Taylor—Cassel.

A quiet but beautiful wedding of much interest throughout the State was solemnized last evening, when Miss Lucile Campbell Cassel, daughter of Mr. and Mrs. George Edward Cassel, of East Radford, Va., became the bride of James Quee Taylor, son of Charles Gairloch Taylor, of Ginter Park, the ceremony taking place in the drawing room at "Casselton," the lovely old Colonial home of the bride's parents, before an improvised altar of English ivy and ferns; quantities of LaFrance roses, and pink tapers being used everywhere.

The officiating minister was Rev. J. Harry Whitmore, of the Central Presbyterian Church.

The bride was gowned in a costume of sapphire blue broadcloth with trimmings of sable fur, and black velvet hat with paradise feathers. Her flowers were a corsage bouquet of pale pink orchids. There were no attendants.

After a Northern wedding journey Mr. and Mrs. Taylor will reside in Richmond.

ARGUE SEGREGATION CASE

Use of Thirtieth Street by Colored Family Is Before Judge Crump.

Judge Crump, of the Law and Equity Court, will to-day hear argument on a motion to dissolve the temporary injunction granted some months ago in what is known as the Thirtieth Street segregation case.

Some interesting phases of the race segregation ordinance are involved, in which the case differs from the Mary Hopkins case, now pending in the Supreme Court of Appeals. The title of the injunction suit is Mary Sullivan vs. Lula Willis.

The plaintiff is white, the defendant colored. They were neighbors and on friendly terms for thirty-three years. Lula Willis owns a house at 511 Thirtieth Street and another at 513. The trouble began when she attempted to change her residence from 511 to the house with the fateful "13" in its number. Mrs. Sullivan, who owned the house next door, protested. She appealed to the court to prevent the occupancy of the adjoining house by a colored woman, and obtained a temporary injunction.

John B. Welsh and Joseph Sadler will appear in court to-day as counsel for Mrs. Sullivan, and Alfred E. Cohen, who is representing the colored people involved in segregation cases in the Supreme Court, will appear for Lula Willis. Mr. Cohen will contend that the segregation law does not apply to the Willis property because his client has owned it for forty years, and the ordinance does not prohibit occupancy of a house by the owner where ownership antedates the passage of the ordinance.

Funkhouser—Rush.

[Special to The Times-Dispatch.]

CHARLOTTESVILLE, VA., September 2.—Hunter Funkhouser, of Harrisonburg, and Miss Gracie Rush, daughter of the late Augustus A. Rush, were married this evening at the bride's home on Anderson Street, Dr. H. W. Battle, of the High Street Baptist Church performing the ceremony. The wedding was a very quiet event, owing to the recent death of the bride's father.

The same minister officiated yesterday at the marriage of William Sprouse and Miss Katie Morris, both of Albemarle County, the ceremony taking place at the parsonage on Jefferson Street, in the presence of quite a company of friends.

WILL COST $5,000

State Auditor Moore Paying Bills of Chichester Investigation.

Less than one-half of the expense items to be paid by the State on account of the Chichester investigation at Fredericksburg have been reported to State Auditor C. Lee Moore for settlement. It is estimated that the investigation will cost the Commonwealth approximately $5,000.

The settlements effected by the Auditor yesterday amount to $1,481.80 paid out to members of the investigating committee, the sergeant-at-arms, his assistant, one page and some of the witnesses.

The audit of the accounts was completed by the committee, in the person of Walter Tansill Oliver, chairman, Wednesday night, and Mr. Oliver adjourned himself and departed for his Fairfax home.

WORKS OLD GAME

Sharper Gets Change Without Showing Imaginary Twenty-Dollar Bill.

J. N. Woodson, who conducts a grocery store at 608 South Pine Street, yesterday reported to the police that he had fallen a victim to a "send-groceries-with-change-for-a-large-bill" scheme. He said that he had sent change for $20 with two bags of flour, six bars of soap and a broom to an address on South Third Street when asked to do so by a voice over the telephone. His boy was sent. The boy claims that a man met him at the front of the house, took the groceries and change and entered the place. He did not return, and the boy noticed some time later that the house was unoccupied and for rent.

Postpone Polk Miller Benefit.

Owing to the inclement weather, the cabaret entertainment scheduled to be held last night at Bon Air for the benefit of the Polk Miller memorial fund has been postponed until next week. The exact date will be announced later. An attractive program has been arranged for the entertainment.

THUNDERER IS READY

Whitney Colt Receives Final Preparation for Futurity Stakes.

NEW YORK, September 2.—The Thunderer, the Whitney colt which races under the colors of L. S. Thompson, received his final preparation for the futurity in the second event at Belmont Park course to-day. Thunderer captured the event by an open length in a gallop; never being rally extended throughout the running.

Thunderer covered six furlongs (the distance of the futurity) in 1.10 4-5. There is no doubt that he will face the barrier a hot choice in the rich classic.

The Far Rockaway handicap went to Fenmouse, the Belmont filly, which lasted long enough to have her nose an inch or two in front of Luke as they shot past the winning post. Fenmouse was at 15 to 1, while Luke was a well-played second choice at 5 to 2. High Noon, the favorite belonging to James Butler, finished third.

In the Mineola stakes at six furlongs, Hidden Star, the hot 5-to-5 choice, took the track from the drop of the flag and galloped across the line with two lengths to spare. Hands Off beat Success, a strongly-backed second choice for the place money.

BALTIMORE WILL STICK

Fed Official Denies That Team Is About to Disband.

NEW YORK, September 2.—Taking cognizance of reports in circulation to the effect that the Baltimore team was about to disband, President Gilmore, of the Federal League, in a statement issued to-day made the following denial:

"These reports are all rot, and I wish to brand them as base figments of imagination. The Baltimore team is undergoing a process of elimination purely for the purpose of placing the strongest team possible there."

President Gilmore mentioned the names of several wealthy men, who are financially interested in the Baltimore club's affairs, all of whom, he declared, are in baseball to-day to stay, and ready at all times to spend any amount of money necessary to keep Baltimore on the baseball map.

FARMERS' BULLETIN

State Department of Agriculture Issues Valuable Publication.

The State Department of Agriculture has issued its September bulletin, a thirty-two-page pamphlet, which is now being mailed to farmers in all parts of the State by Director of Farmers' Institutes John J. Owen. This bulletin is of more than ordinary interest, containing many timely articles treating of a wide range of agricultural subjects. The more important articles are illustrated. Among the seasonable subjects discussed are the following: "Lime for Acid Soils," "A Good Cover Crop and Haymaker," "Avoid Imported Alfalfa Seed," "Stomach Worms in Lambs," "How to Preserve Cider," "Harvesting and Curing Cowpea Hay," "How to Make Good Vinegar," "Skim Milk Has High Food Value," "Sauerkraut," "Sweet Clover," "How Bots Get in Horses," "How Hogs Dip Themselves," "Crimson Clover a Useful Crop" and "Canning Soups on the Farm."

The bulletin may be obtained free on application to the Commissioner of Agriculture by mail. Commissioner Koiner is at the Sweet Springs enjoying a vacation, but will return to the city at the end of this week.

Relatives Seek Information.

Chief of Police Werner was asked yesterday in a letter from G. Bie Ravndel, consul-general at Constantinople, to forward information to him concerning John Baxevany, said to reside at 819 East Main Street. The man has not communicated with his relatives in eight months, it is said, and they are anxious about him.

PETERSBURG CHAPTER ELECTS NEW OFFICERS

Daughters of Confederacy Also Name Delegates to General and State Conventions.

DOING MUCH CHARITY WORK

White Stranger Is Struck by Train and So Badly Crushed That It Is Found Necessary to Amputate Both Feet.

PETERSBURG, VA., September 2.—At the annual meeting last evening of Petersburg Chapter, United Daughters of the Confederacy, officers for the ensuing year were elected as follows: president, Mrs. Robert D. Budd; first vice-president, Mrs. A. L. Davis; second vice-president, Mrs. Robert Hite; corresponding secretary, Mrs. Harvey Seward; treasurer, Mrs. J. Robert Bell; registrar, Mrs. J. W. Long; historian, Mrs. J. J. Nelms; custodian, Miss Nora Davidson.

The following delegates to represent the chapter at the State convention in Danville on September 21-24 and the general convention to meet in San Francisco on October 20 were elected: Mrs. R. D. Budd, Mrs. R. T. Meade, Mrs. A. L. Davis, Mrs. Wilkes Madison, Mrs. W. W. Townes, Jr.; Mrs. W. F. Drewry and Miss Virginia McKenney. Miss Annie Mann will attend the State convention in her official capacity as chairman of district No. 6.

The chapter, which has 181 members on its roll, has done much local charitable work during the past year, besides contributing to the relief fund of the Virginia division and supporting a room in the Home for Confederate Women in Richmond. It is now devoting its energies to the erection of a monument to General Mahone, and will soon begin an active campaign for that purpose, beginning with a bazaar in November. Reports of the officers show the chapter to be in fine condition.

Two Men Badly Hurt.

George Creekmore, a white stranger, was struck by a Norfolk and Western train this morning about 1 o'clock between Waverly and Wakefield. Both feet were crushed and his skull fractured. He was rushed to the Petersburg Hospital and attended by Dr. H. A. Burke, who found it necessary to amputate the feet.

Richard Green, colored, employed at the granite quarry in Dinwiddie, near the Central State Hospital, was brought in to the hospital last evening in a badly injured condition. It seems that while at work there was a break in the machinery and he was struck by a heavy piece of iron. His right leg was crushed.

Fined for Assault.

In the Police Court this morning B. F. Baugher was fined $25 and Robert Buckman was fined $10 for assault. These men are members of the Du Pont police force, and they were convicted of an unprovoked assault of Adjutant Charles Cuthbert, of the Salvation Army, who is one of the most peacefully disposed men in the community.

Trouble at Power Plant.

By reason of some slight trouble at the power plant of the Virginia Railway and Power Company this morning power and electric lights were cut off in the city and street car service was suspended for nearly two hours. The damage was repaired, however, and everything set right.

Pretty Home Wedding.

Last evening at the home of the bride, in West Washington Street, Miss Mary Augusta Thrift, daughter of Mr. and Mrs. John T. Thrift, was united in marriage to Thomas Francis Middleton, formerly of Philadelphia, now of this city. The ceremony was performed by Rev. F. W. Moore, of the Second Baptist Church, in the presence of relatives and friends. The parlors were beautifully decorated for the occasion. The bride wore a traveling gown of blue and carried Bride roses. Her sister, Miss Annie Thrift, attended as maid of honor, and the bridesmaids were Misses Maude and Louise Thrift, nieces of the bride.

News Notes of Interest.

Several alarms came in this morning from fire box No. 62, at the corner of Washington and Guarantee Streets. The box is being repaired, and the alarms were found to be due to the grounding of some of the wires.

Several thousand people—men, women and children—turned out last night to view the fire which destroyed Rogers Brothers' & Kevan's Trunk Factory. The building made a spectacular fire.

Two games of baseball will be played here on Saturday between the "Duplex" team, of the Capital City League, and the Chester team, of the Cockade City League.

The Farmers' Institute of Prince George County will be held at Disputanta on Saturday.

It is understood that the matter of a better passenger service on the City Point railway between Petersburg and Hopewell is to be brought before the State Corporation Commission at an early day. The Norfolk and Western Company has stated that at present it cannot put additional passenger trains on this road, and the Hopewell people are complaining that the present schedule is inadequate.

The annual convention of the Sunday School Association of Prince George County, held this week at Newville, was largely attended. Encouraging reports were received from the various schools and interesting addresses on Sunday-school work were delivered.

Russian Belts on New Tailormades

Advanced for fall in a tailleur of stove-polish broadcloth, trimmed with blue velvet.

Since the Russian garb has served as inspiration for many of the new American fashions, the belt plays a more or less prominent part in the make-up of these. Sometimes it extends all around the waist, but more frequently it is broken across the front and back to preserve the long lines.

An illustration of this type is composed of stove-polish broadcloth and indicates a double skirt open down the front to reveal the underskirt in panel effect. About the hips there is a narrow circular rever of mineral blue velvet, rather like an enlarged collar and giving a spring to the hip line without increasing the girth thereof.

DISCUSS CAR ROUTING

A mass-meeting of citizens of the East End interested in the question of street-car routing, which has been under discussion for some time, has been called for to-night at 8 o'clock in the auditorium of Chimborazo Public School. An especial invitation is extended by the committee to all male members of Broadus Memorial Baptist, Third Christian, St. John's Episcopal, St. Patrick's Catholic, Third Presbyterian and St. James Methodist Churches to attend, as it is believed that the question of routing of the car lines is of special interest to the members of these congregations.

SEABOARD AIR LINE SEEKS INJUNCTION

Would Restrain Corporation Commission From Putting New Tax Assessment Into Effect.

[Special to The Times-Dispatch.]

RALEIGH, N. C., September 2.—The Seaboard Air Line Railway Company has filed with Judge H. G. Connor, of the Eastern Carolina Federal Court, a petition for an injunction against the North Carolina Corporation Commission, restraining the commission from putting into effect the new tax assessment against the property of the Seaboard in this State in connection with the general quadrennial assessment. The allegation is made that the assessment is excesive to the extent that its application would amount to the taking of the property of the company without due process of law. The case will be heard by Judge Connor at a special sitting in this city on Tuesday.

The Corporation Commission has increased the assesment against the Seaboard 15 per cent, from $17,500,000 to $20,000,125.

Chairman Travis, of the commission, says the increase made on the Seaboard property is in somewhat greater proportion than that against other railroad properties in the State, for the reason that when the assessment was made four years ago it was made low purposely because the company had been out of the hands of receivers for a very short time. Now the affairs of the company are in such condition that they should, the commission thinks, be put on a more equal footing with the other railroads of the State.

NO WORD FROM NORFOLK

State Chairman Ellyson Has No Request for Meeting of State Committee.

Upon his return yesterday from Clarke and Culpeper Counties, Lieutenant-Governor J. Taylor Ellyson said that he had received no communication from Norfolk County Fusionists asking him to call a special meeting of the State Committee of which he is chairman, for the purpose of securing a ruling on the manner in which the judges of election at the senatorial primary on September 28 shall be named. The State chairman, however, said he expected to hear something about the situation in Norfolk County within a day of two.

The electoral board of Norfolk County has proceeded to name the judges over the protest of the Fusionists. One judge was appointed on the recommendation of the Straightouts; one recommended by the Fusionists, and the third by the board on its own motion. The Fusionists insist that the county committee should name the judges.
