WINNIPEG BUILDING PERMITS FOOT UP $8,500,000.

May Run Close to Ten Millions Before the Close of the Year—Wheat Receipts at and Shipments Out of Fort William—Deliveries Heavy at Western Points.

Special to The Journal.

Winnipeg, Man., Oct. 22.—The special correspondent of the Commercial West of Minneapolis says that Building Inspector Rogers of Winnipeg, reports that up to date 1,552 building permits have been issued this year, covering 2,017 buildings, to cost an aggregate of $8,537,000. At the same date a year ago the permits numbered 1,040 on 1,351 buildings, to cost $5,237,250, and it is not unlikely, owing to several proposed new buildings of a large size that may be started this year, that the permits to be issued before the end of this year will run the cost of construction up to $10,000,000.

Business in Winnipeg is fairly good. The weather has been so mild that the fall trade has suffered slightly, but this has meant a gain in the wheat fields. Real estate business where actual demand for building purposes is concerned is good, but for speculation little will be done until after the elections.

Fort William Wheat Receipts.

About 2,000,000 bushels of wheat up to date, all of the new crop, has arrived at Fort William for shipment by the lake route. The shipments east of Fort William have kept pace with the storage from the west. About 600,000 bushels have been carried away by vessels and the harbor is now filled with Canadian vessels waiting to be loaded with grain. Most of these have been bringing in coal and steel, so far there has been no American boat taking cargoes of wheat. The freight shipments by rail from Fort William west from cargoes being unloaded there are very heavy and on Tuesday 162 cars were shipped.

In western points wheat deliveries are becoming very heavy and the Canadian Pacific railway has every available boxcar and train crew pressed into service. On Sunday 400,000 bushels left Winnipeg for Fort William. Some complaints of car shortage have been heard, but so far the trouble has been of little extent. A large percentage of the farmers are loading wheat by platform, which is a much slower process than by loading thru the elevators. The Manitoba grain act, however, provides that in cases where farmers desire cars to load direct they shall have the same privilege as the elevator companies.

Railway Notes.

Forty-one new locomotives have been received by the Canadian Pacific railway for the west. These engines are of a new type, single cylinder, to have eight driving wheels and a pony truck in front.

Chief Engineer Tye of the Canadian Pacific railway states that the most important movement in the engineering department outside of the construction of new lines is in the reduction of grades between Swift Current and Moose Jaw, and between Winnipeg and Fort William. This is an important work, as the grades are being reduced from fifty to twenty feet a mile, and has the effect of doubling the haulage capacity of an engine.

Construction work on the Canadian Northern will be carried on all winter.

Forecasts German Immigration.

Professor Alwin Opel of the University of Bremen, Germany, was a visitor in Winnipeg this week. He has made an extensive tour thru the United States and Canada for the purposes of observation and study, and says that the Canadian towns in rural districts compared very favorably with similar towns in the United States.

"It is a great pleasure to us in Europe to know that the Canadian government is to build a new imperial transcontinental railway," he says. "The project is in its boldness worthy of the Canadian people and the young Canadian nation. An immense extent of new territory, and tens of thousands the new railway, and tens of thousands of Germans will pour in to fill the vacant land. The United States has no more cheap land, and our people must look elsewhere. Thousands of them are now turning to Canada, and the building of the new railway lines will attract an immigration that will make the past immigration insignificant."

POPULISTS AGGRIEVED

Mrs. Dougherty Declined Their Nomination and Accepted the Democratic.

MITCHELL, S. D.—The legislative ticket of the democrats of this county has finally been filled out. D. W. Collins and William Craig were selected by the executive committee for senator and representative respectively. In selecting a candidate for state's attorney the committee filed the name of F. H. Winsor, who on ascertaining what had been done immediately requested that his name be withdrawn. Mrs. Julia Dougherty of Mount Vernon was named for superintendent of schools.

Mrs. Dougherty was first nominated by the populist party over a month ago, but she thought there was not the slightest possibility of her election on that ticket, so she withdrew and accepted the democratic nomination. The populists feel they have been treated with scant courtesy.

Altho there are four county tickets there is very little political excitement, as everything is giving way to Mitchell's capital campaign, and the thousands who are brought here every day indicate a very lively campaign. In the afternoon and evening the Mitchell State band gives a concert and an address is delivered by a local speaker.

The term of circuit court for Davison county will convene Nov. 15. There are only a few cases.

The contractor who is putting in the new sewer system is making good headway. Over six blocks of mains have been laid and the work will be pushed until it becomes too cold to make any farther progress. The Mitchell Gas company has also commenced the construction of its plant, which will cost $3,000.

EVELETH, MINN.—Andrew Olson, a miner at the Spruce mine, was killed by a blast in a drift. He was 35.

To California with Cobb.

The next "Rock Island" California excursion under the direction of Mr. H. J. Cobb, will leave Minneapolis and St. Paul Oct. 26.

Only 3½ days to Los Angeles. For tickets, berths and full information, apply at Rock Island ticket office, 322 Nicollet avenue, Minneapolis. H. J. Cobb, Excursion Agent, or W. L. Hathaway, District Passenger Agent.

BOARD OF COUNTY COMMISSIONERS.

Minneapolis, Minn., Oct. 17th, 1904.

The Board of County Commissioners met in the Court House at 10 o'clock a.m., pursuant to adjournment.

Members all present.

A petition from John W. Pray et al., asking for a ditch in Sec. 35, T. 118, R. 23, and Sec. 3, T. 117, R. 23, in the Town of Orono, and a Bond for $250.00 to cover expenses in the matter, was received and placed on file.

A communication from J. A. Modesette, accompanied by a check for $75.00 tendered in payment for the old safe in the County Auditor's office at the old Court House, was read and referred to the Committee.

The Bond of Geo. Turnham and E. E. Talbert on Contract No. 240 was received and referred to the Committee on Ways and Means.

The application of Louis Zahrendt of Maple Plain for an Auctioneer's License was received and referred to the Committee on Licenses.

Mr. Hodgkins and others appeared before the Board and asked that the Excelsior and Brentwood road be opened at once.

Judge R. A. Jamison and others appeared before the Board and objected to the opening of the Excelsior and Brentwood road. The matter was referred to the Committee on Roads and Bridges and the Attorney for the Board.

Application of George A. Mason of Maple Plain for an Auctioneer's License received and referred to the Committee on Licenses.

At 11 o'clock a.m. the Board proceeded to open Bids for Printing Ballots for the General Election.

The following bids were received:

	Gen'l Election Ballots. Per 1,000.	Women's Ballots. Per 1,000.
