.

Trinity church of this city and the new Ogilvie church were admitted yesterday by the Minneapolis Baptist association at its annual meeting in Calvary church. A request for a statement of what led to the formation of Trinity church was ruled out, as the statement had been read at the meeting of the council Monday night.

Rev. J. F. Hill of Northfield was made moderator and Rev. G. F. Holt of Minneapolis secretary. Rev. G. H. Gamble delivered the annual sermon. Rev. E. R. Pope, superintendent of state missions, reported a membership in the association of 4,739, and that $37,640 had been raised during the year, which sum did not include the Calvary church report, as it had not yet been submitted. The disbursements for benevolences were $15,790, or $2,000 in excess of the previous year.

A history of Chicago Avenue Baptist church was read, after which Rev. Dr. W. W. Dawley of Minneapolis spoke in the interest of the Minnesota Education Society, whose mission is to help young men and women to obtain a good Christian education. He was followed by Dr. Ford of Pillsbury academy, who spoke of the advantages of Pillsbury academy. He told of the new boys' dormitory under construction, and asked that the best students be sent there for their education. G. F. Taylor gave the plans for the Minnesota Baptist summer assembly, July 26 to Aug. 10.

At the evening session Dr. Dawley preached the doctrinal sermon, taking for his subject "Christ, the Exegete," showing how Christ interpreted God to man—his nature, his purpose and his heart. Mr. Pope followed with a talk on the subject of "Wanted."

Philadelphia Lawn Mowers, at Gardner Hardware Co., 304-6 Hennepin.

TO ESCAPE HIGH RENTS

Many Persons in Different Parts of the City Are Building Small Shacks.

The erection of homes costing from $75 to $300 threatens to make a shantytown of parts of Minneapolis. These houses are being built because rents are up.

"I think this is a deplorable condition," says Jesse Wakeman of the building inspector's office. "In my opinion it is the result of short-sightedness on the part of our real estate men. They have been raising rents around the city so as to impress upon the people that it is better to own their own homes.

"On the face of it this looks well; but the actual result is that many handsome districts of the city are being ruined, and if this thing continues no one who wishes to put up a handsome residence will invest in districts where these shanties are numerous.

"It is only by questioning that I have discovered just what is going on. I noticed that a great many people were coming in for permits for barns and sheds. When questioned, they admitted that they expected to live in these buildings."

Builders' Hardware, Lowest Prices. Gardner Hardware Co., 304-6 Hennepin.

A QUADRIGA BY FRENCH

An Artistic Bronze to Surmount the Capitol Entrance.

Daniel C. French, the eminent sculptor, will design and model a bronze group to surmount the entrance of the new capitol. The commissioners have decided to add this feature, in view of the increased funds now available.

The group will be a quadriga, following the design of the group supplied by Mr. French at the court of honor on the World's Fair grounds. This group consisted of four horses harnessed to a Roman chariot, led by two classic figures, while another figure drives in the chariot. The entire group will be in bronze on a bronze base.

Mr. French has already done work on the capitol, being the designer of the six figures in marble over the main entrance. He is also the sculptor of the John S. Pillsbury statue on the university campus.

Lawn Mowers, Hose and Rakes. Gardner Hardware Co., 304-6 Hennepin.

SEWER WORK BEGINS

Three Crews Started Work To-day and More Will Soon Get Busy.

Three crews were started on the new sewer work this morning as follows: One on Lake street near Fourteenth avenue S, another on Franklin and Irving avenues and the third on Columbus avenues near Lake street. Sewer Engineer Carl Ristrup is organizing another crew to start tomorrow at Beacon and Oak streets, and two more to go to work next Monday, one on Kenwood parkway and the other on Polk street NE. Work will also begin in a few days on Twentieth avenue N beyond Aldrich. There is only about $85,000 available for sewer work this season and unless the $500,000 of improvement bonds are sold the work will not last long this season.

Special sale 100 Lawn Mowers at Gardner Hardware Co., 304-6 Hennepin.

PRISON SITE CROWDED

Addition Now Contemplated Will Take Last Available Space.

Chairman Martin and Judge Gould of the state board of control held the monthly meeting of the board at Stillwater yesterday and decided to have plans drawn for the construction of the two new cell wings, to add eight cells. When these have been built all the available space on the present site will be taken. When more room is needed a few years later there will have to be a new prison built in another location.

Three prisoners were discharged and ten paroled.

A New Land and Lumber Company.

The Hill City Land, Loan and Lumber company is the title of a new corporation which has filed articles of incorporation with the secretary of state. The incorporators are Edwin L. Buck, president, of Minneapolis; J. Emerson Greenfield, secretary and treasurer, Manson, Iowa; James Harper, vice president, Minneapolis; James E. Gill, general manager, Hill City, Minn. The capital stock is placed at $100,000 and is all subscribed and fully paid up. The principal place of business is to be at Hill City, Aitkin county, Minnesota, where the company owns the growing townsite of Hill City and some 35,000 acres of hardwood and meadow and agricultural lands which are being disposed of to settlers. It is said this company owns some of the most extensive bodies of hardwood saw timber and cedar lands in Minnesota, which are directly on the line of one of the new proposed lines of railway to be built north from the twin cities. The Hill City Land, Loan and Lumber company absorbs all the holdings of the firm of J. E. Gill & Co. of Hill City. J. Emerson Greenfield has for years been vice president and active in the management of the Bank of Manson, Manson, Iowa, and individually owns several thousand acres of land in the southern part of Itasca county. Mr. Greenfield will build a new home at Hill City and is now improving some of his farm lands there. Messrs. Buck, Harper and Gill are quite well known here by their energetic connection with the colonization of the Hill Lake district in Aitkin and Itasca counties.
