Other Officers for Ensuing Year Are Elected at Staunton Convention.

[Special to The Times-Dispatch.]

STAUNTON, VA., Dec. 1.—Officers for the coming year were elected today at the second day's session of the convention of the Virginia State Horticultural Society.

B. F. Moomaw, of Cloverdale, was made president; W. B. Massey, of Winchester, was re-elected secretary, and T. W. Woollen, of Crozet, was re-elected treasurer.

The following were elected directors: H. M. Hoge, of Lincoln, retiring president; T. N. Thompson, of Harrisonburg; Purcell McCue, of Greenwood; E. D. Sinzinger, of Roanoke; L. W. Wilson, of Staunton, and Dr. F. D. Fromme, of V. P. I.

Cedar Rust legislation, marketing and audit reports were submitted, and addresses were made by H. H. Larrick, of Winchester, and E. R. Price, of V. P. I.

The morning session closed with a round-table conference led by Dean H. J. Price, of Blacksburg. J. R. Hutchinson of Blacksburg, addressed the meeting during the afternoon, and a general discussion of merchandising apples was led by C. E. Bassett.

At 8 o'clock this evening a moving picture was shown, giving in detail the production, harvesting, packing and marketing of Western boxed apples.

If Virginia is to retain her place in the apple markets of the world, she will do it only if the growers throughout the State will market their best grades of fruit. This is the general opinion of the growers who are attending the convention.

The organization has a membership of nearly 800 fruit men, of which a large number are here for the convention, which will last through Thursday afternoon.

Reports were made by Mr. Hoge, president; William P. Massey, of Winchester, secretary, and T. W. Woollen, of Crozet, treasurer.

The financial condition of the society was reported sound with a balance of almost $3,000. In their reports which took the form of short talks the subject of marketing was touched upon. High ideals in packing fruit was stressed, and packers were urged to give this phase of the business particular attention.

[Special to The Times-Dispatch.]

DANVILLE, VA., Dec. 1.—The Virginia Tobacco Growers' Association launched its membership campaign today at a State meeting here, every tobacco-growing county being represented. Literature and instructions were given to the members.

The State has been divided into six districts, with an organizer in each one. O. R. Ogg, secretary of the association, will conduct the campaign which contemplates meetings in every schoolhouse in the Virginia tobacco-growing district within the next thirty days. Officials hope to have 75 per cent of the growers signed up by New Year's Day.

W. H. Glenn, president, and S. W. Cole, vice-president of the Lynchburg dark-growers' organization, attended today's meeting and expressed desire to become part of the national organization.

The State delegates today adopted the constitution and by-laws, with a few changes. Instead of making the one-third acreage reduction applicable to each member, individual adjustments may be made by each local, provided it, as a unit, shows the desired curtailment.
