In Labor's Field.

TO START THINGS IN STILLWATER

THE FEDERATION COUNCIL ARRANGES A MASS MEETING.

Union Matters Have Not Moved Fast Enough to Suit Council—Meeting Will Be Held Saturday Evening—M. E. Neary, President of State Federation, Will Speak.

Great interest is being manifested by members of organized labor in a mass meeting to be held in Stillwater Saturday night under the auspices of the executive council of the State Federation of Labor. Interest in union matters has been at a standstill in the prison city, and this mass meeting will be held in an endeavor to bring about a more healthy condition. Members of the federation council will proceed to Stillwater Saturday afternoon and remain over until Sunday, when the regular monthly session of the council will be held. Addresses will be made at Saturday evening's meeting by M. E. Neary, president of the state federation; W. E. McEwen, secretary; William Templeman, president of the St. Paul Trades Assembly; Charles E. James, chairman of the federation council, and a number of Stillwater men.

MILL EMPLOYEES

Preparations Well Under Way for the International Convention.

A charter has been issued by the officers of the International Union of Flour and Cereal Mill Employees to the Natural Food Operatives' Union of Niagara Falls, N. Y. The new organization starts with about 400 members, 250 of whom are females.

George P. Darth, who is "on the road" for the international, is at Clinton, Iowa. After visiting Cedar Rapids and Des Moines, Mr. Darth will return to Minneapolis some time next week.

Active preparations have begun for the annual convention of the organization, which will be held at Cedar Rapids in June. W. E. Tudor, president of the International union, will visit Minneapolis before the convention in order to go over the records before making his report to the convention. Mr. Tudor is now in the south for the union.

At the meeting of the executive board of the international union, held at the offices in the Corn Exchange last Sunday afternoon, W. P. Doyle of local No. 2 was elected to succeed James E. Larkin as a member of the general executive board.

S. E. Shannon of local No. 2 has been elected a delegate to the Trades Assembly in place of James E. Larkin, deceased.

General Secretary A. E. Kellington reports eighty-six charters issued up to this week.

STOKKE LEAVES TOWN

Accepts Position with Great Northern at Havre, Mont.

Steps are being taken to effect a consolidation of the molders, machinists and patternmakers, under the plan proposed for the formation of the Federated Metal Trades Alliance. An effort may be made to include the blacksmiths and boilermakers, and ultimately all metal workers.

Edward Stokke, president of Machinists' union, No. 1, has gone to live at Havre, Mont. Mr. Stokke's removal will necessitate the election of a successor to the office of president, which will be held at the next meeting of the union. A. B. Gray, vice president of No. 91, has left Minneapolis to accept a position in the Northern Pacific shops at Brainerd, and the vacancy thus made will be filled at the same time.

Charles E. Burch, business agent of the twin city machinists' union, has been attending the meetings of the Stillwater lodge under instructions from the international association. He will be in Stillwater again on April 18.

NEW GARMENT FACTORY

Definite Action May Be Taken at Meeting Saturday Night.

Still "in the air" is the proposed plan for the establishment of a co-operative garment factory in Minneapolis to provide employment for the members of the Garment Workers' union who are out of employment because of the recent trouble between the union and Robitshek, Frank & Heller. The committee held a meeting this week and a report was made that local business men were willing to become stockholders in the new concern, and if necessary give aid in managerial capacity. Members of the committee profess to be very much encouraged at the outlook. Another meeting will be held Saturday evening, at which it is expected a decision to go ahead with the undertaking or abandon it altogether will be arrived at.

Painters Will Dance.

The Painters' Jollification club will give a dance and supper at Alexander's hall Saturday evening. The club has had a successful season, which will close with another dance next month. In the summer the members will participate in a number of pleasure trips and excursions.

LABOR NOTES.

At a meeting Tuesday night, P. F. Jordan was elected business agent of the Stonemason's Union.

An open meeting is to be held by the Blacksmith's Union, at Alexander's hall, to-morrow night.

Duluth Building Trades Council is considering the employment of a business agent. The matter has been referred to the affiliated unions.

J. Arlinghouse, W. Job, G. Early, R. Stevens, G. Davitt and F. H. Schuette constitute a committee appointed by the Photo-Engravers to arrange for a smoke social to be held soon.

St. Paul Ice Wagon Drivers' Union has reached an agreement with the employers. The scale in effect last year will prevail the coming season, which arrangement is satisfactory to both sides.

A. J. Miller, a member of Carpenters' Union No. 7, who met with an accident some time ago which compelled him to give up his work as a carpenter, has graduated as an optician and is located in Minneapolis.

Circulars are being sent out by the officers of the International Boot and Shoe Workers' Union announcing that the sum of $100,000 is to be spent the coming year in advertising the union label and union label goods.

Applications for membership in the Painters' Union are coming in at a very satisfactory rate. This is in part due to the agreement between the union and the bosses. Over fifty applications have been received this spring.

F. L. Witters, fifth vice-president of the Electrical Workers' International Union who was in Minneapolis, St. Paul and Stillwater the past week on business in connection with the international, has returned to his home in Omaha, Neb.

The executive board of the American Federation of Labor will convene at Denver, Col., next Monday. Many questions of vital importance to western labor unions will be considered, and an effort will be made to settle the Colorado miners' strike.

Acting under instructions from the officers of the American Federation of Labor, the local Federal Labor Union is granting withdrawal cards to such of its members as are not eligible to retain membership under the recent ruling of the A. F. of L.

The Twin City Stereotypers' Union elected the following officers: President, Charles D. Gray, Minneapolis; vice-president, Charles Bircher, St. Paul; secretary-treasurer, W. F. Smith, Minneapolis; sergeant-at-arms, N. Simonet, St. Paul. The union will meet in St. Paul on May 5.

Second Vice-President Unger of the International Printing Pressmen and Assistants' Union has been in the twin cities for several days looking after matters in connection with the local unions. The scale controversy of the Minneapolis union will be settled by arbitration; also the dispute in St. Paul.

P. H. Redmond has been elected to represent the local Steamfitters' Union at the international convention to be held in St. Louis next June. The Minneapolis local will entertain the St. Paul union at a smoke social at Alexander's hall to-night. An invitation has been extended to the officers of the Building Trades Council to be present.

The London, Eng., Society of Compositors, with 11,270 members, has a reserve fund of $861,000. Nearly $80,000 was paid to unemployed members last year. The society maintains 330 superannuated members, who received during the year $33,000 from the general treasury. The funeral benefits for the twelve months reached a total of $11,740.

Dedication of Illinois Monument Shiloh Battlefield, Tenn., May 17 and 18, 1904.

For this occasion the Chicago Great Western railway will on May 14, 15 and 16 sell round trip tickets to Cairo, Ill., or Paducah, Ky., at the rate of one fare, good returning until May 23. For further information apply to L. C. Rains, Gen. Agt. corner Nicollet avenue and Fifth street, Minneapolis.

YANKTON COLLEGE ENDOWMENT.

Mobile, Ala., April 15.—Dr. D. K. Pearson left to-day for his home in Chicago. He says he will endow a college at Yankton, S. D., one in Oklahoma and one at Winter Park, Fla., in commemoration of his birthday.

The skin of one of the largest grizzly bears ever killed will be exhibited in Colorado's section in the Forestry, Fish and Game building at the St. Louis world's fair. The bear was killed recently by Jacib Getts of Delta, after it had wrought incalculable damage to stock and horses.

Greatly Reduced Rates to the West.

Every day in March and April the Chicago Great Western Railway will sell tickets at very low rates from St. Paul or Minneapolis to points in Idaho, Utah and California. For full particulars apply to L. C. Rains, General agent, corner Nicollet avenue and Fifth street, Minneapolis.

KILL THE SERPENT

The worst disease the world has ever known, and the greatest scourge to the human race, is Contagious Blood Poison. One drop of the virus of this most horrible of all diseases will pollute and vitiate the purest, healthiest blood, and within a short time after the first little sore appears the system is filled with the awful poison and the skin breaks out in a red rash; the glands of the groins swell, the throat and mouth become ulcerated, the hair and eyebrows drop out, and often the entire surface of the body is covered with copper-colored splotches and sickening sores and eruptions. Contagious Blood Poison is as treacherous and elusive as the serpent. You may be carrying it in your veins with no visible evidences of its existence; for while mercury and potash seem to cure and all external signs disappear, the disease is doing its destructive work within, or the patient is constantly harassed by returning symptoms and unmistakable traces of the blood poison. Thousands of physical wrecks and chronic invalids from the effects of Blood Poison know the uncertainty of the mercury and potash treatment—that it stifles but does not kill the serpent. As long as there is life in the serpent there is danger in its fangs; and while your blood is tainted there is danger of infection. Safety lies only in crushing out the life of the loathsome disease and killing the serpent. For many years S. S. S. has been known as an antidote for Blood Poison. It is a remedy composed entirely of vegetable ingredients, and we offer $1,000 for proof that it contains the least particle of mercury, potash or other mineral. It thoroughly purifies the blood, improves the appetite and digestion, and tones up all parts of the system. In chronic and long-standing cases of Blood Poison, S. S. S. acts promptly and without leaving any bad after-effects.

After suffering twelve years from Contagious Blood Poison, and trying the best physicians obtainable, and all the patent medicines procurable, and steadily continuing to grow worse, I gave up all hope of recovery, and physicians pronounced my case incurable. Hoping against hope, I tried S. S. S. I improved from the first bottle, and after taking twelve was cured sound and well, and for two years have had no return or symptom of the vile disease.

Sour Stomach

"I used Cascarets and feel like a new man. I have been a sufferer from dyspepsia and sour stomach for the last two years. I have been taking medicine and other drugs, but could find no relief only for a short time. I will recommend Cascarets to my friends as the only thing for indigestion and sour stomach and to keep the bowels in good condition. They are very nice to eat."
