CY YOUNG PUNTING WELL

MEN NOT OVERCONFIDENT. BUT ALL EXPECT VICTORY

Players Given Their Numbers for Saturday Battle Here—Will Arrive Early This Afternoon.

[Special to The Times-Dispatch.]

LEXINGTON, VA., November 16.—Running through signal practice for nearly an hour which was preceded by the practice of place kicks and punting by Captain "Cy" Young, the Generals this afternoon completed their preparation for the biggest game on its schedule in the South with Washington and Jefferson at Richmond Saturday. The jerseys with big black numerals on a team came out on the field wearing new white background, and every spectator at the game who has a program will have no trouble identifying the Generals.

Captain Young's kicking showed that he is in rare form, some of his punts going for more than seventy yards, and he is expected to display the best booting at Richmond that he has shown this year. One of his boots at Annapolis went for eighty yards.

Practically every member of the team is in good shape except Bethel, Cromwell and Moore. Bethel has a charley horse, and although his leg is still the big Richmond boy who has proved such a valuable asset to the Generals because of his ability to play any position in the line, will be used against Washington and Jefferson. Cromwell injured his ankle in the Bucknell game, and it is hardly probable that he will play, but Moore, whose elbow is still troubling him, will be used.

Tackles Johnson and Ignico, to whose overtackle charges the Generals owe much of the credit for their eight touchdowns against Bucknell, are in excellent condition, while Crile, who is considered the best line-plunger in the backfield, has now recovered sufficiently from his injured ankle to be used Saturday. Bryan Moore, mate at the guard places, is in good shape, and Pieretti, who is already slated for all-Southern center by many critics, is in condition to play his best game of the season.

Coach Crouch is undecided upon whether to start Easton or Sorrells at full. Both played well in the Bucknell game, and to-day it was a toss-up as to which one would be given the first call. Crile and Young are slated to start at the halves, while Larkin and Bethel will play tackle ends.

The Generals will leave Lexington to-morrow morning and arrive in Richmond early in the afternoon.

In Lexington the utmost confidence prevails that Washington and Lee will win the game by a handy score. Elcrock, however, is guarding against overconfidence among the players, who so far have not shown any signs of this malady.

METZGER'S PLAYERS ARE ALL DETERMINED TO WIN

Last Practice Snappy, and Shows Men Are in Good Condition—Selection of Team Left to Physician.

[Special to The Times-Dispatch.]

WASHINGTON, PA., November 16.—Washington and Jefferson's final workout of any consequence prior to the Washington and Lee game of Saturday was staged early this afternoon at College Field. The drill was light, and the players left late in the afternoon for Pittsburgh, en route to Richmond. Most of the men were on the field this afternoon, and the work-out, while not a severe one, was characterized by lots of snap and ginger.

The most encouraging feature of the W. & J. football situation now, following the defeat at the hands of Pitt, is the mental attitude of the players. While deploring the loss of the big game and somewhat chagrined at the size of the score made by Warner's men, the men are not depressed as players frequently are following the loss of an important engagement, and they are in condition, at least mentally, to jump right in and play their best game against Washington and Lee.

This attitude was reflected at a blackboard session of the squad at the college last night, when Coaches Metzger and Wagner gave the men an illustrated talk on the way in which to break up Washington and Lee's plays, and also the manner in which Metzger wants some new formations executed. Several members of the alumni advisory committee addressed the players, while Metzger made the men a long talk. He told the squad that the real test of a man was his ability to bear up under a reverse, and come back with the spirit of fight and start to carry war, apparently defeated. He told his men that he thought they could do this and wind up the season with a string of three victories over Washington and Lee, Chattanooga and Rutgers.

Fain was able to be out for practice, as were the other men hurt in the Pitt game, with the exception of Ruble. The Wheeling boy is expected however, to be able to take his place in the back field on Saturday. Nuss, too, is rapidly recovering while the line players are all in fairly good condition. Metzger started with eighteen men to practice, and did not announce his selections until after the team had left, but looked for players who

DARIO RESTA IS WINNER

Takes Vanderbilt Cup Event at Santa Monica With Record-Breaking Drive—Now Leads Aitken.

SANTA MONICA, CAL., November 16.—Smashing the fragments all previous records for the Vanderbilt cup race and also for the Santa Monica course, Dario Resta in Peugeot won the eleventh annual event yesterday. Resta's average of 89.84 miles an hour. The previous time for the 294-mile contest was set out on the same course in 1915 by Ralph de Palma who negotiated the distance at an average of 89.40 miles an hour.

By winning Resta gained 500 points in the American Automobile Association championship and took first prize, leaving Johnny Aitken who now has 3,440 points to Resta's 3,000. Aitken finished fifth in the race, coming in twentieth. Tenth place was taken by Earl Cooper, who Saturday was second or third throughout the race. Ira Vail finished second. William Weightman, millionaire chicago sportsman, drove his Duesenberg to third place. Weightman drove a consistent race throughout and was always near the top. Ford beat out Dallas for the fourth when the latter dropped out in the third-last lap.
