WEAKNESS CAUSED BY PNUEMONIA DISAPPEARS

Illinois Man Able to Do Steady Work Again.

Weston, Ill., Dec. 7.—C. Leslie Pritchard, R. F. D. No. 1, a young man who, after having pneumonia, failed to regain his strength, says, in speaking of his wonderful recovery:

C. LESLIE PRITCHARD.

"After having had pneumonia I did not gain in strength. I was advised to be out in the open air, but after two or three weeks did not feel any better. Nacor did much more than I expected any medicine could do. It cleared my lungs, gave me an appetite and I found myself rapidly gaining in strength. Before I had taken a bottle I was able to walk around and take plenty of exercise without wearing me out. After I had taken two bottles I was able to do some light work and in a short time, steady work. For overworked, run-down people I think nothing could be better for them than to take NACOR. I would be glad to tell any one all NACOR has done for me." (Signed) C. Leslie Pritchard, R. R. 1, Weston, Ill.

This young man is only one of hundreds of people who are testifying to the good effects obtained by the use of NACOR by those who are troubled with asthma, bronchitis, lung trouble, catarrh, impure blood and run-down system. If you are troubled with any of these conditions, write at once for the folder "Facts About NACOR." It is free. Mail the attached coupon.
